Bentley Layton

Gnostic Scriptures A New Translation With Annotations And Introductions

Rodolphe Kasser, Gregor Wurst

Gnostic Scriptures A New Translation With Annotations And Introductions:

The Gnostic Scriptures Bentley Layton,1987 Bentley Layton's *The Gnostic Scriptures* is the one indispensable book for the understanding of Gnosis and Gnosticism. No other translations are within light years of Layton's in eloquence, pathos and accuracy while no other commentaries match his as an introduction to this perpetually relevant religious stance. Layton is particularly brilliant in his appreciation of Valentinus, the central Gnostic visionary whose Gospel of Truth is marvelously served in this translation. Harold Bloom: This volume which presents nearly all the relevant texts in a new English translation is to be warmly welcomed. One particularly valuable feature is that Layton has included translations of all the relevant sections from patristic sources to place alongside the Gnostic texts themselves. As well as translating the texts, Layton has also given extended introductions to the various writings dealing with different facets of Gnostic studies and placing the texts in their possible historical contexts. The result is an extremely useful resource for studying these Gnostic writings. Kings

Theological Review **The Gnostic Scriptures** Bentley Layton,1987-01 *Essential Gnostic Scriptures* Marvin Meyer,Willis Barnstone,2011-11-22 The people we've come to call gnostics were passionate advocates of the view that salvation comes through knowledge and personal experience and their passion shines through in the remarkable body of writings they produced over a period of more than a millennium and a half. Willis Barnstone and Marvin Meyer have created a translation that brings the gnostic voices to us from across the centuries with remarkable power and beauty, beginning with texts from the earliest years of Christianity including material from the Nag Hammadi library and continuing all the way up to expressions of gnostic wisdom found within Islam and in the Cathar movement of the Middle Ages. The twenty-one texts included here serve as a compact introduction to Gnosticism and its principal ideas and they also provide an entrance to the pleasures of gnostic literature in general, representing as they do the greatest masterpieces of that tradition. *An Introduction to the New Testament and the Origins of Christianity* Delbert Burkett,2002-07-10 Publisher Description

Introduction to the New Testament Helmut Koester,1995 **Orthodoxy and Heresy in Early Christian Contexts** Paul A. Hartog,2015-01-30 Eighty years ago Walter Bauer promulgated a bold and provocative thesis about early Christianity. He argued that many forms of Christianity started the race but one competitor pushed aside the others until this powerful orthodox version won the day. The victors re-wrote history, marginalizing all other perspectives and silencing their voices even though the alternatives possessed equal right to the title of normative Christianity. Bauer's influence still casts a long shadow on early Christian scholarship. Were heretical movements the original forms of Christianity? Did the heretics outnumber the orthodox? Did orthodox heresiologists accurately portray their opponents? And more fundamentally, how can one make any objective distinction between heresy and orthodoxy? Is such labeling merely the product of socially situated power? Did numerous valid forms of Christianity exist without any validating norms of Christianity? This collection of essays, each written by a relevant authority, tackles such questions with scholarly acumen and careful attention to historical, cultural, geographical

and socio rhetorical detail Although recognizing the importance of Bauer s critical insights innovative methodologies and fruitful suggestions the contributors expose numerous claims of the Bauer thesis in both original and recent manifestations that fall short of the historical evidence With contributions from Rodney Decker Carl Smith William Varner Rex Butler Bryan Litfin Brian Shelton David Alexander Edward Smither Glen Thompson *The Gospel According to Philip* Martha Turner,2020-10-26 Study of the Gospel according to Philip an important gnostic Christian text has been hampered by unresolved questions about the unity genre and sectarian contexts of the work This book argues that terms of self designation use of controversial vocabulary style hermeneutic strategies and theological commitments together present persuasive evidence of derivation from multiple sectarian milieux The document s organizing principles are found to be in accord with the excerpting and collection practices of Late Antiquity The coherence of the text lies in its compiler s distinctive interests and choices not in the uniformity of its materials The persuasive case made by this book will help to advance research on this significant document of early Christianity *The Gnostic World* Garry W. Trompf,Gunner B. Mikkelsen,Jay Johnston,2018-10-03 The Gnostic World is an outstanding guide to Gnosticism written by a distinguished international team of experts to explore Gnostic movements from the distant past until today These themes are examined across sixty seven chapters in a variety of contexts from the ancient pre Christian to the contemporary The volume considers the intersection of Gnosticism with Jewish Christian Islamic and Indic practices and beliefs and also with new religious movements such as Theosophy Scientology Western Sufism and the Nation of Islam This comprehensive handbook will be an invaluable resource for religious studies students scholars and researchers of Gnostic doctrine and history **The History of Evil in Antiquity** Tom Angier,Chad Meister,Charles Taliaferro,2018-06-14 This first volume of The History of Evil covers Graeco Roman Indian Near Eastern and Eastern philosophy and religion from 2000 BCE to 450 CE This book charts the foundations of the history of evil among the major philosophical traditions and world religions beginning with the oldest recorded traditions the Vedas and Upani ads Confucianism and Daoism and Buddhism and continuing through Graeco Roman and Judaeo Christian schools of thought This cutting edge treatment of the history of evil at its crucial and determinative inception will appeal to those with particular interests in the ancient period and early theories and ideas of evil and good as well as those seeking an understanding of how later philosophical and religious developments were conditioned and shaped

