## **Glossolalia Phenomenon:**

**The Glossolalia Phenomenon** Charles W. Conn,1966 It is abundantly evident that there is widespread and sincere interest in the baptism of the Holy Ghost with the accompanying manifestation of tongues in the world today It is equally evident that there is an urgent need for clarification so that those interested in the subject may know the viewpoint of a people that have embraced this teaching and experience for many years The Glossolalia Phenomenon is a book with multiple purposes The purposes are apparent in light of 1 the confusion surrounding the subject in this day 2 the evidence of increasing interest being shown in glossolalia and 3 the need for undistorted scriptural guidance to those who are new in the Pentecostal way This book contributes to a better understanding of this apostolic doctrine by establishing a reservoir of sound scriptural historical and empirical information on the subject of speaking in tongues Publisher description **The Holy Spirit** Donald G. Bloesch,2005-12-02 Donald G Bloesch s wide ranging and in depth reflection on the presence reality and ministry of the Holy Spirit serves as a landmark to those seeking a faithful theological understanding of the Holy Spirit

**The Impact of Bodily Experience on Paul's Resurrection Theology** Kai-Hsuan Chang,2021-09-23 Kai Hsuan Chang engages with the longstanding scholarly debate concerning the development of Paul s resurrection theology by investigating the correlation between his bodily experiences and his diverse articulations about resurrection Drawing on insights from cognitive linguistics Chang considers Paul s ideas about resurrection as fundamentally grounded in recurrent patterns of bodily experience arguing that such experience of some religious activities in Paul s time death rites spirit possession and baptism contributed to the formation and development of his resurrection theology Chang demonstrates that developments in Paul s ideas about bodily transformation at resurrection reflected in 1 Corinthians 15 resulted from a change in the experiential patterns on which his new idea is constructed rather than transformation during heavenly ascent as seen in Jewish traditions of resurrection He thus applies cognitive linguistic tools to two considerations first whether Paul had contextual reasons to generate his innovation in 1 Corinthians 15 and second whether Paul s innovation recurred or had continual effects in Christian groups In so doing Chang shows that Paul s innovation directly addressed a contextual issue of death rites in Corinth and exerted a continuing effect on Paul s later ideas of transformation spirit possession and baptism

*The Ultimate Evidence* Larry Vern Newman,2009-01-01 It is quite an assertion to claim that one is filled with the Spirit of God What does a person offer as proof that this is actually true Pentecostals at the turn of the twentieth century read the Bible debated the issue and then proposed an evidence they thought the scriptures indicated was the primary verification of Spirit baptism It was determined that the evidence to prove one had been baptized with the Holy Spirit was that the person had spoken in an unknown language as prompted by the Holy Spirit The primary evidence of Spirit baptism it was concluded was the expression of a charism It was charismatic In *The Ultimate Evidence* Larry Newman argues that the initial evidence doctrine as it stands is inadequate and needs to be revisited and adjusted Without discrediting or devaluing speaking in

tongues Newman points the reader to the ultimate evidence of Spirit baptism the more excellent way Gathering from historical cultural and biblical sources Dr Newman argues that the biblical evidential paradigm is ethical and issues forth from the agape of the Cross It is the ethical dimension of the Christian life that is primary In 1 Cor 13 1 Paul wrote If I speak in the tongues of men and of angels but have not love I am only a resounding gong or a clanging cymbal

**Speaking in Tongues: A Critical Historical Examination, Volume 2** Philip E. Blosser, Charles A. Sullivan, 2023-08-21 In three carefully researched volumes this ground breaking study examines the gift of tongues through two thousand years of church history Starting in the present and working back in time these volumes consider 1 the modern redefinition of tongues as a private prayer language 2 the church's perennial understanding of tongues as ordinary human languages and 3 the Corinthian tongues which in light of Jewish liturgical tradition turn out to have been a Semitic liturgical language requiring bilingual interpreters This second volume tracks the perception and practice of tongues back through the first eighteen hundred years of church history demonstrating that tongue speaking was always active but puzzlingly different from today's glossolalia From Pope Benedict XIV's detailed treatise in the 1700s it works back through long forgotten scholastic and patristic debates to the earliest Christian writers such as Irenaeus No other resource on the subject approaches the depth and scope of the present volume

