

THE ECONOMY OF SOCIALIST CUBA

A Two-Decade Appraisal

Carmelo Mesa-Lago

Economy Of Socialist Cuba A Two Decade Appraisal

Claes Brundenius

Economy Of Socialist Cuba A Two Decade Appraisal:

The Economy of Socialist Cuba Carmelo Mesa-Lago, 1981 **Measuring Cuban Economic Performance** Jorge Perez-Lopez, 2014-11-11 Analysts attempting to assess economic growth in revolutionary Cuba are faced with two formidable obstacles 1 official macroeconomic indicators published by the government are scarce and sometimes inconsistent because of frequent changes in the method of calculation and 2 these indicators are not compatible with those produced by market economies because of differences in national income concepts Because of these obstacles it is difficult to analyze the performance of Cuba's economy over time and to compare its economic performance directly with that of other nations Using a variant of the method developed by Abram Bergson to estimate the growth rates of the Soviet Union and subsequently applied to centrally planned economies in Eastern Europe Jorge Perez Lopez has estimated the growth rate of the Cuban economy in real terms for the 1965-1982 period His estimated indexes suggest that the Cuban economy expanded at a considerably slower pace than would be implied by official data By constructing yardsticks of economic performance for revolutionary Cuba that are compatible with those used by Western nations Perez Lopez provides for the first time a basis for analyzing the real growth of the Cuban economy during the revolutionary period

Reflections on Socialism in the Twenty-First Century Claes Brundenius, 2020-02-27 In this volume the authors reflect on the question what is socialism as it pertains to today's economy There is particular emphasis on democratic socialism models as a potential alternative to classic authoritarian socialism A number of topical questions are addressed such as What is democratic socialism and is it feasible or even viable What can be learnt from existing democratic socialist experiences What would an ideal democratic socialist society look like today Under what circumstances and where could such a model emerge today In exploring these questions several themes arise within these chapters such as the role of socialist values and inspirations in capitalist societies and how capitalism and socialism relate to the knowledge economy The contemporary world is showing many contradictions with uncertain future scenarios that preoccupy mankind The global capitalist system as we know it is in deep crisis and some even predict its slow death because of its inability to handle the environmental imperative At the same time classic socialism as experienced in the Soviet Union and its proxies is a stone dead alternative to capitalism today So what options remain The book considers this question as it examines a range of countries where socialism in one form or another has arisen or where democratic socialism could be possible including Brazil Chile Cuba Sweden and the United States

The Second Economy in Marxist States Maria Los, 2016-01-13 This book analyses and compares the unofficial economies and their control in ten marxist states the USSR Poland Hungary Romania Yugoslavia Cuba Nicaragua China Angola and Tanzania It provides a vivid mosaic like panorama of the hidden economies in these countries The book breaks with the view that the unofficial economy is simply a by product of the official economy It shows an unfolding interplay between these two economies which moulds and limits both the dynamics and the direction of the process of change In her final essay Maria Los develops a theoretical

model linking second economies with the process of marxist economic development The key stages of this process are identified as 1 The stage of radical transformation 2 The monopolisation period 3 The reformist phase and 4 Post reformist decadence The volume throws a new light on the prospects and problems of the reformist movements which have swept the Soviet Union China and several other marxist states in the 1980s 1991-1992 Brian Hunter,2021-06-21 No detailed description available for 1991 1992 **The Statesman's Yearbook: 1991-92** NA NA,2016-12-29 The classic reference work that provides annually updated information on the countries of the world *The Statesman's Year Book: 1992-93* B. Hunter,2016-12-29 The classic reference work that provides annually updated information on the countries of the world

Revolution And Counterrevolution In Central America And The Caribbean Donald E Schulz,Douglas H Graham,2019-07-09 A detailed examination of the roots of revolution and counterrevolution in Central America and the Caribbean this book draws on the research of an interdisciplinary team of noted scholars The authors give special attention to the institutional and structural causes of stability and instability in particular the traditional role of the United States the current economic crisis the changing role of the Roman Catholic church the influence of the military and security forces the oligarchy and the business sector the problems of instituting socioeconomic reform the politics of subsistence and the revolutionary opposition Following the thematic chapters a country by country focus is employed to assess the situations in El Salvador Guatemala Nicaragua Honduras Costa Rica and Jamaica and a section devoted to the international dimensions of the crisis looks at Mexican Soviet Cuban and U S policies toward the region The editors concluding chapter explores prospects for the future of this troubled area Fidel Castro and the Quest for a Revolutionary Culture in Cuba Julie Marie Bunck,2010-11-01 An excellent study of political culture emphasizing cultural and normative resistance to revolutionary values norms and goals Challenges much of the scholarship that maintained that revolution permanently transformed Cuba s traditional culture and finds that most Cuban workers rejected many of the revolutionary requirements of the Castro government p 184 Highly recommended Handbook of Latin American Studies v 57 **Cuba After Thirty Years** Richard Gillespie,2013-10-31 First Published in 1990 This collection of articles has been produced not just to mark the thirtieth anniversary of the Cuban revolution but because the anniversary has fallen at a time of important political developments affecting the Caribbean island **Cuban Political Economy** Andrew Zimbalist,2019-04-11 This comprehensive and authoritative book assesses in theoretical and empirical terms some of the most widely debated issues in the study of Cuban political economy It presents a broad critique of the mainstream scholarship in the United States on Cuban political economy

