

Economic Statecraft

David Baud

Economic Statecraft:

Economic Statecraft David A. Baldwin, 2020-09-22 Introduction Techniques of statecraft What is economic statecraft Thinking about economic statecraft Economic statecraft in international thought Bargaining with economic statecraft National power and economic statecraft Classic cases reconsidered Foreign trade Foreign aid The legality and morality of economic statecraft Conclusion Afterword economic statecraft continuity and change Ethan B Kapstein Power and the Purse Jean-Marc F. Blanchard, Edward D. Mansfield, Norrin M. Ripsman, 2014-06-03 The essays here address the relationship between economic interdependence and international conflict the political economy of economic sanctions and the role of economic incentives in international statecraft *New Economic Statecraft* Zhang Xiaotong, 2023-07-13 This book provides insights on the art of governing a state and managing its external relations from a wealth power logic It looks at economic statecraft which consists of wealth production wealth mobilization and wealth power conversion by a state This book reconceptualizes what economic statecraft is and proposes a new theory focused on wealth power conversion With a long historic perspective this book goes through the modern history of Western powers practicing economic statecraft since 1500 and presents three case studies the United States the European Union and China the three biggest users of economic statecraft in the contemporary world The book serves as an ideal reference for policy makers businesspeople and researchers whose work touch upon either wealth creation power projection or the combination of both Chinese Economic Statecraft William J. Norris, 2016-03-01 In *Chinese Economic Statecraft* William J Norris introduces an innovative theory that pinpoints how states employ economic tools of national power to pursue their strategic objectives Norris shows what Chinese economic statecraft is how it works and why it is more or less effective Norris provides an accessible tool kit to help us better understand important economic developments in the People's Republic of China He links domestic Chinese political economy with the international ramifications of China's economic power as a tool for realizing China's strategic foreign policy interests He presents a novel approach to studying economic statecraft that calls attention to the central challenge of how the state is or is not able to control and direct the behavior of economic actors Norris identifies key causes of Chinese state control through tightly structured substate and crossnational comparisons of business government relations These cases range across three important arenas of China's grand strategy that prominently feature a strategic role for economics China's efforts to secure access to vital raw materials located abroad Mainland relations toward Taiwan and China's sovereign wealth funds Norris spent more than two years conducting field research in China and Taiwan during which he interviewed current and former government officials academics bankers journalists advisors lawyers and businesspeople The ideas in this book are applicable beyond China and help us to understand how states exercise international economic power in the twenty first century Sanctions as Economic Statecraft S. Chan, A. Drury, 2000-07-14 This book approaches economic sanctions as a form of statecraft in order to better study the oft used but not well understood policy The chapters study a variety of

historical and current cases involving the use of economic threats and promises Their authors come from both academic and policy making fields as well as different disciplinary backgrounds political science and economics They apply different research approaches case studies statistical analysis formal economics to increase our understanding of the sanction puzzle

The Oxford Handbook of Geoeconomics and Economic Statecraft Vinod K. Aggarwal, Tai Ming Cheung, 2025 The Oxford Handbook of Geoeconomics and Economic Statecraft is a comprehensive critical and contemporary exploration of issues at the intersection of political economy and security studies Long considered separate branches of political science economics and security have become increasingly intertwined The volume examines the state of the field where it has been in the recent past and where it is likely to go in future Contributors examine conceptual edges of geoeconomics and economic statecraft as well as its core the globalizing context of the field and the challenges posed by social economic and technological changes The twenty eight chapters in the volume are divided into six parts After the introduction to the volume section 2 considers past and present thinking about the field Section 3 explores the methods used in geoeconomics and economic statecraft Section 4 looks at key issues Section 5 covers the intersection of national security and geoeconomics and the last section looks at regional perspectives in the field Geoeconomics and economic statecraft are issues of contemporary concern and on the front pages of newspapers on an almost daily basis This book provides the intellectual context and insights to understand the challenges and prospects that the world faces currently and over the long term making it a useful resource for academics practitioners business executives journalists and students

