Gnosticism In Corinth An Investigation Of The Letters To The Corinthians:

Gnosticism in Corinth Walter Schmithals, 1971 Who were the actual opponents of Paul in Corinth Schmithals argues that their heretical theology was a genuine Christian Gnosticism which originated in Palestine He bases his thesis on his careful literary analysis of I indeed he must show he has them more than you all 1 Cor 14 18 in abundance 2 Cor 12 1 7 Schmithals however holds that he depreciates them as expressions of individual or personal religion fundamentally different in character from his Damascus revelation of no value to the community as a whole Thus in 2 Cor 12 1 10 he is unwillingly pressed to meet his opponents on their own ground foolishly boasting of an abundance of visions revelations J D Tabor edited less

The Corinthian Dissenters and the Stoics Albert V. Garcilazo, 2007 This book focuses on the controversy recorded in 1 Corinthians 15 regarding the denial of the resurrection of the dead Many attempts and proposals have been made to understand the background of Paul's opponents By focusing on the possible impact of Stoicism Albert V Garcilazo argues that the internal evidence of the letter indicates that some of the Corinthians had adopted a realized eschatology as well as an antisomatic view of the resurrection which in turn prompted them to reject the future resurrection of the dead Garcilazo suggests that the higher status members of the congregation were influenced by the cosmological anthropological and ethical teachings of the Stoa especially the tenets of the Roman Stoics He demonstrates this possibility by first considering the similarities between the doctrines of the Corinthian dissenters and the teachings of the Stoic philosophers particularly the teachings of Seneca Following a brief overview of Stoicism the author concentrates on some of the theological issues revealed in the letter and examines how other scholars have interpreted 1 Corinthians 15 Finally he provides a detailed analysis of 1 Corinthians 15 12 49 In short Garcilazo argues that the philosophy of the Stoics seemingly contributed to the resurrection controversy recorded in 1 Corinthians 15

A Theology of Paul and His Letters Douglas J. Moo, 2021-10-26 A landmark study of the apostle's writings by one of the world's leading Pauline scholars Winner of the 2022 ECPA Christian Book Award for Bible Reference Works This highly anticipated volume gives pastors scholars and all serious students of the New Testament exactly what they need for in depth study and engagement with one of Christian history's most formative thinkers and writers A Theology of Paul and His Letters is a landmark study of the apostle's writings by one of the world's leading Pauline scholars Douglas J Moo Fifteen years in the making this groundbreaking work is organized into three major sections Part 1 provides an overview of the issues involved in doing biblical theology in general and a Pauline theology in particular Here Moo also sets out the methodological issues formative influences and conceptual categories of Paul's thought Part 2 moves on to Paul's New Testament writings where Moo describes each Pauline letter with particular relevance to its theology Part 3 offers a masterful synthesis of Paul's theology under the overarching theme of the gift of the new realm in Christ Engaging insightful and wise this substantive evangelical treatment of Paul's theology offers extensive engagement with the latest Pauline scholarship without sacrificing its readability This volume brings insights from over thirty years of

experience studying teaching and writing about Paul into one comprehensive guide that will serve readers as a go to resource for decades to come ABOUT THE SERIES The Biblical Theology of the New Testament BTNT series provides upper college and seminary level textbooks for students of New Testament theology interpretation and exegesis Pastors and discerning theology readers alike will also benefit from this series Written at the highest level of academic excellence by recognized experts in the field the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament including introductory issues and major themes but also shows how each book relates to the broad picture of New Testament Theology Corinthian Wisdom, Stoic Philosophy, and the Ancient Economy Timothy A.

Brookins,2014-07-28 This work re examines the divisive wisdom that Paul addresses in 1 Corinthians Challenging the recent consensus that the Corinthians wisdom was rooted primarily in the Greco Roman rhetorical tradition Timothy A Brookins offers a revisionary thesis centered on discourse similarities between the perspective of the Corinthian wise and the Stoic system of thought Brookins argues that several members of the church after hearing Paul s initial gospel message construed that message in terms of Stoic philosophy and began promoting a kind of Stoic Christian perspective that helped to precipitate divisions in the church Being apprised of their views Paul then exploited the Stoic discourse of his opponents in order to sustain common discursive ground In addition to providing a fresh synthesis of the data in 1 Corinthians Brookins brings in cutting edge research on the ancient economy as he explores questions related to philosophical education and social status within the church community **Paul and Gnosis** Stanley E. Porter,David Yoon,2016-04-26 This collection of essays the ninth volume in Brill s Pauline Studies series features Paul and his relationship to knowledge Gnosis the Greek word generally translated as knowledge is broadly interpreted and the essays contained in this volume revolve around both a more general notion of knowledge in relation to Paul and more specific references to Gnosticism Several of these essays discuss Paul s use of knowledge words Paul s knowledge and understanding of key themes and ideas in his writings Paul s interpreters in light of gnostics like Valentinus and Marcion and Gnosticism in light of Paul s letters This collection of essays exposes the reader to crucial topics regarding Paul and Gnosis that are not readily addressed elsewhere *Reconstructing the Historical Background of Paul's Rhetoric in the Letter to the Colossians* Adam Copenhaver,2018-01-25 In approaching the debate surrounding the opponents in Colossians from a methodological standpoint Copenhaver contends that Paul was not actually confronting active opponents when he wrote the letter Rather Copenhaver takes the view that Paul s letter was written to the churches in the Lycus Valley in a desire to develop their identity as a new people in Christ and to appeal to them to live a new kind of life His warnings in Colossians 2 function as oppositional rhetoric contrasting the religious practices of the Lycus Valley with this new belief Paul s warnings are therefore broadly representative of the ancient world while at the same time focused especially on two threads of historical referents Judaism and pagan religions Development of the above argument demonstrates that the challenge of reconstructing a singular opponent arises not only from the

