Good Preschool Teacher Six Teachers Reflect On Their Lives:

The Good Preschool Teacher William Ayers, 1989 This important book is the result of an in depth inquiry into the lives and work of six outstanding preschool teachers Through a creative original combination of interviews letters vignettes interpretive analysis and reflections the author describes and links together the events people and experiences that have made these women the excellent teachers they are Ayers method of using autobiographical reflection to understand teaching practice will be excellent for use in pre service teacher education classes and inservice teacher renewal efforts Well written and highly readable this book is essential for early childhood practitioners both women and men at all levels and within all types of services and will appeal to researchers and parents as well If teachers are to continue to grow they must at some point begin to study themselves From the Foreword by Vivian Gussin Paley Reconceptualizing Literacy in the New Age of Multiculturalism and Pluralism Patricia Ruggiano Schmidt, Althier Lazar, 2015-10-01 The 2nd Edition of Reconceptualizing Literacy in the New Age of Multiculturalism and Pluralism honors the genius of Dr Peter Mosenthal His contributions to the field of literacy were unprecedented Many described him as a superb researcher who never lost sight of the purpose of education He made us laugh as he led us in a nursery rhyme song during his National Reading Conference LRA Presidential Address and made us think as he explained the significance of educational implications in all research articles He also mentored and taught graduate students in gentle and carefully attentive ways showing his respect and appreciation for the work of each individual in the field He was a remarkable person The second edition of this book includes many experienced and new scholars from around the world Qualitative and quantitative research methodologies are scattered throughout and the practical and theoretical are well represented New Literacies and Global Perspectives are added sections in this volume In this era of the Common Core Reconceptualizing Literacy in the New Age of Multiculturalism and Pluralism presents a rational educational balance for literacy development across the curriculum The Whole Language Kindergarten Shirley C. Raines, Robert J. Canady, 1990 Teachers interested in transforming their traditional kindergartens into child centred Whole Language classrooms now have a model for change **High-Risk Children In Schools** Robert Pianta, Daniel Walsh, 2014-06-03 High Risk Children in Schools offers a way for psychologists and educators to see and talk about the growing population of at risk children those likely to fail at formal schooling while helping to redefine the relationship between schools and families Using systems theory and developmental psychology the authors present a new framework for the study and education of children who are at risk This framework the Contextual Systems Model creates a dialogue between the child and schooling through which meaning goals and experiences are shared and accepted *Rethinking Welfare* Iain Ferguson, Michael Lavalette, Gerry Mooney, 2002-07-09 I would encourage undergraduates students to read it for it does summarise well a classical Marxist analysis of social policy and welfare Social Policy The anti capitalist movement is increasingly challenging the global hegemony of neo liberalism The arguments against the neo liberal agenda are clearly

articulated in *Rethinking Welfare* The authors highlight the growing inequalities and decimation of state welfare and use Marxist approaches to contemporary social policy to provide a defence of the welfare state Divided into three main sections the first part of this volume looks at the growth of inequality and social and environmental degradation Part Two centres on the authors argument for the relevance of core Marxist concepts in aiding our understanding of social policy This section includes Marxist approaches to a range of welfare issues and their implications for studying welfare regimes and practices Issues covered include Class and class struggle Oppression Alienation and the family The last part of the book explores the question of globalization and the consequences of international neo liberalism on indebted countries as well as the neo liberal agenda of the Conservative and New Labour governments in Britain The authors conclude with the prospect of an alternative welfare future which may form part of the challenge against global neo liberalism

Valuing Quality in Early Childhood Services Peter Moss, Alan Pence, 1994-10-28 Not only does this book offer a great deal of insight into evaluating early childhood services it also provides a focal point for those interested in establishing goals objectives and evaluation criteria for their own early childhood programmes Early Years Quality has become a priority issue for all concerned with early childhood care and education services Starting from the premise that quality is a relative and dynamic concept based on values and beliefs *Valuing Quality in Early Childhood Services* examines how the definitions of quality are established and who is involved in their establishment The book advocates that the process should involve a range of stakeholder groups including children parents staff care providers researchers employers and the community A key issue that emerges is the need for new and creative approaches to the development of an inclusionary process in the definitions and attainment of quality care

Journeys in Narrative Inquiry D Jean Clandinin, 2019-09-20 Organized around a metaphor of an academic journey D Jean Clandinin offers published tracings of an unfolding journey over 40 years that at its outset appeared to focus only on questions of epistemology However the book illuminates how that apparent beginning focus shape shifted to questions of methodology ethics ontology and subsequently political concerns Clandinin shows that even at the outset her research wonders were grounded in relational understandings of experience understandings that were simultaneously ontological methodological epistemological and ethical Jean s work is collaborative an engagement alongside others and within the contexts in which they and she lived and worked including those who were participants in the research She continues to acknowledge that narrative inquiry changes people s ways of being in the world and those changes have ethical significance While what she and her colleagues now call relational ethics has always been central recently her sense of ethics has become more explicitly political She shows the development of ideas over time beginning as she entered doctoral work and continuing through 2019 and onward Jean s work centered on relational understandings of experience highlights ethical dimensions and has come to define narrative understandings for generations of researchers This book will be an invaluable resource for researchers and graduate students and professional researchers in both educational and healthcare settings

Dangerous Counterstories in The Corporate Academy Brad J. Porfilio, Emily A. Daniels, 2013-03-01 Although the social reality is stark for progressive scholars who engage in scholarly activities or are committed to guiding their students to develop a social just praxis in the circles of higher education some scholars have found fissures amid the alienating often hostile academic world to learn grow and create transformative communities Up to this date however their stories have not been captured Therefore the purpose of this volume is to highlight alternative narratives generated by transformative scholars who have maintained their oppositional identity to the structures that oppress the vast majority of citizens By bringing together these narratives we focus on those who have joined with likeminded colleagues to teach engage in activism and conduct emancipatory forms of research learning to negotiate and survive academic and corporate realities in spite of restrictive climates Not only are these stories vital for helping students academics and the wider community understand how commercialized forces are impacting the professional lives of critical scholars in the academy they have the power to help current and future critical pedagogues define and redefine themselves in a social world which is continually promoting a narrow and intellectually stifling agenda for the role of education and turning the public against the very idea of a critical education McLaren 2006 As stated by Bruner 1986 stories give a map of possible roles and possible worlds in which action thought and self definition are possible or desirable p 2 cited in Collins Cooper 2005 These possibilities for definition and redefinition are what we seek to present explore and understand
