Economic Development In Iran 1900 197:

A History of Slavery and Emancipation in Iran, 1800-1929 Behnaz A. Mirzai, 2017-05-16 The first history of slavery in this key Middle Eastern country and how it shaped the nation's unique character Slavery in the Middle East is a growing field of study but the history of slavery in a key country Iran has never before been written This history extends to Africa in the west and India in the east to Russia and Turkmenistan in the north and to the Arab states in the south As the slave trade between Iran and these regions shifted over time it transformed the nation and helped forge its unique culture and identity Thus a history of Iranian slavery is crucial to understanding the character of the modern nation Drawing on extensive archival research in Iran Tanzania England and France as well as fieldwork and interviews in Iran Behnaz A Mirzai offers the first history of slavery in modern Iran from the early nineteenth century to emancipation in the mid twentieth century She investigates how foreign military incursion frontier insecurity political instability and economic crisis altered the patterns of enslavement as well as the ethnicity of the slaves themselves Mirzai's interdisciplinary analysis illuminates the complex issues surrounding the history of the slave trade and the process of emancipation in Iran while also giving voice to social groups that have never been studied enslaved Africans and Iranians Her research builds a clear case that the trade in slaves was inexorably linked to the authority of the state During periods of greater decentralization slave trading increased while periods of greater governmental autonomy saw more freedom and peace This is a major contribution to the study of enslavement in Iran which will doubtlessly become a must read for any future studies of Middle Eastern and Islamic enslavement and abolition as well as for any work on Iranian history in general Ehud R Toledano Tel Aviv University author of *As If Silent and Absent Bonds of Enslavement in the Islamic Middle East* While this book will be revelatory to scholars of Iran it also promises to engage with theoretical trends in the study of slavery elsewhere It frames many research questions broadly to engage with scholars of slavery in other Muslim lands as well as slavery elsewhere Kamran Scot Aghaie University of Texas at Austin coeditor of *Rethinking Iranian Nationalism and Modernity* **Britain and South-West Persia**

1880-1914 Shahbaz Shahnavaz, 2005 This study of the Anglo Iranian relationship analyses the opening up of the Karun trade discussing the region's demography commerce and industry before the Karun advent and the impact of British political and commercial penetration **Planning and Power in Iran** Frances Bostock, Geoffrey Jones, 2014-02-04 An account of the career of Abol Hassan Ebtehaj **Oil Revenue and Socio-economic Development in Iran, 1963-78** Esmail Baku, 1980

undergone and examines the experience of the key sectors It also looks at the contribution of foreign aid and emigrant workers remittances to the economy The book concludes that there is a significant potential for the Jordanian economy but the current political and economic problems facing it are daunting First published in 1987 **Economic Development in Iran, 1900-1970** Julian Bharier,1971 **The Indian Economic Journal** ,1985 **Middle East Economies in the 1970s** Hossein Askari,John Thomas Cummings,1976 Economic analysis and comparison of development potential in the Middle East analyses economic policies and economic planning efforts and examines present status and trends with respect to land reform and agricultural development industrialization incl The petroleum industry gross national product employment human resources and brain drain trade patterns and economic relations monetary relations OPEC and the international monetary system etc Bibliography pp 519 to 570 references and statistical tables **International Labour Documentation** International Labour Office.
