Pearson, In this important contribution to the scholarly study of Egyptian Gnosticism Pearson situates Gnosticism in its historical context and describes its manifold relationships to Judaism early Christianity and ancient Platonism Birger Pearson gives special attention to the controversial issue of the impact of Gnosticism on early Egyptian Christianity up to the Muslim conquest of the seventh century Pearson is one of the most thorough and perceptive scholars in Gnostics studies today The topics he deals with here are current and important and no doubt will remain so for some time This volume is a must for everyone in the field Douglas M Parrott University of California Riverside Uniformly excellent contributions on the subject Students and teachers will benefit from Pearson s insightful and creative observations Marvin Meyer Chapman College

Gnosticism, Judaism, and Egyptian Christianity Birger Albert Pearson, 1990 An assessment of the relationships and mutual impact of Gnosticism ancient Judaism and early Egyptian Christianity Gnosticism and Christianity in Roman and Coptic Egypt Birger Albert Pearson, 2004-01-01 This book provides significant insights into the rise of early Christianity in Egypt and its impact on Christianity in Palestine

The Wisdom of Egypt Anthony Hilhorst, George H. van Kooten, 2018-12-10 This collection of essays published on the occasion of Gerard Luttikhuisen s retirement highlights the Egyptian subject matter background or provenance of many Jewish Early Christian and Gnostic texts It covers a broad spectrum of themes genres and traditions It shows that Egypt was a vibrant point of reference sometimes even a focal point and cradle for Jews Christians and Gnostics and their thought The first part of this book examines various aspects of the relation between Judaism and Egypt mainly in the Graeco Roman period The second part deals with several connections between early Christianity and Egypt whereas the third part considers Egypt as the place where many Gnostic texts were found This collection pays homage to Gerard Luttikhuisen s life long interest in Egypt and Gnosticism Orthodoxy and Heresy in Early Christian Contexts Paul A. Hartog, 2015-01-30 Eighty years ago Walter Bauer promulgated a bold and provocative thesis about early Christianity He argued that many forms of Christianity started the race but one competitor pushed aside the others until this powerful orthodox version won the day The victors re wrote history marginalizing all other perspectives and silencing their voices even though the alternatives possessed equal right to the title of normative Christianity Bauer s influence still casts a long shadow on early Christian scholarship Were heretical movements the original forms of Christianity Did the heretics outnumber the orthodox Did orthodox heresiologists accurately portray their opponents And more fundamentally how can one make any objective distinction between heresy and orthodoxy Is such labeling merely the product of socially situated power Did numerous valid forms of Christianity exist without any validating norms of Christianity This collection of essays each written by a relevant authority tackles such questions with scholarly acumen and careful attention to historical cultural geographical and socio rhetorical detail Although recognizing the importance of Bauer s critical insights innovative methodologies and fruitful

suggestions the contributors expose numerous claims of the Bauer thesis in both original and recent manifestations that fall short of the historical evidence With contributions from Rodney Decker Carl Smith William Varner Rex Butler Bryan Litfin Brian Shelton David Alexander Edward Smither Glen Thompson **Gnostic Religion in Antiquity** R. van den Broek, 2013-01-24 An examination of Gnostic religion in Late Antiquity within its historical and religious context using Greek Latin and Coptic sources The Jewish Apocalyptic Heritage in Early Christianity, Volume 4 James C. VanderKam, William Adler, 1996-12-07 The question of apocalyptic influence on Jesus and early Christianity is again strongly contested The issues connected with this question include terminology genre historical reconstruction sectarian self definition and many others This book provides a fresh assessment of the nature and significance of early Christian appropriation of Jewish apocalyptic material *Gnostic Truth and Christian Heresy* A. H. B. Logan, 1996-01-01 **A Guide to Early Jewish Texts and Traditions in Christian Transmission** Gabriele Boccaccini, Lorenzo DiTommaso, David Hamidovic, Michael E. Stone, 2019-10-14 The Jewish culture of the Hellenistic and early Roman periods established a basis for all monotheistic religions but its main sources have been preserved to a great degree through Christian transmission This Guide is devoted to problems of preservation reception and transformation of Jewish texts and traditions of the Second Temple period in the many Christian milieus from the ancient world to the late medieval era It approaches this corpus not as an artificial collection of reconstructed texts a body of hypothetical originals but rather from the perspective of the preserved materials examined in their religious social and political contexts It also considers the other non Christian channels of the survival of early Jewish materials including Rabbinic Gnostic Manichaean and Islamic This unique project brings together scholars from many different fields in order to map the trajectories of early Jewish texts and traditions among diverse later cultures It also provides a comprehensive and comparative introduction to this new field of study while bridging the gap between scholars of early Judaism and of medieval Christianity The Figure of Solomon in Jewish, Christian and Islamic Tradition Joseph Verheyden, 2012-11-21 Solomon is one of the more complex and fascinating characters in the history of Israel As a king he is second only to David As the king who gave Israel its temple he is unsurpassed As the prototype of the sage his name lives on in numerous biblical and non biblical writings As the magician of later tradition he has established himself as a model for many other aspirants in this field This volume contains the proceedings of an international conference on Solomon that was held at the Faculty of Theology and Religious Studies of the University of Leuven September 30 October 2 2009 and discussed various aspects of this multifaced character as he appears in Jewish early Christian and Islamic tradition **The Jews of Egypt** Joseph Modrzejewski, 1995 This is the story of the adventures and misadventures of the Jewish people in the land of Egypt The author uses the clear light of scientific analysis and archaeological research to illuminate the reality underlying the images from the Biblical accounts and Jewish and pagan literary texts through the great love affair between Jews and Hellenic culture It ends with the brief but crucial episode when budding Christianity and the Alexandrian Jews

