## **Economic Essays On Value Competition And Utility:**

Economic Essays on Value, Competition and Utility V. K. Dmitriev, 1974      Economic Essays on Value, Competition and Utility. Economic Essays on Value, Competition and Utility U. K. Dmitriev, 1974      V. K. Dmitriev V. K. Dmitriev, 1974-05-09

**Economic Essays on Value, Competition and Utility, Transl. by D. Fry and Ed. with an Introduction by D. M. Nuti** V. K. Dmitriev, D. Fry, D. M. Nuti, 1974      *Economic Essays on Value, Competition and Utility* Vladimir K. Dmitriev, 1992

This text is a translation of the Economic Essays of V K Dmitriev published between 1898 and 1902 An early Russian mathematical economist Dmitriev anticipated and rigorously formulated a number of modern techniques and propositions which are an essential part of modern economic thinking These range from the foundations of input output analysis to the determination of labour values and price of production and theorems by Samuelson and Sraffa His work has had a considerable influence on Soviet planning practices      **V K Dmitriev** D. M. Nuti, 1992      Collected Works of Domenico Mario Nuti, Volume II Saul Estrin, Milica Uvalic, 2023-08-10

This book the second of two volumes brings together the work of Domenico Mario Nuti to highlight his significant and varied contribution to economics Bringing together works from across Nuti's career his distinctive intellectual framework is exemplified in relation to discussions on the drivers of economic growth and development the most efficient economic system the organisation of firms and how economies should be managed This volume gives particular attention to Nuti's views about how economic systems evolve about the possibilities for various forms of economic democracy and his analysis of East West integration and globalization The volume also contains a bibliography of his works      *Critical Essays on Piero Sraffa's Legacy in Economics* Heinz D. Kurz, 2000-06-19 A critical assessment of Sraffa's published works and their legacy for the economics profession      **Interpreting Classical Economics** Heinz Kurz, Neri Salvadori, 2007-07-12 First Published in 2007 This book is the third volume of previously published essays from Heinz D Kurz and Neri Salvadori following *Understanding Classical Economics* 1998 and *Classical Economics and Modern Theory* 2003 both published by Routledge This new collection can be read in isolation but perhaps more fruitfully in conjunction with the previous texts providing modern interpretations of the classical economists and comparing their analyses with that of contemporary mainstream economics The essays in the new volume are split between three parts the first section dealing with classical economics and modern theory focusing specifically on the differences in the analytical structure and content of the theory of value and distribution of Ricardo on the one hand and Say and Walras on the other The second part is devoted to Piero Sraffa's contribution drawing from his hitherto unpublished papers The final part assesses linear theory of production concentrating on comparative studies of the contributions of von Neumann Arrow Debreu Georgescu Roegen and Sraffa This new volume will be of interest to economic theorists and methodologists in Europe Asia and America and particularly academics and researchers engaged with theories of production value distribution economic growth and the history of economic thought      **Handbook on the History of Economic Analysis Volume III** Gilbert Faccarello, Heinz D.

Kurz,2016-07-27 This unique troika of Handbooks provides indispensable coverage of the history of economic analysis Edited by two of the foremost academics in the field the volumes gather together insightful and original contributions from scholars across the world The encyclopaedic breadth and scope of the original entries will make these Handbooks an invaluable source of knowledge for all serious students and scholars of the history of economic thought     **Early Developments in Mathematical Economics** Reghinos D. Theocharis,1983-06-18     Growth, Distribution and Uneven Development Amitava Krishna Dutt,1990-07-27 This book presents an international study of economic growth and income distribution with a focus on North South differences The text discusses the topic from a purely theoretical perspective comparing the relations between economies by using formal mathematical models Four well known approaches are discussed neoclassical neo Marxian neo Keynesian and Kalecki Steindl Models are developed to highlight and contrast the basic features of these approaches Subsequent chapters systematically introduce inflation technological change sectoral issues and international trade building upon these simple one sector models This book will be of value to anyone with an interest in areas such as developmental economics growth trade and political economy     David Ricardo J. King,2013-08-23 This book offers a new account of David Ricardo s political economy that is both scholarly and accessible It provides a detailed overview of the secondary literature on Ricardo down to 2012 and discusses alternative perspectives on his work including those of Marxians neoclassicals and Sraffians     **Thomas Tooke and the Monetary Thought of Classical Economics** Matthew Smith,2011-03-07 The purpose of this book is to provide a comprehensive account and reconsideration of the contribution to political economy of Thomas Tooke 1774 1858 classical economist and influential monetary theorist Its chief purpose is to examine Tooke s contributions to political economy with the aim of bringing to light its unified nature and its important legacy to contemporary economics In doing so the book aims to throw new light on monetary analysis within the framework of classical economics There remains no comprehensive account of Tooke s contributions that is concerned with showing his lasting and ongoing influence on the development of monetary thought The book provides an interpretation and analytical study of Tooke s political economy from the standpoint of the classical tradition This enables a demonstration of how his constructive contribution throws a new light on monetary thought in this tradition     Money and Totality Fred Moseley,2015-09-29 This ambitious book presents a comprehensive new macro monetary interpretation of Marx s logical method in Capital based on substantial textual evidence which emphasises two main points 1 Marx s theory is primarily a macroeconomic theory of the total surplus value produced in the economy as a whole and 2 Marx s theory is a monetary theory from beginning to end and the circuit of money capital M C M is the logical framework of Marx s theory It follows from this macro monetary interpretation that contrary to the prevailing view there is no transformation problem in Marx s theory i e Marx did not fail to transform the inputs of constant capital and variable capital in his theory of prices of production in Part 2 of Volume III     **The A to Z of Marxism** David Walker,Daniel Gray,2009-08-13 Marxism one of the few

