## God As Form:

**In the Form of a God** Andrew Perriman, 2022-11-04 The central question addressed in this book is whether Paul thought that Christ Jesus pre existed in heaven in the form of God through whom all things were made before being sent into the world to be born of a woman in the likeness of sinful flesh A significant body of scholarship these days both conservative and critical supports the view that he did Andrew Perriman examines the assumptions and reasoning that underlie this consensus and makes a thorough and innovative case for reading the relevant texts from the narrow and distinctive perspective of the gentile mission How would pagans and post pagan believers have heard and retold the back story of the one whom they knew only as the exalted Lord who would one day rule the nations Such an angle of enquiry sheds fascinating and sometimes quite startling new light on the many exegetical difficulties that attend this aspect of Paul s Christology not least in respect of the opening lines of the extraordinary Christ encomium in his letter to the Philippians But it also yields compelling insight into the significance of Jesus for the Pauline mission and indeed for the ancient pagan world *The Gospel Of the Kingdom of God, Form #17.003* Dr. Brook Stockton, 2020-02-06 Background on the Gospel of the Kingdom of God Sovereignty Education and Defense Ministry SEDM is expressly authorized to be republish this document on Google Book and Google Play and elsewhere by the author at the following location on the author s website DMCA Copyright Section 10 <https://nikeinsights.famguardian.org/footer/dmccopyright> For reasons why NONE of our materials may legally be censored and violate NO Google policies see <https://sedm.org/why-our-materials-cannot-legally-be-censored> *The Self-Disclosure of God* William C. Theology after Postmodernity Tina Beattie,2013-10-04 Theology after Postmodernity is a ground breaking study that has the capacity to transform the relationship between psychoanalytic theory and Christian theology Reading the theology of Thomas Aquinas in close engagement with the psychoanalytic theory of Jacques Lacan Tina Beattie shows how Thomism exerted a formative influence on Lacan and she also shows how a Lacanian approach can bring rich new insights to Thomas s theology A growing number of English speaking scholars now recognize the extent to which twentieth century French theorists and philosophers were influenced by medieval theology and there have been several studies of Jacques Lacan s Thomism However this is the first study published in English to bring a Lacanian feminist perspective to bear on the theology of Thomas Aquinas Focusing on the centrality of desire in Thomas s theology and Lacan s psychoanalytic theory Beattie follows Lacan along an overgrown and often hidden path through the changing configurations of desire gender and knowledge from their Aristotelian formation in the medieval universities to their fragmentation in the collapse of modernity s visions and values Beattie offers a penetrating critique of Thomas s Aristotelianism but she also excavates the mystical treasures within his theology This enables her to show how Thomas s God remains an unconscious but potent influence in the shaping of modern western thought and to ask what transformations might be needed in order to bring about a Thomism for our times Probing beneath the surface of Thomas s Summa Theologiae and other writings she brings to light the Other of Thomas s One God an incarnate maternal Trinity who emerges when Thomas s Aristotelian ontotheology is suspended and the more neglected aspects of his doctrinal and theological insights are allowed to emerge Lacan makes possible a renewed Thomism which offers a rich theology of creation incarnation and redemption capable of responding to some of the most urgent and far reaching challenges that questions of gender nature and God pose to Christian theological language in its classical and postmodern formations

**The Timeless Age of God** Russell Redden,2009-03-17 A doctrine once common in Apostolic times unlocks the meaning of many Bible passages Ancient Jews Christians Gnostics and Greek philosophers believed that heaven is an unchanging place of timelessness the first dimension where creation began and will return at the end of time This book catalogs evidence of this theology throughout the Bible and numerous ancient texts Unknown to the majority of Christians the theology of two aeons is central to many Bible passages many of them related to the ascension of Christ The Son of Man ascended into the unchanging Spirit of God the Father who lives in heaven outside of time and space This knowledge was revealed to ancient Israel a testimony of Christ s priesthood many years before He walked the earth

created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself The Bible Christian magazine, a continuation of the Arminian magazine Bible Christians,1882 **God,**

God Revealed in John Christian Foundation 2010,2010-11-22 For the first time in 2 000 years this book analyzes the Gospel of John and unveils the historical Jesus His identity and image of God All words parables and miracle stories are decoded and interpreted and all unheard of facts and truths are disclosed It is revealed that Peter was a sinner in the village of sinners that Peter James John and Andrew were not fisherman but were spiritual fisherman who preached to the suffering people of the village of sinners and harvested the holy spirit from them that Jesus saved one thousand men by preaching 10 20 times at the villages of sinners for three years that Jesus cleared the temple spiritually not physically with his Word that Jesus Passover meal was not the mutton but the word and holy spirit and that the God s last judgment was concluded in AD 70 These facts are disclosed when the scriptures are read in spiritual language It turns out that the four Gospels Matthew Mark Luke and John have never been interpreted correctly As a result Christianity has lost Jesus for nearly 2 000 years and follows the path of ruin Now it is revealed that the Gospel of John contains astonishing revelations and good news which will rescue Christianity from extinction and lead all mankind to God This book speaks to Biblical scholars Christians who worry about the corruption of churches and extinction of Christianity and those who want to receive the Holy Spirit and meet Jesus and God **Silence Speaks** Baba Hari Dass,2020-12-31 Silence Speaks is a collection of writings of Baba Hari Dass 1971 1977 consisting of answers to questions from group gatherings personal interviews and personal letters to students

