Goa And The Blue Mountains:

Goa, and the Blue Mountains; Or, Six Months of Sick Leave Richard F. Burton, 1991-10-17 Published in 1851 this is the first book written by the famed Victorian explorer Richard F Burton It is an account of his journey through portions of southwest India while he was on sick leave from the British Indian army Traveling through Bombay to the Portuguese colony of Goa he went through Calicut and other cities on the Malabar coast ending up in the Nilgiri mountains at the hill station of Ootacamund The observant traveler not the intrepid adventurer is the narrator of the account and its intended audience was the voracious Victorian consumer of travel literature Coupled with a critical introduction by Dane Kennedy this facsimile edition provides a revealing look at the people who inhabited a part of India that was generally off the beaten track in the nineteenth century The Portuguese and Mestizo inhabitants of Goa the Todas of Ootacamund as well as the fellow Britons Burton meets on his journey are all subject to his penetrating scrutiny Burton s clever ascerbic and unorthodox personality together with his irreverence for convention and his bemused disdain for humanity come through clearly in these pages as does his extraordinary command of the languages and literatures of various peoples What a glad moment it is to be sure when the sick and seedy the tired and testy invalid from pestiferous Scinde or pestilential Guzerat leaves all behind him and scrambles over the sides of his Pattimar His what Ah we forget The gondola and barque are household words in your English ears the budgerow is beginning to own an old familiar sound but you are right the Pattimar requires a definition

Goa, and the Blue Mountains, Richard F. Burton, 2016-03-26

This is a smart and lively volume with which everyone will have faults to find but which will afford considerable pleasure to Anglo Indian if not to home readers It assumes all those jauntish airs for which ninety nine light books of travel out of a hundred are now distinguished and there is a rapidity of transition from caricature and badinage to sober narrative which rather does violence to good taste yet we can safely recommend it both for the amusement and information which it affords Our author left Bombay to visit on sick certificate the Neilgherries which word he translates for the benefit of English readers and calls the Blue Mountains At starting he is unreasonably severe upon our harbor of Bombay To compare with the Bay of Naples all that comes under the eye of a passenger when his ship sails down to her anchorage at Bombay would certainly be absurd perhaps it would be absurd to compare any single view here with beautiful Parthenope and its classic

associations But he who has been so fortunate as to enjoy the interior scenery of our harbor and to sail up to Ghorebunder well knows that for variety and boldness of outline and for richness of coloring the beauties of the view are unrivalled The description of Goa is rather meager we hoped to find some details of those imposing edifices about which Buchanan first excited our curiosity but we were doomed to disappointment and were obliged to be content instead with the account of a rascal English Officer s adventure And as we are thus brought to the subject we cannot help remarking that however unintentionally this work represents the British Officer in anything but a favorable light It furnishes us with narratives of two who with the author have not done their best to support the national character They are all said to have belonged to the Bombay Army one a Major G married a Seroda nautch girl his mistress adopted the habits and superstitions of her countrymen and as far as Hindus would permit the miserable creature he embraced their religion performing their ceremonies and aping their grotesque mummeries The second was a wretch who invaded the sanctity of the nunnery of Santa Monaca and by a combination of deceit cunning and falsehood endeavored to abduct one of its immured inmates How far the story as given in this volume is intended to be received as a verity we cannot say Told as it is by a native servant in language which is a kind of imitation of Bulwer it has an unmistakable air of romance but we suppose that it is intended that we should receive the main facts as literally true We have not room for the extract which if we set aside all considerations of morality may to some at least be amusing enough The story in short is this A certain Lieut celebrated for falsehood and hypocrisy contrived by trumping up a lying tale to ingratiate himself with the Prioress and to turn the head of a young woman under her charge and whom he would have succeeded in bearing away to pollution if his vile attempt had not been baffled through a ludicrous mistake The narrator produced the story to account for the refusal of the portress to show his master the cloisters He was refused admittance because he was an Englishman The Bombay Quarterly Magazine and Review Vol 2 1852 Goa, and the Blue Mountains; Or, Six Month of Sick Leave Sir Richard Francis Burton,1851 First Four Chapters of Goa, and the Blue Mountains; Or, Six Months of Sick Leave ,1890 The First Four Chapters of Goa, and the Blue Mountains, Or, Six Months of Sick Leave Sir Richard Francis Burton,1890 *Goa, and the Blue Mountains Or Six Months of Sick Leave - Primary Source Edition* Richard Francis Burton,2014-02-20 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book The Bombay Quarterly Magazine and Review ,1852 **The Highly Civilized Man** Dane Kennedy,2009-06-30 Though best remembered as an adventurer who entered Mecca in disguise and sought the source of the White Nile Richard Burton contributed so forcefully to his generation that he provides us with a singularly panoramic

perspective on the world of the Victorians Engagingly written and vigorously argued this book is an important contribution to our understanding of a remarkable man and a crucial era

Shooting a Tiger Vijaya Ramadas Mandala,2018-10-18 The figure of the white hunter sahib proudly standing over the carcass of a tiger with a gun in hand is one of the most powerful and enduring images of the empire This book examines the colonial politics that allowed British imperialists to indulge in such grand posturing as the rulers and protectors of indigenous populations This work studies the history of hunting and conservation in colonial India during the high imperial decades of the nineteenth and early twentieth centuries At this time not only did hunting serve as a metaphor for colonial rule signifying the virile sportsmanship of the British hunter but it also enabled vital everyday governance through the embodiment of the figure of the officer hunter administrator Using archival material and published sources the author examines hunting and wildlife conservation from various social and ethnic perspectives and also in different geographical contexts extending our understanding of the link between shikar and governance

Goa's Bom Jesus as Visual Culture Vishvesh Prabhakar Kandolkar,2024-11-27 This book chronicles the visual history of the Basilica of Bom Jesus one of the longest surviving churches from Goa s Portuguese colonial era In the sixteenth century this baroque church in Old Goa was constructed to house the sacred relics of St Francis Xavier and is emblematic of Goa Dourada or Golden Goa Despite their early modern origins monuments like the Basilica continue to influence visual culture that pertains to Goa Accordingly this book uncovers the traces of architectural images of Goa s sixteenth and seventeenth century monuments and conducts a genealogical study of how uses of religious architecture shift over time Thus even as the Basilica originally functioned to portray or recall a grand empire by evoking the notion of Goa Dourada its iconicity has been employed in marking Goa s difference from the rest of India thereafter By employing an analysis of historical texts illustrations photography film and pageantry this volume demonstrates how the image of the Basilica has been employed to create a discourse on Goan identity In fact right from the colonial period when Goa was heralded as the Rome of the East to the post Portuguese period when Goa became an idyllic destination for leisure tourism architectural images of Bom Jesus have been central in shaping Goa s identity Goa s Bom Jesus as Visual Culture will be useful to students and educators in the fields of architecture history anthropology sociology history of architecture and colonial postcolonial studies Finally the long history of a single monument that the book documents highlights how Goans have been shaping their unique culture At the same time as Goans imbibed Portuguese and other European influences they also domesticated and remade such colonial heritage in South Asian fashion and in turn contributed to global aesthetics
