Thomas Matters Gethin Abraham-Williams, 2015-07-31 By setting selected sayings from the Gospel of Thomas alongside the disciple's own words from the Fourth Gospel this book challenges the myth of doubting Thomas arguing that uncertainty is an essential element of any authentic faith experience In an age of increasing anti-Semitism and religious intolerance it also affirms the importance of the Gospel of Thomas in recovering the essential Jewishness of Jesus Far from undermining the Christian tradition of the Church and its canonical scriptures this book shows how the Gospel of Thomas complements both inviting the reader to reconsider the healthy significance of the Apostle of the Enquiring Mind Lessons from a Reluctant Healer Mary H. A. Kearns, 2021-08-08 Lessons from a Reluctant Healer is an inspiring personal memoir of Mary Kearns' journey towards trusting in her innate gifts and the wisdom of that still small voice within She shares the challenges she has faced in following her life path along with methods she has learned to make the journey smoother Blending her lived experiences with research in a variety of scientific disciplines Mary offers a message of hope during this unique time in history Throughout this book she encourages us to cultivate our inner wisdom and acknowledge our innate gifts so that we can do our part to help create a better world for all The Meaning of Mary Magdalene Cynthia Bourgeault, 2010-09-14 The author of *The Wisdom Jesus* takes readers on a journey to discover the real Mary Magdalene and finds a powerful ancient model for 21st century spirituality Mary Magdalene is one of the most influential symbols in the history of Christianity yet if you look in the Bible you'll find only a handful of verses that speak of her How did she become such a compelling saint in the face of such paltry evidence In her effort to answer that question Cynthia Bourgeault examines the Bible church tradition art legend and newly discovered texts to see what's there She then applies her own reasoning and intuition informed by the wisdom of the ages old Christian contemplative tradition What emerges is a radical view of Mary Magdalene as Jesus's most important disciple the one he considered to understand his teaching best That teaching was characterized by a nondualistic approach to the world and by a deep understanding of the value of the feminine Cynthia shows how an understanding of Mary Magdalene can revitalize contemporary Christianity how Christians and others can through her find their way to Jesus's original teachings and apply them to their modern lives *The Monk's Cell* Paula Pryce, 2018 Based on nearly four years of research among semi-cloistered Christian monastics and a dispersed network of non-monastic Christian contemplatives around the United States *The Monk's Cell* shows how religious practitioners in both settings combined social action and intentional living with intellectual study and intensive contemplative practices in an effort to modify their ways of knowing sensing and experiencing the world **The Gospels of the Marginalized** Marvin W. Meyer, 2012-10-16 *The Gospels of the Marginalized* provides an exciting new study of three of the most maligned figures in the New Testament story of Jesus Thomas usually considered the quintessential doubter among the disciples Mary Magdalene characterized as a repentant prostitute during much of the history of the church and Judas Iscariot presented as the despicable disciple of Jesus who betrayed his master for money In this book Marvin Meyer one of the most prominent of the scholars of gnostic texts and

other early Christian literature offers fresh and accurate translations of the Gospels of Thomas Mary and Judas with their proclamation of the good news of the wisdom of Jesus and he uses these gospels as the occasion to reexamine the place of Thomas Mary Magdalene and Judas Iscariot in the Jesus movement His striking analysis suggests that Thomas was no doubter that Mary Magdalene was a beloved disciple in the inner circles of disciples around Jesus and that the tale of Judas Iscariot as betrayer of Jesus is a piece of fiction Meyer adds a Gospel of the Redeemed as a vivid illustration of how the gospel story of Jesus might read with Jesus as a Jewish teacher of wisdom and Thomas Mary and Judas restored as loyal followers of the teacher from Nazareth