A Voyage Around the Second Letter of Peter Terrance Callan,2020-03-17 A collection of twelve previously published academic essays on the Second Letter of Peter The essays illuminate selected features of this somewhat mysterious and rather neglected part of the New Testament They invite further exploration of these features and of others not yet illuminated **History, Culture, and Religion of the Hellenistic Age** Helmut Koester,2012-10-25 While the first American edition of this book published more than a decade ago was a revised translation of the German book *Einf hrung in das Neue Testament* this second edition of the first volume of the Introduction to the New Testament is no longer dependent

upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into the many complex aspects of the political cultural and religious developments that characterized the world in which early Christianity arose and by which the New Testament and other early Christian writings were shaped

Gnostic Religion in Antiquity R. van den Broek, 2013-01-24 An examination of Gnostic religion in Late Antiquity within its historical and religious context using Greek Latin and Coptic sources *The Divine Father* Felix Albrecht, Reinhard Feldmeier, 2014-02-06 The present volume is devoted to the theme of Divine Father in Second Temple Jewish and early Christian tradition and in its ancient pagan contexts It brings together proceedings of a conference under the same title held in G ttingen in September 2011 Selected articles by well known scholars focus on religious and philosophical concepts of divine parenthood in antiquity from the Hebrew Bible and Second Temple Judaism the Dead Sea Scrolls Targums Philo and Josephus to the field of the New Testament In addition the volume deals with the designation of deity as father or mother from the broad spectrum of ancient Egypt and classical antiquity Homer Hesiod Plato and its reception to late antiquity Plotinus and Porphyry **Augustus to Constantine** Robert McQueen Grant, 2004-01-01 This masterful study of the early centuries of Christianity vividly brings to life the religious political and cultural developments through which the faith that began as a sect within Judaism became finally the religion of the Roman empire First published in 1970 Grant s classic is enhanced with a new foreword by Margaret M Mitchell which assesses its importance and puts the reader in touch with the advances of current research **Lacan and the Biblical Ethics of Psychoanalysis** Itzhak Benyamini, 2023-12-08 In this fascinating and ground breaking book Itzhak Benyamini uses discourse analysis to lay out the way Lacan constructed his own intellectual discourse informed by Judeo Christianity Offering an understanding of Lacan s emergence and intellectual struggles with significant contemporary intellectuals the author builds a panoramic view of the entire psychoanalytic discourse at the time of the foundational post Freudian generation By engaging in close reading of texts and seminars given by Lacan between the 1930s and 50s Benyamini uncovers the coming into being of Lacan s key concepts The Mirror Stage the Imaginary the Real the Symbolic the Name of the Father the Other jouissance and das Ding The author argues that Lacan wished to regulate this process of conceptualization by connecting the concepts of the Father and the Other with themes from the Judeo Christian tradition especially the Biblical one to create a clinical ethic that does not reflect a worldview or ideology and is guided solely by the analyzing s unconscious desire **Gospel of Thomas Annotated & Explained** , 2002 The recently discovered mystical sayings of Jesus with facing page commentary that brings the text to life for you The Gospel of Thomas really is I believe the clearest guide we have to the vision of the world s supreme mystical revolutionary the teacher known as Jesus To those who learn to unpack its sometimes cryptic sayings the Gospel of Thomas offers a naked and dazzlingly subversive representation of Jesus defining and most radical discovery that the living Kingdom of God burns in us and surrounds us at all moments from the Foreword by Andrew Harvey This ancient text can become a companion for your

