counts Others only published an autobiography perhaps in the last years of life but were extraordinary writers and people We could also discuss the genre snobbery in literary circles that puts crime young peoples literature romantic and fantasy fiction and perhaps historical based narratives in a lower category than the novel **The Climax, Or, What Might Have Been** Charles Felton Pidgin, 1902 In this alternate history focused on American politics in the early 19th century Aaron Burr does not kill Alexander Hamilton and is able to become President of the United States *The World Review* ,1929