limitations of textual and historical evidence but also from the assumptions and methodologies inherent in historical approaches to the text By modifying these assumptions and adjusting the methodology Copenhagen can show how Paul's letter takes on a new relationship to its historical context

The Letters and Legacy of Paul Margaret Aymer, Cynthia Briggs Kittredge, David A. Sanchez, 2016-10-10 This commentary on the letters and legacy of Paul excerpted from the Fortress Commentary on the Bible The New Testament engages students in the work of biblical interpretation Contributors connect historical critical analysis with sensitivity to current theological cultural and interpretive issues Each chapter Romans through Philemon includes an introduction and commentary based on three lenses ancient context the interpretative tradition and contemporary questions and challenges The Letters and Legacy of Paul introduces fresh perspectives and draws students preachers and interested readers into the challenging work of interpretation

1 Corinthians Dan Nighswander, 2017-10-10 Christians in the bustling diverse city of Corinth in 50 BCE quarreled about how to be faithful to Jesus In Paul's first letter to the Corinthians he calls the small band of new believers to unity and cautions against factionalism themes that pastor Dan Nighswander unpacks for contemporary readers in this thirty second volume in the Believers Church Bible Commentary series Any Christians who experience division over loyalty to different leaders who find it hard to agree on sexual ethics or to live up to them and who feel tension between their theological convictions and social context will find common ground with believers in Corinth Home of the exalted love chapter which roots all Christian action in the greatest gift 1 Corinthians equips those who follow Jesus to craft true community with other believers differences notwithstanding With keen theological biblical and pastoral insight Nighswander illuminates for readers the apostle Paul's challenge to the Corinthian church and calls Christians today to unity through the reconciling work of Christ Free downloadable study guide available here

An End to Enmity L. L. Welborn, 2011-10-27 An End to Enmity casts light upon the shadowy figure of the wrongdoer of Second Corinthians by exploring the social and rhetorical conventions that governed friendship enmity and reconciliation in

the Greco Roman world The book puts forward a novel hypothesis regarding the identity of the wrongdoer and the nature of his offence against Paul Drawing upon the prosopographic data of Paul s Corinthian epistles and the epigraphic and archaeological record of Roman Corinth the author shapes a robust image of the kind of individual who did Paul wrong and caused pain to both Paul and the Corinthians The concluding chapter reconstructs the history of Paul s relationship with an influential convert to Christianity at Corinth *The First Epistle to the Corinthians* Anthony C. Thiselton,2000 A new examination of a classic Christian text begins with the Greek text of the Corinthians and outlines the most important theological ethical and socio historical issues surrounding this seminal book *The Power of the Cross* Graham Tomlin,2007-03-01 In a postmodern world the church cannot escape the question of power The contemporary critique of the church suggests that it reigned for so long in Western society not because it was more true than its rivals but because it was more powerful Is the Christian claim to truth merely a veiled bid for power Has not the church regularly abused its power during the years of Christendom Does Christian theology have the resources to answer these charges This book argues that it does in the quiet but recurrent theme of the theology of the cross It explores the origins and contours of this kind of theology in three of its major exponents St Paul Martin Luther and Blaise Pascal showing how each of them turned to a theology of the cross to combat the abuse of power within the church It concludes by considering how such theology might do the same in the postmodern context Of interest to anyone concerned with the role of the church in a postmodern world or in the theology of the cross itself this book explores vital themes for the church s life and thought both today and in the future *Baptism on Account of the Dead (1 Cor 15:29)* Michael F. Hull,2005 This volume reviews and critiques the over forty different interpretations of 1 Cor 15 29 then examines the verse anew in terms of its literary historical and theological contexts within the writings of Paul **Paul, Apostle to the Nations** Walter F. Taylor,2012 Who was Paul what did he do what did he write Walter F Taylor sets out to bring together a wealth of contemporary perspectives in a clear and accessible synthesis bringing to bear on his subject the best of recent social scientific and cultural anthropological thinking on Paul An appendix presents a clear summary of issues related to Pauls thought on gender and sexuality **Polarity and Change in 1 Corinthians 15** Jeffrey R. Asher,2000 Jeffrey R Asher examines the themes of polarity and change in Paul s argument in 1 Corinthians 15 35 57 He demonstrates that Paul uses a didactic method of argumentation to demonstrate to some of the Corinthians that there will be a resurrection of the dead Given the nature of Paul s argument it is quite likely that certain members of the Corinthian church denied the doctrine of the resurrection of the dead because they believed that it is impossible for a terrestrial body to be raised to the celestial realm In addition they considered the two cosmic realms to constitute a polarity Using a didactic method of accommodation in verses 35 49 Paul demonstrates to these Corinthian intellectuals that the doctrine of the resurrection complies with the polarity that exists between the celestial and terrestrial realms In verses 50 57 he corrects their false conclusion regarding the resurrection by showing that the body will be changed to conform with the strictures of