parted company **The Gnostic Imagination** Deutsch,2023-09-20 The Gnostic Imagination is the first comprehensive study of the relationship between Gnosticism and Merkabah mysticism It includes an exhaustive analysis of Gershom Scholem s views on the subject an analytical survey of other secondary literature and a focused examination of primary sources The work explores a wide range of topics including myth exegesis ascent traditions and cosmology Although the main focus is on western Gnostic traditions and Merkabah mysticism the book also includes relevant material from Mandaism and from later stages of Jewish mysticism such as German Pietism and Kabbalah Not only is this volume the first to survey and evaluate the history of scholarship on this complex subject but it also creates new pathways for future studies by illuminating the crucial methodological and topical issues in the field Guardians of the Gate Nathaniel Deutsch,2023-07-10 This exploration of the phenomenon of angelic vice regency in Late Antiquity compares figures from Judaism Mandaism and Gnosticism The first part of the book is devoted to the question of mediation in Late Antiquity and to the role of exegesis in the formation of vice regent myths The second part of the book examines the Jewish figures Metatron and Akatriel the Mandaean figure Abathur and the Gnostic figure Sabaoth After a final chapter on the types of communities which may have produced these myths the volume concludes with appendices which briefly examine Christian Muslim and Hermetic traditions This volume is especially helpful to those interested in the connections between late antique mythologies and in particular the many parallels between Jewish mysticism and Mandaism **Backgrounds of Early Christianity** Everett Ferguson,2003-08-19 Having long served as a standard introduction to the world of the early church Everett Ferguson s Backgrounds of Early Christianity has been expanded and updated in this third edition The book explores and unpacks the Roman Greek and Jewish political social religious and philosophical backgrounds necessary for a good historical understanding of the New Testament and the early church New to this edition are revisions of Ferguson s original material updated bibliographies and fresh discussions of first century social life of Gnosticism and of the Dead Sea Scrolls and other Jewish literature The Use of Scripture in the Apocryphon of John David Creech,2017-08-01 David Creech explores at length the Apocryphon of John s ambivalent treatment of the Jewish and Christian scriptures Although Moses is explicitly corrected at five points in the text Genesis account of creation is nonetheless the basis for the Apocryphon s cosmogony and anthropogony Its uneven treatment of the biblical text is the result of a dispute between the authors of the Apocryphon and other early Catholics At the earliest stage of the text the Christians who wrote and read the Apocryphon worshiped alongside other early catholic Christians without any sense of contradiction or inconsistency The key shift in the Apocryphon occurred after Irenaeus of Lyons assault on Knowledge Falsely So Called In response to his concerted effort to bring the church under the authority of early catholic bishops the framers inserted corrections to Moses The corrections are primarily rhetorical and used to refute early catholic identity markers Gnostic Revisions of Genesis Stories And Early Jesus Traditions Gerard P. Luttikhuis,2006 The book examines the critical use of biblical and early Christian traditions in such Christian Gnostic texts

as the Apocryphon of John The Nature of the Archons The Apocalypse of Adam The Testimony of Truth The Apocalypse of Peter The Letter of Peter to Philip and the apocryphal Acts of John **Eusebius, Christianity and Judaism** Gohei Hata, Harold W. Attridge, 2022-10-04 Eusebius of Caesarea lived at a crucial turning point in the history of the Christian church He was an important witness to the polemical and apologetic attitudes that characterized much early Christian literature The most voluminous writer of the early fourth century he was also the first comprehensive historian of his community seeking a philosophy to explain the whole course of history from the beginning to his own time This volume places Eusebius work in proper perspective The contributors all recognized specialists in early Christianity shed light on the person and circumstances of Eusebius himself This collection of essays focuses on elements of the story that Eusebius tells the story of the early church its relationship to Judaism or its confrontation with the Roman Empire and explores gaps left by Eusebius The writers offer a cross section of current scholarly methods in the study of early Christianity and Judaism

Caught in Translation: Studies on Versions of Late-Antique Christian Literature Madalina Toca, Dan Batovici, 2020-01-13 Ancient translations of late antique Christian literature serve to spread the body of knowledge to wider audiences in often radically new cultural contexts For the texts which are translated their versions are not only sometimes crucial textual witnesses but also important testimonies of independent strands of reception cast in the cultural context of the new language This volume gathers ten contributions that deal with translations into Latin Syriac Armenian Georgian Coptic Old Nubian Old Slavonic Sogdian Arabic and Ethiopic set in dialog in order to highlight the range of problems and approaches involved in dealing with the reception of Christian literature across the various languages in which it was transmitted **The ^AWord in the Desert** Douglas Burton-Christie, 1993-02-04 The growing scholarly attention in recent years to the religious world of late antiquity has focused new attention on the quest for holiness by the strange compelling often obscure early Christian monks known as the desert fathers Yet until now little attention has been given to one of the most vital dimensions of their spirituality their astute penetrating interpretation of Scripture Rooted in solitude cultivated in an atmosphere of silence oriented toward the practical appropriation of the sacred texts the desert fathers hermeneutic profoundly shaped every aspect of their lives and became a significant part of their legacy This book explores the setting within which the early monastic movement emerged the interpretive process at the center of the desert fathers quest for holiness and the intricate patterns of meaning woven into their words and their lives *Gnosticism and the New Testament* Pheme Perkins, 1993 The gnostic writings found at Nag Hammadi have stimulated much controversy about the relationship between early Christians and the diverse religious movement of the first three centuries Perkins fills the New Testament student s need for a guide to recent developments in scholarship with a helpful survey that addresses the origins of Gnosticism its relationship to Judaism Redeemer myths and New Testament hymns and other relevant topics