**Regulations Concerning Tongues and Prophecy in 1 Corinthians 14.26-40** Elim Hiu, 2010-08-05 This is an examination of the background to the gift of tongues in the light of Old Testament prophecy In this book Hiu firstly examines the background to the gifts of tongues and prophecy with a comprehensive assessment of the historical evidence both primary and secondary finding that tongues is a uniquely Christian phenomenon Hiu then demonstrates that New Testament prophecy is best considered as a direct extension of Old Testament prophecy Hiu moves on to define and describe the functions of both tongues and prophecy in the New Testament which subsequently provides a clear base from which to seek a coherent understanding of the context and intent of Paul's regulations in 1 Cor 14 26 40 Attention is then focused on the socio religious context of the known New Testament churches to determine if these regulations are applicable in non Corinthian congregations This ties in with a wider debate in Pauline scholarship surrounding whether Paul's intent was for Corinthians to be only addressed to the church at Corinth or whether he intended it to have a secondary audience also Finally Hiu draws the conclusion that Paul's regulations in 1 Corinthians are aptly applicable in all known New Testament churches and that the Corinthian situation is not unique The natural inference is thereby that these regulations may be considered further in application to Christian churches in a contemporary setting

**BAPTISM AND FULLNESS OF THE HOLY SPIRIT** JENUS JUNIMEN, 2024-09-18 In contemporary Christianity there seems to be no common ground regarding the view of the baptism of the Holy Spirit between the two major streams of today namely the Pentecostal and the Reformed Protestant churches Both appear to be at odds making it seem almost impossible to find a meeting point in terms of both the concept and practice of the baptism of the Holy Spirit itself The Holy Spirit indeed works dynamically and actively in this New Testament era but is it wrong if the Holy Spirit works a little differently or more variably compared to the time of the Apostles in the first century as written in the New Testament Is it true that someone baptized with the Holy Spirit must be marked by speaking in tongues What are the characteristics of a person baptized with the Holy Spirit Does a person filled with the Holy Spirit have to speak in tongues Are the tongues in the book of Acts Chapter 2 about the day of Pentecost the same as in 1 Corinthians 12 and 14 Are tongues still present or have they ceased in today's times Is it permissible to speak in tongues during church services Are tongues meant only for private prayer or can they also be used in corporate worship Are manifestations of the Holy Spirit such as falling to the floor and body trembling wrong Can tongues be learned Is it appropriate to make speaking in tongues a requirement for someone to serve in the church Is speaking in tongues a sign of a person's spirituality What about the other gifts of the Holy Spirit This book aims to provide a proper understanding of the baptism of the Holy Spirit offering clear explanations regarding the baptism of the Spirit speaking in tongues and other dynamic works of the Holy Spirit in today's era This book will inevitably present differences that might raise some debates However the goal is not to show which stream is right or wrong but to enrich our perspectives on the baptism of the Holy Spirit itself

**The Holiness-Pentecostal Tradition** Vinson Synan, 1997-08-25 Called a pioneer contribution by Church History when it was first published in 1971 this volume has now been revised and enlarged by Vinson Synan to account for the incredible changes that have occurred in the church world in the last 25 years

Smith, Ph.D., *Strangers to Fire* Robert Graves, 2016-11-01 This is an anthology of 35 essays edited by Robert W Graves President of The Foundation for Pentecostal Scholarship written by 26 authors of the Pentecostal Charismatic and Third Wave movements or non cessationists of traditional denominations responding to John F MacArthur's Strange Fire or cessationism and the abuse of the charismata in general Foreword by J Lee Grady Authors include Wayne Grudem Jack Deere Craig Keener Jon Ruthven Sam Storms Doug Oss Mel Robeck Paul Elbert Randy Clark Robert Menzies J P Moreland Gary Greig Mark Rutland Gary Shogren William De Arteaga William K Kay and Melvin Hodges

**TONGUES VOLUME 1: CONFUSED BY ECSTASY** David A Swincer, 2013-12-21 The focus of this study is upon ecstasy as the confusing antecedent of Corinthian glossolalia Most commentators accept ecstasy as the most significant characteristic of the Corinthian Christian glossolalic phenomenon This assumption is questioned in this research because it needs to be clarified It is contended that

ecstasy is the confusing element because it was characteristic of the contemporary Corinthian mystery religious practice and that that background was carried into the Corinthian church thus colouring Paul's treatment of the subject. It is not to be seen as an essential element of glossolalia. Most commentators agree that the glossolalic phenomenon in the Acts is different from that at Corinth. What then is a valid charismatic glossolalia? It is contended that the Acts draws attention to the only authentic cases and they are three of glossolalia in the Bible. The book of First Corinthians gives a corrective to an abuse with no clear authentication of a gift. Paul gives guidelines necessitated by the background of religious ecstasy. Hence instead of proposing ground rules for a valid spiritual expression it becomes apparent that First Corinthians is giving a restrained corrective against an abuse of contemporary culture that masqueraded as an authentic Christian experience. It is ecstasy that is the confusing element to this picture. It should be added that the Acts experiences speak of valid one stage linguistic phenomena whilst the gift to the church in 1 Corinthians is clearly a two stage phenomenon. Bergsma reflecting on the repetitious and almost daily insignificant revelations of modern glossolalists believes that they are misguided or presumptuous. It is like the Himalayan Mountain in obstetrical labour and producing a mouse. The preoccupation and emphasis is out of all proportion to the minimal benefits derived and indeed the mischief it generates. The overall significance of the study is to provide a basis for authenticating a valid glossolalic expression and all this comes from the foundation of the test case in Corinth which in turn is dependent upon an understanding of ecstasy in the antecedent Mystery Religions of Corinthian contemporary society. Dr Clifford Wilson himself a prolific author urged 'Whatever else happens you must publish the historic material there are very few people who have any idea of the true background of glossolalia within their denominations'.