heavenly existence *Interpolations in the Pauline Letters* William Walker, Jr., 2002-02-01 In this fundamental and at times provocative study Walker demonstrates that Paul's letters contain later non Pauline additions or interpolations and that such interpolations can sometimes be identified with relative confidence He begins by establishing that interpolations are to be assumed simply on a priori grounds that direct text critical evidence is not essential for their recognition that the burden of proof in their identification is lighter than most have assumed and that specific evidence for interpolation is often available Successive chapters then argue that 1 Cor 11 3 16 1 Cor 2 6 16 1 Cor 12 31b 14 1a and Rom 1 18 2 29 are in fact non Pauline interpolations and Walker goes on to summarize arguments for the same conclusion regarding five additional passages A brief epilogue addresses the question of interpolations and the canonical authority of scripture The Figure of Adam in Romans 5 and 1 Corinthians 15 Felipe d Jesus Legarreta-Castillo, 2014-02-01 Felipe Legarreta gives careful attention to patterns of exegesis in Second Temple Judaism and identifies for the first time a number of motifs by which Jews drew ethical implications from the story of Adam and his expulsion from Eden He then demonstrates that throughout the Christological passages in Romans and 1 Corinthians Paul is taking part in a wider Jewish exegetical and ethical discussion regarding life in the new creation The Message of Paul the Apostle within Second Temple Judaism František Abel, 2019-11-11 Noting that a traditional understanding of Paul as convert from Judaism has fueled false and often dangerous stereotypes of Judaism and that the so called new perspective on Paul has not completely escaped these stereotypes František Abel has gathered leading international scholars to test the hypotheses of the more recent Paul within Judaism movement Though hardly monolithic in their approach these scholars' explorations of specific topics concerning Second Temple Judaism and Paul's message and theology allow a more contextually nuanced understanding of the apostle's thought one free from particular biases rooted in unacknowledged ideologies and traditional interpretations transmitted by particular church traditions Contributors include František Abel Michael Bachmann Daniel Boyarin William S Campbell Kathy Ehrensperger Paula Fredriksen Jörg Frey Joshua Garroway Karl Wilhelm Niebuhr Isaac W Oliver Shayna Sheinfeld and J Brian Tucker Lo, I Tell You a Mystery David A. Ackerman, 2006-02-01 The divine mystery as interpreted by Paul offers transformation The believer who identifies with the death and resurrection of Christ by putting to death the old way of life Rom 6 5 11 Gal 2 20 enters into a new sphere of influence characterized by intimate fellowship with Christ One who is in this sphere is free from the snare of Adam and the world and is no longer bound by the power of sin and death The divine mystery also offers a new source of power by the indwelling Holy Spirit The Spirit brings gifts to those in Christ that enable them to function as community The highest and most significant of these is love which brings diversity together into unity The indicative is that the Spirit graces believers with love The imperative is that they should follow after the example of Paul and hence Christ in loving others The divine Spirit is described as holy and makes holiness possible for those in Christ The indicative is that fellowship with Christ is possible because of redemption The imperative is that Christ demands loyalty

which cannot be shared with any other particularly with prostitutes who represent the ways of the world or idols that open doors for demons from the Conclusion **Fortress Commentary on the Bible** Margaret Aymer, Cynthia Briggs Kittredge, David A. Sánchez, 2014-10-01 The Fortress Commentary on the New Testament presents a balanced synthesis of current scholarship The contributors bring a rich diversity of perspectives to the task of connecting solid historical critical analysis of Scripture with sensitivity to theological cultural and interpretive issues arising in our encounter with the text The volume includes introductory articles section introductions and individual book articles that explore key sense units through three lenses The Text in Its Ancient Context The Text in the Interpretive Tradition The Text in Contemporary Discussion Comprehensive and useful for preaching teaching and research