China's Economic Statecraft: Co-optation, Cooperation And Coercion Mingjiang Li, 2017-03-16 This book aims to study China's economic statecraft in the contemporary era in a comprehensive manner It attempts to explore China's approaches to using its economic trade investment and financial power for the pursuit of its political security and strategic interests at the regional and global levels The volume addresses three major issue areas in particular The first issue pertains to how Beijing has used its economic clout to protect what it perceives as its core interests in its external relations Three cases are included the Taiwan issue human rights and territorial dispute in the South China Sea The second major area of inquiry focuses on how China has employed its economic power in its key bilateral relations including relations with Japan North Korea the United States and other states in the East Asian region The third issue concerns China's economic statecraft in the global context It addresses the impacts of China's economic power and policy on the transformation of the global financial structure developments in Africa the international intellectual property rights regime and China's food security relations with the outside world

Economic Statecraft and Foreign Policy Jean-Marc F. Blanchard, Norrin M. Ripsman, 2013-07-18 This book develops a unified theory of economic statecraft to clarify when and how sanctions and incentives can be used effectively to secure meaningful policy concessions High profile applications of economic statecraft have yielded varying degrees of success The mixed record of economic incentives and economic sanctions in many cases raises important questions Under what conditions can states modify the behaviour of other

states by offering them tangible economic rewards or by threatening to disrupt existing economic relations To what extent does the success of economic statecraft depend on the magnitude of economic penalties and rewards In order to answer these questions this book develops two analytic models one weighs the threats economic statecraft poses to the Target s Strategic Interests TSI while the other stateness assesses the degree to which the target state is insulated from domestic political pressures that senders attempt to generate or exploit Through a series of carefully crafted case studies including African apartheid and Japanese incentives to obtain the return of the Northern Territories the authors demonstrate how their model can yield important policy insights in regards to contemporary economic sanctions and incentives cases such as Iran and North Korea This book will be of much interest to students of statecraft sanctions diplomacy foreign policy and international security in general

Economic Statecraft Cécile Fabre, 2018-08-01 Economic sanctions provide an alternative to waging war or a means to advance human rights But are they morally justifiable Philosophers have explored the ethics of war but rarely the ethics of carrots and sticks Cécile Fabre offers a defense of economic statecraft laying out a normative framework for this critical tool of diplomacy

Economic Statecraft David Allen Baldwin, 1985 According to Baldwin the utility of the economic techniques of statecraft have been underestimated by most analysts since 1945 and the study of economic instruments of foreign policy has been neglected He develops an analytical frame work based on social power and uses it to challenge the conventional view that economic tools of foreign policy do not work He analyzes the role of economic statecraft in bargaining national power foreign trade and foreign aid as well as its morality legality and role in the history of international thought He concludes that though sanctions and rewards can have conspicuous shortcomings they are often better than the military alternative

The Sanctions Paradox Daniel W. Drezner, 1999-08-26 Despite their increasing importance there is little theoretical understanding of why nation states initiate economic sanctions or what determines their success This book argues that both imposers and targets of economic coercion incorporate expectations of future conflict as well as the short run opportunity costs of coercion into their behaviour Drezner argues that conflict expectations have a paradoxical effect Adversaries will impose sanctions frequently but rarely secure concessions Allies will be reluctant to use coercion but once sanctions are used they can result in significant concessions Ironically the most favourable distribution of payoffs is likely to result when the imposer cares the least about its reputation or the distribution of gains The book s argument is pursued using game theory and statistical analysis and detailed case studies of Russia s relations with newly independent states and US efforts to halt nuclear proliferation on the Korean peninsula Publisher description

