Go Down Moses A Concordance To The Novel:

Go Down, Moses Jack L. Capps,1977 Go Down, Moses Jack L. Capps,1977 **Go Down, Moses** Jack L. Capps,1977

New Essays on Go Down, Moses Linda Wagner-Martin,1996-06-13 A collection of critical essays for the general reader on Faulkner's *Go Down Moses* *Go Down, Moses* William Faulkner,1991-01-30 I believe that man will not merely endure he will prevail He is immortal not because he alone among creatures has an inexhaustible voice but because he has a soul a spirit capable of compassion and sacrifice and endurance William Faulkner on receiving the Nobel Prize *Go Down Moses* is composed of seven interrelated stories all of them set in Faulkner's mythic Yoknapatawpha County From a variety of perspectives Faulkner examines the complex changing relationships between blacks and whites between man and nature weaving a cohesive novel rich in implication and insight Go Down, Moses Jack L. Capps,1977 Faulkner and the Ecology of the South Joseph R. Ugo,Ann J. Abadie,2009-09-18 In 1952 Faulkner noted the exceptional nature of the South when he characterized it as the only really authentic region in the United States because a deep indestructible bond still exists between man and his environment The essays collected in *Faulkner and the Ecology of the South* explore Faulkner's environmental imagination seeking what Ann Fisher Wirth calls the ecological counter melody of his texts Ecology was not a term in common use outside the sciences in Faulkner's time However the word environment seems to have held deep meaning for Faulkner Often he repeated his abiding interest in man in conflict with himself with his fellow man or with his time and place his environment Eco criticism has led to a renewed interest among literary scholars for what in this volume Cecelia Tichi calls humanness within congeries of habitats and environments Philip Weinstein draws on Pierre Bourdieu's notion of habitus Eric Anderson argues that Faulkner's fiction has much to do with ecology in the sense that his work often examines the ways in which human communities interact with the natural world and Francois Pitavy sees Faulkner's wilderness as unnatural in the ways it represents reflections of man's longings and frustrations Throughout these essays scholars illuminate in fresh ways the precarious ecosystem of Yoknapatawpha County **Uses of the Past in the Novels of William Faulkner** Carl Rollyson,2016-06-28 Originally selected by Faulkner scholars Blotner and Litz for their series on the author this pathbreaking monograph contains a comprehensive and provocative discussion of Faulkner's historical vision Drawing on the rich literature of historiography including the writings of R G Collingwood and Herbert Butterfield and on a wide ranging body of scholarship on the historical novel including discussions of Scott Thackeray and Conrad Rollyson shrewdly probes Faulkner's dynamic and changing uses of the past Also taking advantage of his own work as a biographer Rollyson has updated revised and expanded his original book extending his dialogue with recent Faulkner critics **The Quote Sleuth** Anthony W. Shipps,1990 The tracer's goals are to identify the source of a quotation to find or to produce detailed citation based on a reliable edition of the work to find an authoritative text of the passage being traced and to do all this in the shortest time possible and with the least possible amount of effort *A Concordance to the Canonical Books of*

the Old and New Testament: to which are Added, a Concordance to the Books Called Apocrypha; and a Concordance to the Psalter, Contained in the Book of Common Prayer, 1859 Catalog of Copyright Entries. Third Series Library of Congress.