Contesting Castro Thomas G. Paterson,1995-10-12 Based on extensive research in original sources Contesting Castro represents a fresh interpretation of Cuban American relations in the 1950s An incisive exploration of the failures of U S policy it sheds new light on the 1959 triumph of Fidel Castro and the establishment of the Cuban Revolution To Make a World Safe for Revolution Professor Jorge I Doma-Ñiguez,Jorge I. Domínguez,2009-06-01 The twentieth century history of

Cuba borders on fantasy This diminutive country boldly and repeatedly exercises the foreign policy of a major power Although closely tied to the United States through most of its modern history Cuba successfully defied the U S government after 1959 consolidated its own power and defeated an invasion of U S backed exiles at the Bay of Pigs in 1961 Fidel Castro then brought the world alarmingly close to nuclear war in 1962 Jorge Dom nguez presents a comprehensive survey of Cuban international relations since Castro came to power Dom nguez unravels Cuba s response to the 1962 missile crisis and the U S Soviet understandings that emerged from that He explores the ties that link Cuba to the U S S R and other Communist countries analyzes Cuban support for revolutionary movements throughout the world especially in Latin America and Africa and assesses the significance of Cuban political and economic relations with Western Europe Canada and Japan Some have charged that Cuba does not have a foreign policy that Fidel Castro merely takes orders from his Soviet bosses Dom nguez argues that there is indeed a specifically Cuban foreign policy poised not only between hegemony and autonomy between compliance and self assertion but also between militancy and pragmatism He believes that within the context of Soviet hegemony Cuba s foreign policy is very much its own and he marshals impressive evidence to support this belief His book is based on extensive documentation from Cuba the United States and other countries as well as from many in depth interviews carried out during trips to Cuba

Cuba Libre Philip Brenner, Peter Eisner, 2017-08-31 This timely book provides a balanced and deeply knowledgeable introduction to Cuba since Christopher Columbus s first arrival in 1492 With decades of experience studying and reporting on the island Philip Brenner and Peter Eisner provide an incisive overview for all readers seeking to go beyond stereotypes in their exploration of Cuba s politics economy and culture As Cuba and the United States open their doors to each other *Cuba Libre* gives travelers policy makers businesspeople students and those with an interest in world affairs an opportunity to understand Cuba from a Cuban perspective to appreciate how Cubans quest for independence and sovereignty animates their spirit and shapes their worldview and even their identity In a world ever more closely linked *Cuba Libre* provides a compelling model for US citizens and policy makers to empathize with viewpoints far from their own experiences

Handbook on Cuban History, Literature, and the Arts Mauricio A. Font, Araceli Tinajero, 2016-03-02 First Published in 2016 If scholarship on Cuban studies after the 1959 revolution focused on the historical and cultural aspects of the construction of a socialist order the post 1989 crisis of socialism in Central and Eastern Europe raised questions about the island s state as a socialist model The scholarly gaze gradually began to focus on possibilities for alternative transformations at various levels of social life rather than on the deepening of traditional twentieth century state socialism This volume explores the newly emergent themes and debates about Cuban society and history

Cuba Annual Report: 1989 Voice of America-Radio Marti Program, Office of Research and Policy, United States Information Agency, 1992-01-01

Corruption in Cuba Sergio Díaz-Briquets, Jorge F. Pérez-López, 2010-06-28 While Fidel Castro maintained his longtime grip on Cuba revolutionary scholars and policy analysts turned their attention from how

Castro succeeded and failed to how Castro himself would be succeeded by a new government Among the many questions to be answered was how the new government would deal with the corruption that has become endemic in Cuba Even though combating corruption cannot be the central aim of post Castro policy Sergio D az Briquets and Jorge P rez L pez suggest that without a strong plan to thwart it corruption will undermine the new economy erode support for the new government and encourage organized crime In short unless measures are taken to stem corruption the new Cuba could be as messy as the old Cuba Fidel Castro did not bring corruption to Cuba he merely institutionalized it Official corruption has crippled Cuba since the colonial period but Castro s state run monopolies cronyism and lack of accountability have made Cuba one of the world s most corrupt states The former communist countries in Eastern Europe were also extremely corrupt and analyses of their transitional periods suggest that those who have taken measures to control corruption have had more successful transitions regardless of whether the leadership tilted toward socialism or democracy To that end D az Briquets and P rez L pez both Cuban Americans do not advocate any particular system for Cuba s next government but instead prescribe uniquely Cuban policies to minimize corruption whatever direction the country takes after Castro As their work makes clear averting corruption may be the most critical obstacle in creating a healthy new Cuba

Economic Reform and Third-World

Socialism Peter Utting,1992-06-24 Throughout the 1980s major changes in development policy took place in several Third World socialist countries This book examines why this shift from orthodoxy to reform occurred in Mozambique Vietnam and Nicaragua as well as in Cuba during the early 1980s It provides an in depth analysis of the changes which took place in economic and food policy and the nature of the crisis which prompted the reforms It focuses particularly on the role of social forces in shaping the reform process