Currency Statecraft Benjamin J. Cohen, 2018-11-15 At any given time a limited number of national currencies are used as instruments of international commerce to settle foreign trade transactions or store value for investors and central banks How countries whose currencies gain international appeal choose to use this status forms their strategy of currency statecraft In different circumstances issuing governments may welcome and promote the internationalization of their currency tolerate it or

actively oppose it Benjamin J Cohen offers a provocative explanation of the strategic policy choices at play In a comprehensive review that ranges from World War II to the present Cohen convincingly argues that one goal stands out as the primary motivation for currency statecraft the extent of a country s geopolitical ambition or how driven it is to build or sustain a prominent place in the international community When a currency becomes internationalized it generally increases the power of the nation that produces it In the persistent contestation that characterizes global politics that extra edge can matter greatly making monetary rivalry an integral component of geopolitics Today the major example of monetary rivalry is the emerging confrontation between the US dollar and the Chinese renminbi Cohen describes how China has vigorously promoted the international standing of its currency in recent years even at the risk of exacerbating relations with the United States and explains how the outcome could play a major role in shaping the broader geopolitical engagement between the two superpowers

Orchestration James Reilly, 2021 Orchestration explores the origins operations and effectiveness of China s distinctive orchestration approach to economic statecraft It describes how China engages in economic statecraft explains why China uses this approach and identifies when Beijing s efforts are most effective The first two chapters trace how China s unique historical experiences and complex political economic structures led to Beijing s orchestration approach Today Chinese leaders deploy incentives and innovative policies to mobilize a vast array of companies banks and local officials to rapidly expand trade and investment with targeted countries around the world China s economic statecraft thus requires only a light touch Four chapters comparing China s economic statecraft across Europe and in Myanmar and North Korea reveal Beijing s orchestration in action Policymakers combined delegation with incentives encouraged participation by regional authorities and enterprises and facilitated interest alignment among implementing actors to successfully mobilize domestic actors When problems with enterprise malfeasance policy stretching and moral hazards emerged central leaders adroitly reversed course Despite successful implementation Beijing s economic statecraft exacerbated populist anxieties undermining China s foreign policy goals The policy implications for countries targeted by China s economic statecraft are thus broadly reassuring Orchestration concludes by laying a foundation for future studies in comparative economic statecraft

Economic Diplomacy Maaike Okano-Heijmans, 2013-07-04 This book by Maaike Okano Heijmans makes an important contribution to the concept of economic diplomacy A conceptual study mode of economic diplomacy is combined with applied analysis of Japan s economic diplomacy practice The two approaches reinforce one another yielding a conceptualization of economic diplomacy that is grounded in practical insights A comprehensive approach A core argument in the book is that economic diplomacy strategically affirms that economic commercial interests and political interests reinforce one another and should thus be seen in tandem This contrasts with the predominant approach in the transatlantic world which attaches relatively greater importance to the military economic linkage in the quest for influence The case of Japan Japan has employed economic diplomacy as a central instrument of its foreign policy and quest for national security

since the post war period The reconfiguration of regional and global power that started in the 1990s encouraged the Japanese government in coordination and cooperation with the private sector to reassess its economic diplomacy policy Power shifts Economic Diplomacy Japan and the Balance of National Interests illuminates the debates underlying these shifts the various ways by which Japan s reinvention of its economic diplomacy is implemented and the consequences for Japanese foreign policy at large Practical relevance The critical insights offered by the examination of Japan are pertinent for Western countries as well as for other East Asian nations They will be of interest to scholars and practitioners of diplomacy international relations and international economic law and policy This book is the ninth volume in the Diplomatic Studies series edited by Jan Melissen and published by Brill Martinus Nijhoff Publishers For more information see brill.com/economic-diplomacy 0 *U.S. Strategy and Economic Statecraft: Understanding the Tradeoffs* Christopher S. Chivvis, 2022

Economic Diplomacy Peter A.G. van Bergeijk, Maaike Okano-Heijmans, Jan Melissen, 2011-08-22 In a climate of enhanced global competition attention for economic diplomacy has substantially grown as much in the West as in other parts of the world This book conceptualizes economic diplomacy and adds to a better understanding of its central place in the theory and practice of international relations With original research from a number of thematic and regional perspectives scholars from diplomatic studies economics international relations and political economy make this a unique multidisciplinary contribution to a burgeoning field **Economic Statecraft and US Foreign Policy** Leif Rosenberger, 2019-11-12

