Over the last decade many symposia exhibitions art and publications have been produced which thematize liminality covering a wide range of disciplines including literary geographical psychological and ethnicity studies Liminal structuring is an essential aspect of the aesthetic composition of short stories and the cultural messages they convey On account of its very brevity and episodic structure the generic liminality of the short story privileges the depiction of transitional situations and fleeting moments of crisis or decision It also addresses the moral transgressions heterotopic orders and forms of ambivalent self reflection negotiated within the short story s confines This innovative collection focuses on both the liminality of the short story and on liminality in the short story