Copyright Office, 1979 **Monograph Abstracts**, 1977 **Requiem for a Nun** Noel Polk, 1979 **The Short Story Cycle** Susan Mann, 1989 This guide is an excellent beginning for the study of a little recognized genre and will be needed by all academic libraries Choice During the 1970s many distinguished writers began experimenting with the short story cycle a literary form that achieved prominence in the early decades of the century through such works as James Joyce's *Dubliners* and Sherwood Anderson's *Winesburg Ohio* Despite the growing interest of both writers and readers no theoretical work has been done on this genre in the past ten years *The Short Story Cycle* provides a wide ranging survey of the subject offering detailed analyses of nine classic short story cycles and an annotated listing of over 120 others many by contemporary authors In addition the introduction includes a history of the genre and its related forms as well as a discussion of conventions associated with the cycle Short story cycles by Joyce Anderson Hemingway Steinbeck Faulkner Welty O'Connor and Updike are described in individual chapters These works illustrate the genre's diversity and vitality ranging from cycles that are explicitly related through chronology plot and character to collections that reveal subtler implicit unities The author looks at the ways different writers use repeated or developed characters themes myth imagery setting point of view and plot or chronology to create the sense of a larger whole Chapter bibliographies supply information on relevant critical writings as well as biographical and autobiographical materials The volume concludes with an annotated listing of important twentieth century short story cycles by American British European Canadian Australian Polish Soviet and Latin American writers

William Faulkner John E. Bassett, 2009-05-22 Considered one of the great American authors of the 20th century William Faulkner 1897-1962 produced such enduring novels as *The Sound and the Fury* *Light in August* and *As I Lay Dying* as well as many short stories His works continue to be a source of interest to scholars and students of literature and the immense amount of criticism about the Nobel prize winner continues to grow Following his book *Faulkner in the Eighties* Scarecrow 1991 and two previous volumes published in 1972 and 1983 John E. Bassett provides a comprehensive annotated listing of commentary in English on William Faulkner since the late 1980s This volume dedicates its sections to book length studies of Faulkner commentaries on individual novels and short works criticism covering multiple works biographical and bibliographical sources and other materials such as book reviews doctoral dissertations and brief commentaries This bibliography provides an organized and accessible list of all significant recent commentary on Faulkner and the annotations direct readers to those materials of most interest to them The information contained in this volume is beneficial for scholars and students of this author but also general readers of fiction who have a special interest in Faulkner **Faulkner, an Annotated Checklist of Recent Criticism** John Earl Bassett, 1983 **American Literary Scholarship 1985** American Literary Scholarship, 1986-06 Essayists survey the recent thought and research concerning outstanding authors trends and

movements in American literature *Recollection and Discovery* Cathy Covell Waegner, 1983 For over half a century readers trying to make sense of Faulkner's characters have found themselves misled, conned, shocked and left in the lurch. Faulkner's tricks continue to meet all too often with critical misunderstanding or disapproval. A new mode of inquiry casts light on the way the characters assume meaning in the novels. Taking on the roles of recollecting insider and discovering outsider, the reader can describe a rhetoric of character which links reader work and author. This study recreates strands of the reading process in *Light in August*, *Absalom, Absalom!*, *The Hamlet*, *Go Down, Moses* and *Knight's Gambit*. *Novelistic Love in the Platonic Tradition* Jennie Wang, 1997 The love story is an integral part of many novels. What is its narrative status? How does it function and why? In this original study of Socratic love stories from Plato through Fielding and Faulkner to the Postmodernists, Jennie Wang proposes a new narrative theory in the study of the novel which deconstructs the mimesis of love stories and reconstructs their historicity. Wang claims that in the Platonic tradition the construction of love stories is often a dramatization of the author's historical vision, philosophical speculations, cultural criticism or political ideology. Novelistic love functions as a literary medium, a power of free speech that enables the novelist to speak unspeakable truths and include excluded subjects. Wang's work will be of interest to both philosophers and scholars of American literature and postmodernism. **Faulkner in the Eighties** John Earl Bassett, 1991 This bibliography brings up through 1989 the comprehensive listing of scholarship and criticism on William Faulkner begun by Bassett in two earlier books, *William Faulkner: An Annotated Checklist of Criticism* 1972 and *Faulkner: An Annotated Checklist of Recent Criticism* 1983. Since the latter, over a hundred books on Faulkner have been completed along with hundreds of articles and dissertations. This work lists all new items, often with extensive annotations, and provides separate entries for chapters of books that cover individual novels and stories. Bassett's introductory essay provides an overview of the last decade of Faulkner studies, the first in which post-structuralist and other newer forms of criticism had a major impact on Faulkner studies.