Explaining the connection between economics and violent extremism this book argues that American foreign policy must be rebalanced with a greater emphasis on social inclusion and shared prosperity in order to mitigate the root causes of conflict Rosenberger argues that economic coercion has usually proven counterproductive and that a militarized American foreign policy too often results in frustration and strategic failure He analyses this theory through a number of case studies from the Treaty of Versailles to the more recent issues of Israel in Gaza US sanctions against Iran the US backed Saudi led boycott of Qatar and Donald Trump s trade war against China He concludes that the economic logic of social inclusion and shared prosperity demonstrated in Jean Monnet s European Coal and Steel Community would be a more successful strategy in reducing the demand for violence in the civil wars in Afghanistan Iraq Yemen and Syria This book will be of particular relevance for courses on American Foreign Policy International Relations and International Political Economy and seminars on the Near East and South Asia Professional economists diplomats and military officers in America and in the Near East and South Asia will also find the argument useful **The Economic Statecraft of the Gulf Arab States** Karen E.

Young, 2022-12-29 This book is a study of a shift in the politics and finance of development from one centered in the institutions and ideas of the post World War II global political economy to the emergence of South South economic ties and the rise of authoritarian or state capitalism as an alternative model of development This is a study of the economic statecraft of the Gulf Arab states specifically the deployment of aid investment and direct support from some of the wealthiest

petrostates of the world to their surrounding sphere of influence within the Middle East Horn of Africa and West Asia These new models of development finance aid and intervention include distinct institutional designs and ideological bases For the United Arab Emirates Saudi Arabia and Qatar the preference for state led and often state owned development is a strategic priority in the energy sector a mechanism for domestic economic growth and consolidation of wealth among leadership and ruling families Exporting that agenda as a foreign economic policy tool continues all of the domestic benefits while also affirming broader regional political goals

Economic Sanctions and Presidential Decisions A. Drury,2005-11-04

Economic sanctions panacea symbolic but ineffectual or useless and counterproductive While these questions have framed much the existing debate Drury digs deeper to why foreign policy leaders and especially the president choose sanctions of which type whether to sustain them and when to terminate them Skilfully integrating domestic and international factors and placing the analysis of sanctions directly into the mainstream of strategic studies and decision theory this book breaks new ground with its innovative argument and thorough testing using a variety of databases

Great Power Competition and Middle Power Strategies Vinod K. Aggarwal,Margaret A. T. Kenney,2023-11-21

This edited volume addresses geo economic strategic competition in the Indo Pacific exploring both the theoretical and thematic contours of this concept and issue specific dynamics in the areas of finance trade energy and technology competition Chapters focus on the impact of renewed great power competition between Washington and Beijing in the Indo Pacific region across these four areas Each addresses central concerns for the future of the global economic order and offers a lens to understand interstate competition in light of the geopolitical shifts resulting from the COVID 19 pandemic Written by an international panel of experts this volume provides a cohesive view of the region s most pressing issues As such it will be relevant to scholars specializing in Indo Pacific domestic politics and foreign policy U S foreign policy middle powers China U S relations China EU relations Asia Pacific developments international security international political economy and emerging markets

Economic Statecraft Introduction

In the digital age, access to information has become easier than ever before. The ability to download Economic Statecraft has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economic Statecraft has opened up a world of possibilities. Downloading Economic Statecraft provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economic Statecraft has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economic Statecraft. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economic Statecraft. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Economic Statecraft, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Economic Statecraft has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on

a journey of continuous learning and intellectual growth.

FAQs About Economic Statecraft Books

What is a Economic Statecraft PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Economic Statecraft PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Economic Statecraft PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Economic Statecraft PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Economic Statecraft PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
