Honorable Profession John L'Heureux, 2007-12-01 A New York Times Notable Book of a young teacher and the scandal that could destroy him A combination interior odyssey and intense thriller Publishers Weekly John L'Heureux is one of our most authoritative and compelling novelists and *An Honorable Profession* is a splendid novel realized superbly well about an ordinary New England school where a young teacher's life is about to undergo the most serious of tests The Star Ledger Miles Bannon works hard and strives to be fair he enjoys his popularity with students a bit too much sometimes but overall he is a good man When he witnesses a group of students picking on one boy in the shower after football practice he is suddenly forced to balance his responsibility for the situation with the unexpectedly intimate glimpse he now has of them And when the victim begins to cling to him in the face of his own father's rejection Miles finds it perhaps too welcome a feeling Then comes an accusation of impropriety that will destroy his career and transform his life and who he thought he was forever Brilliant and complex A deeply ambitious novelist who isn't afraid of dealing with dark themes and what it means to be fully human Robert Ward The New York Time Book Review

The Entitlement Cure John Townsend, 2015-10-06 Do you have anyone in your life who can't seem to stick with a project meet a deadline or even clean up after themselves All of us feel we deserve special treatment sometimes Some people live with this entitled attitude such as Professionals who wander from job to job looking for a boss who will see them as amazing as they consider themselves to be whether they're productive or not Young adults who refuse to grow up and so go nowhere Spouses or dates who believe I'm special and I deserve more than you're giving me Leaders who expect special treatment because of their position not because of their character If you have a difficult relationship with an entitled person or if you have discovered entitlement in yourself understand this It doesn't have to stay this way There is a cure It's called the Hard Way and it works In *The Entitlement Cure* Dr John Townsend explains that the Hard Way is a habit that focuses on doing whatever is needed even if it is difficult uncomfortable takes longer and requires more energy Dr Townsend offers daily steps such as risk taking to help you or those you love choose the Hard Way Ultimately entitlement fails us We don't develop the character abilities and relationships necessary to reach success and become the people God intended us to be By contrast Hard Way people have better relationships reach their goals have a clear job direction enjoy rich spiritual growth and are equipped to face and solve challenges As Dr Townsend writes Stand against entitlement in every form in which it manifests itself Resolve your own tendencies toward the disease Be a loving and firm force for helping those in its trap to find life and hope And you will make the world a better place Discover why the Hard Way is the best way in this practical guide to true success *Transactions Metallurgical Society of AIME.*, 1918

Sustaining the Comprehensive Ideal Trevor Male, Ioanna Palaiologou, 2019-11-14 This book explores the development of educational leadership within difficult contexts via the lens of a previously failing English secondary school in an area of urban poverty Based on extensive interview data from 2012-2016 the authors demonstrate that the fundamental ethos underpinning the school's improvement is a desire to meet the needs of young people in disadvantaged communities in order to equip them with the skills to allow them to transcend their situation The authors posit that this school embodies the comprehensive ideal of secondary education in England that education should not be disadvantaged by background and that the state should provide free and high quality education for all This book will appeal to students and scholars of comprehensive education and schools in difficult contexts

A Sword Named Truth Sherwood Smith, 2020-06-30 Untested young rulers must cooperate to protect their world from the magical threat of the mysterious kingdom of Norsunder in a new epic fantasy trilogy set in the same world as the popular *Inda* series Long dormant magical forces are moving once again in Sartorias deles Agents of Norsunder a mysterious bastion of incredible dark power have reappeared in the world amassing resources and sowing instability But with numerous nations led by young rulers brought too early to their thrones the world is hardly ready to defend itself Atan is still uncomfortable with her new queenship gained after her country was freed from a Norsundrian enchantment that left it frozen outside time for a century Senrid strives to establish rule of law after deposing his brutal and cruel uncle seeking to exert control over rebellious jarls and a distrustful military academy Jilo never expected the responsibility of leading his nation but when its dictator vanishes after a Norsundrian attack Jilo finds himself stepping into the power void taking the reins of a country so riddled with dark magic that its citizenry labors for mere survival Clair and CJ lead a band of misfits against magical threats that overshadow their tiny country including a direct incursion from the

Norsundrians Those in power are not the only individuals working to subvert the plans of Norsunder Liere a young shopkeeper's daughter battles her own debilitating insecurities to live up to her reputation as a former savior of the realm Hibern a mage's apprentice must act as a liaison between national leaders negotiating politics still foreign to her Rel a traveling warrior stirs powerful allies to action encourages common folk to take up arms These leaders soon realize that any significant victory against Norsunder will require an alliance between their nations Yet good intentions may fracture in the face of personal grudges secrets and inexperience As the Norsundrian attacks become bolder the members of this tenuous alliance must find ways to trust one another and bind themselves together lest they fail to defend against a host that has crushed entire worlds The Scholarship of Teaching and Learning In and Across the Disciplines Kathleen

McKinney, 2013-01-21 The scholarship of teaching and learning SoTL began primarily as a discipline based movement committed to exploring the signature pedagogical and learning styles of each discipline within higher education with little exchange across disciplines As the field has developed new questions have arisen concerning cross disciplinary comparison and learning in multidisciplinary settings This volume by a stellar group of experts provides a state of the field review of recent SoTL scholarship within a range of disciplines and offers a stimulating discussion of critical issues related to interdisciplinarity in teaching learning and SoTL research **Changing Education** Joyce Antler, Sari Knopp

Biklen, 1990-07-05 By combining history theory philosophy case studies and monographs with broader issues Changing Education shows how educational experience and knowledge are deeply gendered One of its strengths indeed the excitement of women's studies in general is its breadth and interdisciplinary nature It pays attention to such issues in feminist theory and women's studies as women's culture and the sameness versus difference debate at the same time it provides a wealth of information and new material that is not available elsewhere Susan Ware New York University It highlights gender as a cultural phenomenon showing that women's experience in education has been shaped by gender specific stereotypes and concepts At the same time the essays show how women used gender categories to their own advantage to create new lines of work such as kindergarten teaching and child study activity or to overcome societal prejudice by way of collective action such as the Boston Women's Health Collective It makes an important contribution to the debate about women's culture versus women's politics showing the significance of each e.g. the women's page of the Jewish Daily Foreword as a vehicle for women's traditional culture and contemporary committed feminism I think you have a winner here Ann J Lane Colgate University
