Going for Broke James M. McCaffrey, 2013-04-30 When Japanese forces attacked Pearl Harbor on December 7 1941 Americans reacted with revulsion and horror In the patriotic war fever that followed thousands of volunteers including Japanese Americans rushed to military recruitment centers Except for those in the Hawaii National Guard who made up the 100th Infantry Battalion the U S Army initially turned Japanese American prospects away Then as a result of anti Japanese fearmongering on the West Coast more than 100 000 Americans of Japanese descent were sent to confinement in inland relocation centers Most were natural born citizens their only crime their ethnicity After the army eventually decided it would admit the second generation Japanese American Nisei volunteers it complemented the 100th Infantry Battalion by creating the 442nd Regimental Combat Team This mostly Japanese American unit consisted of soldiers drafted before Pearl Harbor volunteers from Hawaii and even recruits from the relocation centers In **Going for Broke** historian James M McCaffrey traces these men s experiences in World War II from training to some of the deadliest combat in Europe Weaving together the voices of numerous soldiers McCaffrey tells of the men s frustrations and achievements on the U S mainland and abroad Training in Mississippi the recruits from Hawaii and the mainland have their first encounter with southern style black white segregation Once in action they helped push the Germans out of Italy and France The 442nd would go on to become one of the most highly decorated units in the U S Army McCaffrey s account makes clear that like other American soldiers in World War II the Nisei relied on their personal determination social values and training to go for broke to bet everything even their lives Ultimately their bravery and patriotism in the face of prejudice advanced racial harmony and opportunities for Japanese Americans after the war

Personal Justice Denied Commission on Wartime Relocation and Internment of Civilians, 2012-08-01 **Personal Justice Denied** tells the extraordinary story of the incarceration of mainland Japanese Americans and Alaskan Aleuts during World

War II Although this wartime episode is now almost universally recognized as a catastrophe for decades various government officials and agencies defended their actions by asserting a military necessity The Commission on Wartime Relocation and Internment was established by act of Congress in 1980 to investigate the detention program Over twenty days it held hearings in cities across the country particularly on the West Coast with testimony from more than 750 witnesses evacuees former government officials public figures interested citizens and historians and other professionals It took steps to locate and to review the records of government action and to analyze contemporary writings and personal and historical accounts The Commission s report is a masterful summary of events surrounding the wartime relocation and detention activities and a strong indictment of the policies that led to them The report and its recommendations were instrumental in effecting a presidential apology and monetary restitution to surviving Japanese Americans and members of the Aleut community

Personal Justice Denied United States. Commission on Wartime Relocation and Internment of Civilians,1992 **Nisei Soldiers Break Their Silence** Linda Tamura,2012-12-15 *Nisei Soldiers Break Their Silence* is a compelling story of courage community endurance and reparation It shares the experiences of Japanese Americans Nisei who served in the U S Army during World War II fighting on the front lines in Italy and France serving as linguists in the South Pacific and working as cooks and medics The soldiers were from Hood River Oregon where their families were landowners and fruit growers Town leaders including veterans groups attempted to prevent their return after the war and stripped their names from the local war memorial All of the soldiers were American citizens but their parents were Japanese immigrants and had been imprisoned in camps as a consequence of Executive Order 9066 The racist homecoming that the Hood River Japanese American soldiers received was decried across the nation Linda Tamura who grew up in Hood River and whose father was a veteran of the war conducted extensive oral histories with the veterans their families and members of the community She had access to hundreds of recently uncovered letters and documents from private files of a local veterans group that led the campaign against the Japanese American soldiers This book also includes the little known story of local Nisei veterans who spent 40 years appealing their convictions for insubordination Watch the book trailer <http://www.youtube.com/watch?v=hHMcFdmixLk> *Van Johnson* Ronald L. Wu,2015-12-29 The Color of Success tells of the astonishing transformation of Asians in the United States from the yellow peril to model minorities peoples distinct from the white majority but lauded as well assimilated upwardly mobile and exemplars of traditional family values in the middle decades of the twentieth century As Ellen Wu shows liberals argued for the acceptance of these immigrant communities into the national fold charging that the failure of America to live in accordance with its democratic ideals endangered the country's aspirations to world leadership Weaving together myriad perspectives Wu provides an unprecedented view of racial reform and the contradictions of national belonging in the civil rights era She highlights the contests for power and authority within Japanese and Chinese America alongside the designs of those external to these populations including government officials social scientists journalists and others And she demonstrates that the invention of the model minority took place in multiple arenas such as battles over zoot suiters leaving wartime internment camps the juvenile delinquency panic of the 1950s Hawaii statehood and the African American freedom movement Together these illuminate the impact of foreign relations on the domestic racial order and how the nation accepted Asians as legitimate citizens while continuing to perceive them as indelible outsiders By charting the emergence of

the model minority stereotype The Color of Success reveals that this far reaching politically charged process continues to have profound implications for how Americans understand race opportunity and nationhood **Lost Souls Against the**

Legend Karl-Heinz Frieser,2013-04-11 Here for the first time in English is an illuminating new German perspective on the decisive Blitzkrieg campaign of 1940 Karl Heinz Frieser s account provides the definitive explanation for Germany s startling success and the equally surprising and rapid military collapse of France and Britain on the European continent In a little over a month Germany decisively defeated the Allies in battle a task that had not been achieved in four years of brutal fighting during World War I First published in 1995 as the official German history of the 1940 campaign in the west the book goes beyond standard explanations to show that German victory was not inevitable and French defeat was not preordained

Contrary to the usual accounts of the campaign Frieser illustrates that the military systems of both Germany and France were solid and that their campaign planning was sound The key to victory or defeat he argues was the execution of operational plans both preplanned and ad hoc amid the eternal Clausewitzian combat factors of friction and the fog of war Frieser shows why on the eve of the campaign the British and French leaders had good cause to be confident and why many German generals were understandably concerned that disaster was looming for them This study explodes many of the myths concerning German Blitzkrieg warfare and the planning for the 1940 campaign A groundbreaking new interpretation of a topic that has long interested students of military history it is being published in cooperation with the Association of the U S Army *Going For Broke* Melanie Dobson,2013-03-10 Leia Carlisle can t tell anyone her secret After a debilitating ski injury