Interpreting Paul Luke Timothy Johnson, 2021-05-20. For me Paul has always been the most difficult and therefore also most delightful advocate and interpreter of the Lord Jesus Christ and of the human experience of God's transforming power through Christ. In Paul's letters above all I have found the quality of mind and the depth of conviction that could arouse in me both excitement and passion. And it is Paul's letters above all that show how important and difficult is life together in the church from the preface. With the contextual framework in place from volume one of *The Canonical Paul* Luke Timothy Johnson now probes each of the thirteen biblical letters traditionally attributed to the apostle Paul in a way that balances respect for historical integrity with attention to present day realities. In doing so Johnson reforges the connection between biblical studies and the life of the church seeking to establish once again the foundational and generative role that the thirteen letters of Paul have had among Christians for centuries. Far from being a definitive theology of Paul or an oversimplified synthesis *Interpreting Paul* provides glimpses into various moments of Paul's thinking and teaching that we find in Scripture modeling how one might read his letters closely for fresh creative interpretations now and into the future. Approached in this way both in minute detail and as a whole canon Paul's letters yield rich insights and his voice becomes accessible to all readers of the Bible.

**Speaking in Tongues** Gerald Hovenden, 2002-12-31. The

phenomenon of Speaking in Tongues is examined in its religious historical context. Part 1 considers recent scholarly studies of inspired speech in the ancient world where parallels have been alleged with the early Christian experience as recorded in the New Testament. In Part 2 both the Lucan and Pauline references to tongues are considered in detail with a view to discerning the significance of the phenomenon for the church in its mission and worship. In the light of this practical implications are drawn for the church in the 21st century.

*Initial Evidence* Gary B. McGee, 2008-01-01 This is a superb collection of articles on the central issue of Pentecostalism speaking in tongues as the initial evidence for the baptism in the Holy Spirit. The articles written by both Pentecostals and non-Pentecostals are historically informative, scholarly, irenic in spirit, ecumenical in treatment and wide ranging in interest. Here is an opportunity for both Pentecostals and non-Pentecostals to become better informed about Pentecostalism. While offering a solid defense of traditional Pentecostalism, the book also offers candid assessments that take a different view. This book should become a must for those who want to understand both historic and present-day Pentecostalism.

Gordon D. Fee, Professor Emeritus of New Testament, Regent College. The most complete and scholarly analytical treatment of glossolalia as initial evidence of the baptism in the Holy Spirit that has yet appeared. Both the historical and theological sections support and challenge the distinctive Pentecostal teaching on the subject of tongues.

Vinson Synan, Former Chairman, North American Renewal Service Committee. A remarkably diverse collection of essays that thoughtfully probe the distinctive which has come to characterize the Pentecostal Movement, namely speaking in an unknown tongue. Irenic in tone, the volume is a must for scholars, pastors, and lay persons of all theological perspectives who desire to enter into dialogue in this area of debate.

D. William Faupel, Professor of the History of Christianity, Wesley Theological Seminary. *Initial Evidence* edited by Gary McGee is a substantive contribution to the study of American Pentecostalism. The historical overviews in it are of tremendous value, particularly for newcomers to Pentecostalism who may lack a historical grounding in the movement. Exegetical essays such as that by Donald Johns will challenge readers who are comfortable with current hermeneutical models to rethink the biblical text, and it offers great promise for more contributions to Pentecostal exegesis.

Howard M. Ervin, Professor Emeritus of Old Testament, Graduate School of Theology, Oral Roberts University.

**Theology and Migration** Il-sup Ahn, 2019-08-26 In an age of global migration, how should Christian theologians and church leaders respond to its various challenges and problems? What is a fundamental theological framework with which we are to engage in them? In this volume, Il-sup Ahn attempts to answer these questions by presenting a Trinitarian theology of migration. In doing so, he first provides an overview of recent theological works on migration by introducing their key theological insights. A Trinitarian theology of migration becomes possible as we begin to see that the three Sacred Persons, the Son, the Father, and the Holy Spirit, are distinctively yet intrinsically involved with the phenomenon of human migration within God's grand vision of liberation and redemption. From a Trinitarian theological perspective, in all stages of human migration, from taking leave to getting integrated, migrants and citizens are called to join in God's liberative and redemptive
