Sanders,1990      *Gorbachev's Gamble* Andrei Grachev,2018-03-12

Gorbachev s Gamble offers a new and more convincing answer to this question by providing the missing link between the internal and external aspects of Gorbachev s perestroika Andrei Grachev shows that the radical transformation of Soviet foreign policy during the Gorbachev years was an integral part of an ambitious project of internal democratic reform and of the historic opening of Soviet society to the outside world Grachev explains the motives and the intentions of the initiators of this project and describes their hopes and their illusions He recounts the story of the internal debates and struggles in the Kremlin and behind the scene decisions that led to the Soviet withdrawal from Afghanistan the fall of the Berlin Wall the break up of the Warsaw Pact and eventually the demise of the Soviet Union itself The book is based on exclusive interviews with the leaders of the Soviet Union including Gorbachev personal notes and diaries of their assistants and advisers and transcripts of the discussions inside the Politburo and Secretariat of the Central Committee Together they constitute a multi voice political confession of a whole generation of decision makers of the Soviet Union that enables us better to understand the origin and the breathtaking trajectory of the events that led to the end of the Cold War and the unprecedented transformation of world politics in the closing decades of the 20th century      Gorbachev And The Decline Of Ideology In Soviet Foreign Policy Sylvia Babus Woodby,2019-05-20 Through a combination of actions and words Mikhail Gorbachev has sought to convince the West that the USSR is not dangerous either militarily or politically At home he has sought to convince his countrymen that it is time to abandon the idea that the USSR is at war with the non socialist world and that it must keep the West at arms length I      **Gorbachev** Mikhail Gorbachev,1999-10-20 The last president of the Soviet Union discusses Communism the Cold War and bringing democracy to Russia in this sweeping political memoir Drawing on his own experience and rich archival material Mikhail Gorbachev shares his illuminating perspective on Russia s past present and future place in the world Beginning with the October Revolution of 1917 he notes how much Vladimir Lenin and the

Bolshevik Party did to modernize Russia While he argues that the Soviet Union had a positive influence on social policy in the West Gorbachev maintains that this positive development was cut short by Stalinist totalitarianism Discussing the fall of the USSR in depth Gorbachev examines the goals of perestroika awakening ethnic tensions the inability of democrats to unite and his own attempts to preserve the union through reform In retracing those fateful days he explains the origins of Russia's present crisis He then lays out a blueprint for Russia's future charting a path toward meaningful economic and political reforms He also presents possible resolutions to a number of international dilemmas including NATO expansion the role of the UN the fate of nuclear weapons and environmental problems **The Gorbachev Phenomenon** Brian Crozier, 1990

**GORBACHEV AND THE NEW SOVIET AGENDA IN THE WORLD.** Rand Corporation, [Inside Gorbachev's Kremlin](#) Yegor Ligachev, Stephen Cohen, 2018-02-23 This memoir by the second most powerful Communist Party leader during the early Gorbachev years provides an important alternative view of the USSR's transformation a view that is gaining ground in Russian politics today In a substantial new piece for this edition Mr Ligachev outlines the political agenda of today's communist coalition the establishment of a new Soviet Union with strong economic and political integration of its member states Yegor Ligachev a seasoned Party boss from Siberia made a solid career for himself in the capital during the Khrushchev era but following Khrushchev's ouster chose to retreat to the provinces In 1985 his political patrons brought him back to Moscow to help them build a dynamic new leadership team under Mikhail Gorbachev The two reform minded communists launched an effort to inject life and energy into the Party economy and society through a series of liberalizing measures But when Ligachev saw the reforms moving into a revolutionary phase that could result in the Party's loss of control over the helm of state he found himself increasingly siding with the opposition In this gripping book Ligachev describes the evolving confrontation between opposing forces at high level Party meetings and sessions of the Politburo as well as in less formal conversations Along the way he gives revealing glimpses not only of Gorbachev but also of Yuri Andropov Andrei Gromyko Alexander Yakovlev Eduard Shevardnadze Boris Yeltsin and other top leaders Notorious events such as the 1989 massacre in Tbilisi and the Gdlyan Ivanov affair in which Ligachev argues he was unjustly implicated are also highlighted [What Is at Stake Now](#) Mikhail Gorbachev, 2021-08-30 Thirty years after the end of the Cold War world peace is at risk again The President of the United States has withdrawn from the disarmament treaty with Russia Europe is disintegrating China is surging forward and a wave of nationalism and populism is destabilizing established political institutions and endangering hard won liberties In view of this dangerous and unpredictable state of affairs Mikhail Gorbachev the last great statesman of the 1989 revolution has written this short book to warn us of the grave risks we now face and to urge us all political leaders and citizens alike to take action to address them He focusses on the big challenges of our time such as the renewal of the arms race and the growing risks of nuclear war the new tension between Russia and the West the global environmental crisis the rise of populism and the decline of democracy He argues that self serving policies

and narrow minded politics aimed at the pursuit of national interests are taking the place of political principles and overshadowing the vision of a free and just world for all peoples He offers his view of where Russia is heading and he urges political leaders in the West to recognize that re establishing trust between Russia and the West requires the courage of true leadership and a commitment to genuine dialogue and understanding on both sides This succinct account of the immense challenges we now face by one of the world s greatest statesmen will be of interest to everyone concerned about the current state of the world and its future      **At the Highest Levels** Michael R. Beschloss, Strobe Talbott, 1998-03-01 Reveals a hitherto secret dimension of the most momentous event of our time the end of the Cold War Shows us the vital transactions that George Bush Mikhail Gorbachev made concealed from the world Bush s pledge not to press Gorbachev for Baltic independence the manipulations for German unification how Russia joined the Gulf War coalition Bush s private warnings to Gorbachev that he was about to be overthrown the U S President s secret efforts to prevent the breakup of the Russia keep Gorbachev in power An insider s account of the greatest events since the end of WW II
