God & the Gurus R. D. Clements, 1975 Knowledge transcendent emotion tranquility of body and spirit these are only a few of the gifts offered by Eastern gurus What is involved really involved in these offers R D Clements who holds the Ph D from Imperial College in London describes the general characteristics of Eastern religions and devotes separate chapters to the Divine Light Mission the Hare Krishna Movement and Transcendental Meditation He closes with practical advice to those who encounter devotees of these and other Eastern religions *The Darbar of the Sikh Gurus* Louis E. Fenech, 2008 The Divine Court Darbar of the Sikh Gurus grew in size and importance as the line of Gurus progressed beginning with the comparatively simple following which gathered around Guru Nanak and climaxing in the celebrated darbar of Guru Gobind Singh Focusing on the traces of documentary evidence available in Punjabi Hindi and Persian sources this book meticulously reconstructs the evolving nature of the darbars of the Sikh Gurus in different historical contexts Fenech also deals incisively with Nand Lal the most prominent member of the tenth Guru s many attendant poets According to the modern Sikh Rahit Marayada he commands a semi canonical status equalled only by Bhai Gurdas yet his works are seldom consulted

Finding God Among our Neighbors, Volume 2 Kristin Johnston Lergen, 2017-02-01 For too many students Christian theology is learned in isolation from other religions traditions With this the second volume of her important work Kristin Johnston Lergen returns to expand the systematic theology she began in the original volume Lergen places the work of Christian theology soundly within the interreligious dialogue that is the defining feature of our time In doing so she prepares students of theology for the task of understanding and articulating their Christian beliefs in the context of a religiously and culturally diverse world In the original volume Lergen focused her work on three loci God Creation and Humanity In this second volume she expands the project to include salvation the Church and the Holy Spirit As before each locus is set within the broader context of interreligious dialogue by considering how the varied beliefs of the world s religious traditions inform our understanding of our own tradition This volume explores indigenous religions Sikhism Confucianism and Daoism in particular Sri Guru Granth Sahib Discovered Hakim Singh Rahi, 1999 Sri Guru Granth Sahib plays a very important part in the life of the Sikh Community It is read regularly in Gurdwaras and occasionally in homes on happy or sad occasions The reading of the whole Granth is called Akhand paath non stop recitation or reading Selections for morning and evening prayers are taken from the Granth and read daily by Sikhs The whole life of a Sikh revolves around this book Despite being such an important book for the whole Sikh Community it is also true that the Granth is a closed book for many Sikhs born outside India as well as for the majority of other people both Asians and Westerners who simply cannot read the original Gurumukhi script of the Granth or understand it meaning **Ten Gurus and Their Teachings** Chhajju Singh, 1903 **The World of Gods and the One True God** Leonardo L. Williams M.D., 2016-08-07 This book will enrich the reader with the knowledge of twenty to twenty two religions in depth of their origin and their beliefs As a Christian one would ask Why

should I read this book Well the answer is simple You dont know where you are going if you dont know where you come from All religions come from the Eastern countries but namely Christianity is the only one that teaches about a deity Lord Jesus that saves souls In this book all the religions are compared to a certain extent to enlighten the reader on scripture based and prophecy based teachings about the beginning of the world as well as the end of the world or should I say the coming of the Messiah

The Quest Lyman C.D. Kulathungam, 2012-04-25 The human spirit seems incapable of being stagnant ever pushing the boundaries of knowledge and experience We try to understand life through questions regarding our own existence the nature of the universe and the nature of God The question of our collective heart is the external manifestation of an internal longing a quest if you will This thirst to understand reality can be seen in superstructures that are scientific social political and especially religious When considering the doctrines institutions and rituals of religions we observe certain core aspirations expressed by the people of these communities These aspirations generate from an underlying quest which seeks a way out of our perceived predicament a salvific quest Regardless of whether we view ourselves as religious pre religious post religious or non religious we find ourselves involved in such a quest it seems to be an integral part of our human personhood Using a unique framework of analysis this book explores Christ s relevance to the quest expressed by the communities of eight major living religions a relevance that neither degrades Christ nor demeans other saviors Christ is not part of the human quest but is well equipped to satisfy that quest
