Delivering the Goods Organisation for Economic Co-operation and Development. Working Group on Urban Freight Logistics,2003 This report analyses the measures taken in many cities in OECD countries to deal with the problems for local communities arising from the transport and delivery of goods in urban areas It is the outcome of the study undertaken by a working group to identify best practice in dealing with the challenges facing urban goods transport and includes recommendations for measures to develop sustainable goods transport systems **Goods Transportation in Urban Areas** United States. Federal Highway Administration,1978 **Urban Goods Movement** K Ogden,2017-07-12 Freight transport is essential to modern urban civilization No urban area could exist without a reliable freight transport system Although the private sector is responsible for much of this system the public sector has a vital role to play in the provision of infrastructure and the establishment of a social and legal framework within which transport can occur For these reasons goods movement deserves and is increasingly receiving explicit consideration in urban transport policy and planning Many cities around the

world have conducted studies aimed at resolving urban goods movement problems and a considerable if disparate body of research results are available This book brings together much of this knowledge and experience in a comprehensive source of information on urban freight particularly from a public policy or planning viewpoint It provides both a conceptual basis for urban goods movement analysis and detailed practical guidelines which may be used directly by those responsible for urban freight policy and planning The author has worked for over twenty years in this field and he draws upon his experience in Australia the United States Great Britain Canada and The Philippines to produce a book which is international in scope and perspective The book is written for practising professionals such as engineers economists and planners working in local government urban transport planning agencies highway authorities consultancies or research institutes it is also relevant to graduate courses in transport planning traffic engineering or urban policy It is of interest to all who have a concern for contemporary issues in urban development