*Approaching Ramakrishna* Prabuddha Bharata Compilation, Sri Ramakrishna is an ocean in whose heart the universe is nestled like an island Awed by the expanse of infinite depth around we in the universe constantly try to perceive this personality in our own way Our perception is unique every time as is the knowledge we obtain thereby Approaching Ramakrishna becomes our prayer to the supreme reality Published by Advaita Ashrama a publication house of Ramakrishna Math Belur Math India in commemoration of the 175th Birth Anniversary of Sri Ramakrishna     The Immutability of God in the Theology of Hans Urs Von Balthasar Gerard F. O'Hanlon,2007-11-19 This study shows how the trinitarian theology of Hans Urs von Balthasar opens up an aproach to the controverted question of God s immutability and impassibility which succeeds in respecting both the transcendence and the immanence of God Contrary to both Process thought and the classical Thomist position von Balthasar s scattered treatment is here presented thematically in a way which makes it clear that his idea of an analogous event in the trinitarian God in which we participate is a radical reinterpretation of the traditional Christian axiom of divine immutability In the course of outlining the distinctiveness of von Balthasar s approach O Hanlon introduces the reader to some of the fundamental themes of one of the major Roman Catholic theologians of this century who is still relatively unknown in the English speaking world     Christian Citizenship Training Course, Vol 1, Form #12.007 Sovereignty Education and Defense Ministry (SEDM),2020-02-06 Good citizenship from a Christian Perspective     **The Rapture of God** William Lloyd Newell,2020-07-02 This is a book offering Balthasar s theological oeuvre as a kerygma of Christ s love proclaimed theologically as Christ s esthetics of glory in his mission to reinvent himself the world and us as beauty and glory Balthasar s hypothesis is that there is true theology and there is false theology For him theology is the unique science across the methods of which the decision of faith cuts and divides it into two halves that cannot be united to each other a genuine theology which presupposes faith and does its thinking within the nexus of Christ and the Church and a false theology which rejects faith as methodologically dubious and irresponsible and subsumes the truth of the phenomenon which discloses itself under an anthropological truth however this may be understood In William Newell s book he deeply reflects on the radical thinking being done in Catholic theology since the 1940s in Europe and now in the United States Each chapter each excursus each elision ushers the reader towards consolations without previous causes the essence of mysticism in its first stages The book as with true theology is a come and see beckoning the reader to an endless furtherance of the archetypal experience of Christ     Understanding Prayer for the Dead James B. Gould,2016-08-04 Throughout history Christians have prayed for the dead both for continual growth of the faithful and for their advancement from purgatory though not for the deliverance of the unsaved from hell This book defends all three kinds of prayer It challenges Protestants who seldom pray for the dead to begin doing so and Roman Catholics and Eastern Orthodox who pray only for the Christian dead to include the unsaved as well James Gould addresses the biblical credentials of prayer for the dead and provides a historical overview of such prayers from ancient Christianity to the current practice of the three main branches of the church

He also discusses the logical assumptions prayer for the dead requires that prayer is effective that the dead are conscious and that the afterlife involves change and lays out a theological framework for such prayers Prayer for the departed raises the most basic of theological questions matters that go to the center of God's purpose in creating spiritual beings and redeeming sinful humankind The argument while revisionary in some respects is orthodox ecumenical and integrative engaging a range of academic disciplines so as to be biblically accurate historically informed and philosophically reasoned

**God and the History of the Universe** Jarvis Streeter, 2016-03-22 The popular belief that a scientific understanding of reality is incompatible with a Christian one is simply wrong Some Christian understandings of reality do conflict with some scientific understandings But a thoroughly rational Christian understanding of the origin and history of the universe will be informed by the best scientific theories and the facts founded on them This book weaves a narrative of the origin and history of the universe from the perspective of contemporary science with a Christian understanding of God and of God's role in the origin and history of the universe At the center of this integrated narrative is the view that God who is pure unbounded Love is Creator the zest for life in the universe comes from God and God is the source of Truth Beauty and Goodness in the universe God is amazed and delighted at what God and the world has created God is saddened by ways creatures have fallen short of pure unbounded Love Truth Beauty and Goodness and God's pure unbounded Love keeps on trying to persuade all creatures toward Truth Beauty and Goodness