The Original Gospel of Thomas in Translation April D. DeConick, 2007-09-01 An enigmatic collection of 114 sayings of Jesus the Gospel of Thomas was discovered in the sands of Nag Hammadi Egypt in the 1940 s Here April DeConick provides a new English translation of the entire Gospel of Thomas which includes the original kernel of the Gospel and all the sayings Whilst most other translations are of the Coptic text with only occasional reference to the Greek fragment variants this translation integrates the Greek and offers new solutions to complete the lacunae A unique feature of this book is that translations to the parallels of the Gospel are also included Since its discovery scholars and the public alike have been intrigued to know what the Gospel says and what light it sheds on the formation of early Christianity In *Recovering the Original Gospel of Thomas* April DeConick argued that the gospel was a rolling corpus a book of sayings that grew over time beginning as a simple written gospel containing oracles of the prophet Jesus As the community faced various crises and constituency changes including the delay of the Eschaton and the need to accommodate Gentiles within the group its traditions were reinterpreted and the sayings in their gospel updated accommodating the present experiences of the community This volume was originally published in hardback as volume 287 in the *Journal for the Study of the New Testament Supplement* series and is part of the *Early Christianity in Context* subseries

The Gospel Code Ben Witherington III, 2004-06-02 Ben Witherington III confronts the claims of *The Da Vinci Code* with the sure footedness of a New Testament scholar yet in the plain language that any interested reader can follow

The Gnostic Bible Willis Barnstone, Marvin Meyer, 2009-06-30 A collection of Gnostic texts spanning centuries geographical locations and cultural traditions a wonderful achievement Elaine Pagels author of *The Gnostic Gospels* Gnosticism was a wide ranging religious movement of the first millennium CE with earlier antecedents and later flourishings whose adherents sought salvation through knowledge and personal religious experience Gnostic writings offer striking perspectives on both early Christian and non Christian thought For example some gnostic texts suggest that god should be celebrated as both mother and father and that self knowledge is the supreme path to the divine Only in the past fifty years has it become clear how far the gnostic influence spread in ancient and medieval religions and what a marvelous body of scriptures it produced The selections gathered here in poetic readable translation represent Jewish Christian Hermetic Mandaean Manichaean Islamic and Cathar expressions of gnostic spirituality Their regions of origin include Egypt the Greco Roman world the Middle East Syria Iraq

The Restored New Testament: A New Translation with Commentary, Including the Gnostic Gospels Thomas, Mary, and Judas Willis Barnstone,2009-09-22 From acclaimed scholar Willis Barnstone The Restored New Testament newly translated from the Greek and informed by Semitic sources For the first time since the King James Version in 1611 Willis Barnstone has given us an amazing literary and historical version of the New Testament Barnstone preserves the original song of the Bible rendering a large part in poetry and the epic Revelation in incantatory blank verse This monumental translation is the first to restore the original Greek Aramaic and Hebrew names Markos for Mark Yeshua for Jesus thereby revealing the Greco Jewish identity of biblical people and places Citing historical and biblical scholarship he changes the sequence of texts and adds three seminal Gnostic gospels Each book has elegant introductions and is thoroughly annotated With its superlative writing and lyrical wisdom The Restored New Testament is a magnificent biblical translation for our age

A Commentary on the Gospel of Thomas Petr Pokorný,2011-12-22 This commentary is opened by a study offering information about all aspects of the Gospel of Thomas especially about its relation to other texts of early Christian literature including the canonical Gospels The successive commentary is based upon the Coptic version and discusses also all fragments of the original Greek text The volume is divided into two parts The first discusses the function of each logion saying within the frame of piety and theology of the Thomasine group for which the Gospel is composed The second part discusses its literary shape and its history including its relation to the historical Jesus The result is a portrait of the Gospel as a radical interpretation of Jesus heritage still preserving some forgotten features of his teaching **Essential Gnostic**

