**1986**, 1987 The Dead Cure Woody Tanger, 1996 Dying on the 7th Floor is a way of life There are no reprieves or last minute commutations The 7th Floor in Boston's famed Charles River Medical Centre has 50 beds and a rotating community of patients whose ultimate fate is certain but whose experimental treatments have headlines medical textbooks The 7th Floor is a curious place it's where those who should die are cured and those hunting for cures are dying Welcome to The Dead Cure *The Look of Catholics* Anthony Burke Smith, 2010-06-22 When John Kennedy ran for president some Americans thought a Catholic couldn't or shouldn't win the White House Credit Bing Crosby among others that he did For much of American history Catholics perceived allegiance to an international church centered in Rome excluded them from full membership in society a prejudice as strong as those against blacks and Jews Now Anthony Burke Smith shows how the intersection of the mass media and the visually rich culture of Catholicism changed that Protestant perception and in the process changed American culture Smith examines depictions of and by Catholics in American popular culture during the critical period between the Great Depression and the height of the Cold War He surveys the popular films television and photojournalism of the era that reimagined Catholicism as an important even attractive element of American life to reveal the deeply political and social meanings of the Catholic presence in popular culture Hollywood played a big part in this midcentury Catholicization of the American imagination and Smith showcases the talents of Catholics who made major contributions to cinema Leo McCarey's Oscar winning film *Going My Way* starring the soothing and Catholic Bing Crosby turned the Catholic parish into a vehicle for American dreams while Pat O'Brien and Spencer Tracy portrayed heroic priests who championed the underclass in some of the era's biggest hits And even while a filmmaker like John Ford rarely focused on clerics and the Church Smith reveals how his films gave a distinctly ethnic Catholic accent to his cinematic depictions of American community Smith also looks at the efforts of Henry Luce's influential *Life* magazine to harness Catholicism to a postwar vision of middle class prosperity and cultural consensus And he considers the unexpected success of Bishop Fulton J Sheen's prime time television show *Life is Worth Living* in the 1950s which offered a Catholic message that spoke to the anxieties of Cold War audiences Revealing images of orthodox belief whose sharpest edges had been softened to suggest tolerance and goodwill Smith shows how such representations overturned stereotypes of Catholics as un-American Spanning
