Good Morning Everyone:

People Get Ready Ajay Heble, Rob Wallace, 2013-05-17 In *People Get Ready* musicians scholars and journalists write about jazz since 1965 the year that Curtis Mayfield composed the famous civil rights anthem that gives this collection its title. The contributors emphasize how the political consciousness that infused jazz in the 1960s and early 1970s has informed jazz in the years since then. They bring nuance to historical accounts of the avant garde the New Thing Free Jazz non idiomatic improvisation fusion and other forms of jazz that have flourished since the 1960s and they reveal the contemporary relevance of those musical practices. Many of the participants in the jazz scenes discussed are still active performers. A photographic essay captures some of them in candid moments before performances. Other pieces revise standard accounts of well known jazz figures such as Duke Ellington and lesser known musicians including Jeanne Lee delve into how money class space and economics affect the performance of experimental music and take up the question of how digital technology influences improvisation. *People Get Ready* offers a vision for the future of jazz based on an appreciation of the complexity of its past and the abundance of innovation in the present. A Chance at Love Sheena Binkley, 2014-03-07 Tia Simmons has been happily dating Eric Taylor for the past six months and could possibly see a future with him. He's everything Tia wants in a man: smart, funny, and extremely sexy, but she feels something is missing in the relationship. Until she finds what she's looking for, she'll be with Eric as long as she can. Charles Robinson always dated women without the concept of falling in love. He doesn't even want to think about the word, considering he was at one point in his life. When his ex arrives claiming she wants another chance with him, he starts to rethink the notion that love is not a bad thing. Although the two are living their lives, they both are centered around their best friends: Camille Anderson and Trevor Williams, who are madly in love. Seeing the two together put their own lives in perspective and wonder if their lives are where they should be. But there is one problem that has plagued them both: Tia and Charles have known each other since high school. They were actually good friends until one night changed their relationship forever. After that night, the two have been distanced, causing them to snip at each other any chance they got. But when a new merger unexpectedly puts Tia and Charles in the same company, the two have to come together not only for a big account but also to settle their differences before both are out of a job. Through a string of events including a drunken night out, a game of strip Twister, and a wedding, the two realize that love can come when they least expect it.