own spiritual journey In 1945 twelve ancient books were found inside a sealed jar at the base of an Egyptian cliff One of those texts was the Gospel of Thomas one of the most important religious archaeological discoveries of the twentieth century While illuminating the origins of Christianity it raises the question whether the New Testament's version of Jesus teachings is entirely accurate and complete Written at the same time as the canonical Gospels the Gospel of Thomas portrays Jesus as a wisdom loving sage The aphoristic sayings emphasize the value of the present teaching that the Kingdom of God is here and now rather than a future promise or future threat It presents a new way of looking at the challenging and intriguing figure of Jesus and reminds us that the Divine can be found right here on earth Now you can experience the Gospel of Thomas with understanding even if you have no previous knowledge of early Christian history or thought This SkyLight Illuminations edition offers insightful yet unobtrusive commentary that explains references and philosophical terms shares the inspiring interpretations of famous spiritual teachers and gives you deeper understanding of Thomas's innovative message that self knowledge and contemplation of the nature of this world are the keys to the Kingdom of Heaven *Jesus, Resurrected* Roger S. Busse, 2017-01-30 How would ancients particularly Jesus enemies have understood what he was doing in his exorcisms the mechanisms the techniques and the outcomes And why would anyone have risked associating with a man thought possessed by Beelzebul and engaged in illegal shadowy even disreputable activity The result is an engaging and enlightening read of the Jesus tradition in its contemporary setting that is sure to surprise and perhaps even delight the reader whose mind is open to new ideas and able to handle the subtleties of cross cultural exploration Why was Jesus labeled a dark magician an evildoer Why did he use illegal practices to expel demons Why was he crucified and not stoned stabbed or beheaded like other Roman antagonists such as John the Baptist Why was his body entombed in stone and not thrown into the city dump Most important why would anyone accept the perilous risk of admitting to have seen this condemned dark magician after crucifixion and then proclaim him master Roger Busse a forty year veteran of risk analysis and graduate of Harvard Divinity School carefully analyzes these questions and the post crucifixion encounters with Jesus in their contemporary setting recovering nine highly reliable encounters *The Gospel of Judas ; Together with the Letter of Peter to Philip, James, and a Book of Allogenes from Codex Tchacos* Rodolphe Kasser, Gregor Wurst, 2007 Sheds new light on the ancient world and the beginnings of Christianity Featuring full color photographs of the original papyrus pages alongside the Coptic text and its English translation this book provides a mystical gnostic picture of Jesus from publisher description

The Birth of the Trinity Matthew W. Bates, 2015 How and when did Jesus and the Spirit come to be regarded as fully God The Birth of the Trinity offers a new historical approach by exploring the way in which first and second century Christians read the Old Testament in order to differentiate the one God as multiple persons The earliest Christians felt they could metaphorically overhear divine conversations between Father Son and Spirit when reading the Old Testament When these snatches of dialogue are connected and joined they form a narrative about the unfolding interior divine life as understood by

the nascent church What emerges is not a static portrait of the triune God but a developing story of divine persons enacting mutual esteem voiced praise collaborative strategy and self sacrificial love The presence of divine dialogue in the New Testament and early Christian literature shows that contrary to the claims of James Dunn and Bart Ehrman among others the earliest Christology was the highest Christology as Jesus was identified as a divine person through Old Testament interpretation

The Gospel of Philip Annotated & Explained ,2005 This ancient Gnostic text can be a companion for your own spiritual quest The Gospel of Philip is one of the most exciting and accessible of the Gnostic texts found at Nag Hammadi in Egypt in 1945 The source of Dan Brown s intriguing speculations about Mary Magdalene in his best selling novel The Da Vinci Code the Gospel of Philip draws on ancient imagery the natural world the relationships between women men and family the ancient distinctions between lord and servants free people and slaves and pagans Jews and Christians to offer us insight into the spiritual interpretation of scripture that is at the foundation of Christianity The Gospel of Philip Annotated and Explained unravels the discourses parables and sayings of this second century text to explore a spiritual non literal interpretation of the Bible Along with his elegant and accurate new translation from the original Coptic Andrew Phillip Smith probes the symbolism and metaphors at the heart of the Gospel of Philip to reveal otherwise unrecorded sayings of Jesus fragments of Gnostic mythology and parallels to the teachings of Jesus and Paul He also examines the joyful imagery of rebirth salvation and mystical union in the bridal chamber that was the pursuit of Christian Gnosticism Now you can experience this ancient Gospel even if you have no previous knowledge of early Christianity or Gnostic thought This SkyLight Illuminations edition provides important insights into the historical context and major themes of the Gospel of Philip and gives you a deeper understanding of the Gospel s overarching message deciphering our own meaning behind the symbols of this world increases and enriches our understanding of God

As recognized, adventure as without difficulty as experience roughly lesson, amusement, as competently as union can be gotten by just checking out a book **Gnostic Scriptures A New Translation With Annotations And Introductions** after that it is not directly done, you could take even more just about this life, with reference to the world.

We come up with the money for you this proper as with ease as easy showing off to acquire those all. We present Gnostic Scriptures A New Translation With Annotations And Introductions and numerous book collections from fictions to scientific research in any way. along with them is this Gnostic Scriptures A New Translation With Annotations And Introductions that can be your partner.
