God and the Imagination Paul L. Mariani, 2002 Poet critic biographer and Catholic intellectual Paul Mariani delivers huge armfuls of experience and knowledge in this wide ranging collection of twenty four essays As a man of faith in a secular world Mariani brings to light issues surrounding spirituality and poetry through discussions of the Gnostics Roman history the Bible John of the Cross Rilke Robert Pack Galway Kinnell Philip Levine and the poets he most admires Gerard Manley Hopkins William Carlos Williams Hart Crane John Berryman and Robert Lowell Charged with spiritual and intellectual awe Mariani fully engages with his subjects from their lives to their works to their grand impact on Mariani s own life as a poet His prose flows easily from anecdote to analysis from Paterson the setting of Williams s great tribute poem to Manhattan where Mariani haunts old neighborhoods and the Brooklyn Bridge searching for traces of Hart Crane By infusing scholarly criticism with a personal voice Mariani allows us to see the relationship between poetry and a sublime presence in the universe Serious reading for anyone interested in modern and contemporary poetry *God and the Imagination* offers elegant and original insights into a wide variety of poetic concerns But it is most extraordinary for its celebration of the lives of the poets which allow us in Mariani s words to recover what would otherwise be lost to time and silence

Review Digest, 2003 **Encyclopedia of Catholic Literature** Mary R. Reichardt, 2004 The Catholic faith has inspired some of the world's greatest creative works and has been a powerful force in history from the Roman Empire to the present. Catholic writers reflect their heritage in their works and generations of readers have continued to appreciate the Catholic literary tradition. Many works by Catholic writers hold a high place in the literary canon and have exerted a tremendous cultural and political influence. Still others continue to be widely read by contemporary readers and quietly shape modern society. Some works too reflect the conflicts of the Catholic Church in the 21st century and capture the struggles of individual Catholics in a secular society. This encyclopedia covers the vast riches of the Catholic literary tradition from its origins to the present day. Included are substantial entries on more than 70 major works from around the world. A special effort has been made to cover women writers and writers of diverse racial and ethnic backgrounds whose works reflect the many dimensions of the Catholic experience. The encyclopedia provides entries on such writers and works as St Augustine's *Confessions*, Catherine of Siena's *Dialogue*, Dante's *The Divine Comedy*, Sandra Cisneros' *The House on Mango Street*, J. R. R. Tolkien's *The Lord of the Rings*, and Muriel Spark's *Memento Mori*. Each entry is written by an expert contributor and includes a biography of the writer, a plot summary of a major work, an extended critical discussion, an overview of the work's critical reception, and a selected bibliography. The entries give detailed attention to particular works and explore their relation to Catholic thought. The encyclopedia concludes with a selected general bibliography. Wallace Stevens and Martin Heidegger Ian Tan, 2022-06-20 This book is a unique contribution to scholarship of the poetics of Wallace Stevens, offering an analysis of the entire oeuvre of Stevens's poetry using the philosophical framework of Martin Heidegger. Marking the first book-length engagement with a philosophical reading of Stevens, it uses Heidegger's theories as a framework through which Stevens's poetry can be read and shows how philosophy and literature can enter into a productive dialogue. It also makes a case for a Heideggerian reading of poetry, exploring his later philosophy with respect to his writing on art, language, and poetry. Taking Stevens's repeated emphasis on

the terms being consciousness reality and truth as its starting point the book provides a new reading of Stevens with a philosopher who aligns poetic insight with a reconceptualization of the metaphysical significance of these concepts It pursues the link between philosophy American poetry as reflected through Stevens and modernist poetics looking from Stevens s modernist techniques to broader European philosophical movements of the twentieth century *The Georgia Review* ,2019

The Only Mind Worth Having Gardner Fiona,2016-11-24 In *The Only Mind Worth Having* Fiona Gardner takes Thomas Merton s belief that the child mind is the only mind worth having and explores it in the context of Jesus challenging paradoxical and enigmatic command to become like small children She demonstrates how Merton s belief and Jesus command can be understood as part of contemporary spirituality and spiritual practice To follow Christ s command requires a great leap of the imagination Gardner examines what it might mean to make this leap when one is an adult without it becoming sentimental and mawkish or regressive and pathological Using both psychological and spiritual insights and drawing on the experiences of Thomas Merton and others Gardner suggests that in some mysterious and paradoxical way recovering a sense of childhood spirituality is the path towards spiritual maturity The move from childhood spirituality to adulthood and on to a spiritual maturity through the child mind is a move from innocence to experienced organised innocence or from dependence to independence to a state of being in dependence with God Religious Diversity and Early Modern English Texts Arthur F.