Scriptures Willis Barnstone,Marvin Meyer,2010-12-28 The people we ve come to call gnostics were passionate advocates of the view that salvation comes through knowledge and personal experience and their passion shines through in the remarkable body of writings they produced over a period of more than a millennium and a half Willis Barnstone and Marvin Meyer have created a translation that brings the gnostic voices to us from across the centuries with remarkable power and beauty beginning with texts from the earliest years of Christianity including material from the Nag Hammadi library and continuing all the way up to expressions of gnostic wisdom found within Islam and in the Cathar movement of the Middle Ages The twenty one texts included here serve as a compact introduction to Gnosticism and its principal ideas and they also provide an entr e to the pleasures of gnostic literature in general representing as they do the greatest masterpieces of that tradition **Our Divine Double** Charles M. Stang,2016-03-07 What if you were to discover that you were only one half of a whole that you had a divine double In the second and third centuries CE Charles Stang shows this idea gripped the religious imagination of the Eastern Mediterranean offering a distinctive understanding of the self that has survived in various forms down to the present

An Introduction to the New Testament and the Origins of Christianity Delbert

Burkett,2002-07-10 Publisher Description *First Century Galilee* Bradley W. Root,2014-10-17 This dissertation argues

against the widespread belief among current scholars that Galilee experienced extensive Hellenization rapid urbanization and a socio economic crisis in the first century C E as a result of major socio economic changes initiated by Herod the Great and his successors My research indicates that earlier studies allowed the textual evidence to have an undue influence on the way that scholars interpret the archaeological evidence and vice versa Unlike previous studies on Early Roman Galilee the dissertation begins by attempting to interpret each source for the region individually and without recourse to other sources After establishing what each source says on its own about Galilee the dissertation analyzes the data as a whole and offers a reconstruction of Galilean society in the first century C E that better reflects the available evidence The major findings are that the region was politically stable until the Great Revolt of 66 C E that the region was much less Hellenized than some prominent scholars claim that the urbanization process initiated by Herod Antipas had less of a negative immediate impact on Galilean society than modern scholars usually assume and that Galilee was not experiencing any unusual or severe socio economic problems prior to the revolt

The Absolutely Essential Guide To Agnosticism Aaron Caldwell, 2015-05-07 No matter how many falsehoods the theist has spread about agnosticism it has survived quite well over the decades and is a theology to be reckoned with An international poll of most western countries taken in the early 90 s asked people their religion 17% wrote agnostic How many millions of acknowledged agnostics are there in the US alone No one knows for sure In addition how many more Americans lean towards agnosticism and don't realize it Millions more probably This book has been written to give a better understanding of both the agnostic and contemporary agnostic theologies The theistic religion most discussed is Christianity This is not because Christianity is better than other religions but because 1 agnosticism was developed in response to orthodox Christianity 2 the theology of agnosticism is most prevalent in Christian dominated cultures and 3 because Jesus was not only a great teacher but the religious visionary western civilization is most familiar with Reference information on Christianity will be provided to help us better understand how and why contemporary agnosticism and its grandfather agnosticism developed We'll gain a better understanding of contemporary agnostic principles by discussing this theology's position on key religious doctrines such as the fear of God the apocalypse life after death and prayer To aid in this process the reader is encouraged to take advantage of the glossary and several appendixes in the back This publication will use the power of knowledge and

history to explore theology Facts generally are presented from the standpoint of science and history rather than from the standpoint of faith This book won't spend a great deal of time with drawn out essays Instead one point will be clarified concisely so the reader can move on to another In this publication the Jesus of faith which for so many centuries was unquestioned will give way to the more likely Jesus of history We'll utilize a perspective of Jesus that has been intensely scrutinized by scientific and historically oriented research methods In doing so we hope to provide a better understanding of what this wondrous sage and visionary had to offer mankind This more scrutinized perspective of the life and teachings of Jesus began emerging in 1906 when Nobel Prize winner Albert Schweitzer also known as a great doctor and humanitarian wrote Quest Of The Historical Jesus Research on the subject of a historically more accurate Jesus has dramatically increased in the last 30 years As well as being called the Jesus of history this perspective is also referred to as the historically more accurate Jesus and the historical Jesus More than 100 biblical scholars researchers and professors participated in this scientific research Almost all of these scholars have PhDs or the theological equivalent What they found was a better understanding of the founding prophet of Christianity and what this man of great wisdom said