philosophies that turned into an effective movement not so long ago was the official ideology in one form or another of much of humanity. It was promulgated initially by the Soviet Union then imposed on much of Central and Eastern Europe later emerged in the People's Republic of China and gradually spread to other parts of Asia and even bits of Africa and Latin America. Although declining in its initial popularity it still remains strong in several countries and is supported by numerous communist and other parties and countless individuals around the world. The A to Z of Marxism covers the history of Marxism and all its thinkers and schools of thought in a comprehensive manner. This is done through a chronology, an introductory essay, a bibliography and hundreds of cross reference dictionary entries on basic terms and concepts, significant thinkers and doers and also the parties and countries that followed it.

Analytical Political Economy Roberto Veneziani, Luca Zamparelli, 2018-04-09. Offering a unique picture of recent developments in a range of non conventional theoretical approaches in economics, this book introduces readers to the study of Analytical Political Economy and the changes within the subject. Includes a wide range of topics and theoretical approaches that are critically and thoroughly reviewed. Contributions within the book are written according to the highest standards of rigor and clarity that characterize academic work. Provides comprehensive and well organized surveys of cutting edge empirical and theoretical work covering an exceptionally wide range of areas and fields. Topics include macroeconomic theories of growth and distribution, agent based and stock flow consistent models, financialization and Marxian price and value theory. Investigates exploitation theory, trade theory, the role of expectations and animal spirits on macroeconomic performance as well as empirical research in Marxian economics.

The Development of Economics in Japan Toichiro Asada, 2014-04-11. This book covers the development of economics in Japan from the inter war period to the 2000s, focusing on the international theoretical contributions of Japanese economists. The first focal point is the international contributions of Japanese economists before and after World War II. The second focal point is the controversies concerning macroeconomic policies in Japan in the period of the Great Depressions in the 1930s and the period of Japanese Great Stagnation in the 1990s and the early 2000s. In short, economics in Japan is considered from both a theoretical and a policy oriented point of view. The intimate relationship between economic theory, thought and policy is also fully examined as well as the development of both academic and non academic practical Japanese economics and the influence of Marx, Walras, Keynes, Fisher and Cassell.

**Socialism & Marginalism in Economics 1870 - 1930** Ian Steedman, 2003-05-20. The rise to dominance of marginalist economics coincided with a major increase in the spread of socialist ideas. As many socialist and Marxist thinkers were preoccupied with economic questions, this was scarcely a development that could be ignored. Socialists either had to defend Marxist economics against marginalist criticism or show that socialism and marginalism were compatible. This volume explores the varied socialist responses in a number of major European countries including Italy, France, Russia and German speaking countries.

**Reclaiming Pluralism in Economics** Jerry Courvisanos, James Doughney, Alex Millmow, 2016-03-31. Until the end of the early 1970s, from a history of economic

thought perspective the mainstream in economics was pluralist but once neoclassical economics became totally dominant it claimed the mainstream as its own Since then alternative views and schools of economics increasingly became minorities in the discipline and were considered heterodox This book is in honour of John Edward King who has an impressive publication record in the area of economic theory with specific interest in how economic thought in the past shapes current economic theory and enforces certain paths of economic policy and economic development This book is divided into five themes based on King s interests The first theme looks at the challenge in trying to reclaim pluralism in economics The second faces head on the direct collision of mainstream economics with history of economic thought and heterodox economics The third addresses classical economic ideas their central influence in the past and how they can still primarily guide modern pluralist economics The fourth examines Post Keynesian and Kaleckian economics with a view to providing a more coherent and extensive branch of heterodox economics The final theme critiques the policy of neoliberalism that has entrenched itself in capitalist economies which have led to financial industrial labour and behavioural consumerist crises This text aims to provide a clear path for pluralism to serve the economics discipline as its standard bearer and to no longer be merely a heterodox challenge to the mainstream This book is of interest to those who study history of economic thought political economy and heterodox economics

If you ally obsession such a referred **Economic Essays On Value Competition And Utility** books that will meet the expense of you worth, get the certainly best seller from us currently from several preferred authors.
