Economic History Of Japan 1914 1955 A Dual Structure

Peer Vries

Economic History Of Japan 1914 1955 A Dual Structure:

The Economic History of Japan, 1600-1990: Economic history of Japan, 1914-1955 : a dual structure Takafusa Nakamura, Akira Hayami, Kōnosuke Odaka, 2003 This multi volume series covers the whole of modern Japanese economic history The series encompasses both the institutional aspects of Japanese economic development and the results of econometric and cliometric research to place the key moments of Japanese economic history in a more general context Volume three A Dual Structure covers the first half of the twentieth century when Japan's economic modernization brought the country into the circle of world powers between the two world wars the economic system established in the Second World War transformed the economy and postwar reconstruction provided the foundations for an extraordinary economic dynamism Where appropriate the book looks back to the nineteenth century and forward to the 1960s Thematic in its approach A Dual Structure explores how it was that during a prolonged period of hardship for the world economy particularly during the deflation of the 1920s and the worldwide depression in the early 1930s Japan's economy managed to overcome these crises and turbulence before entering into a period of remarkable high speed economic growth Issues examined in particular include the development and transformation of Japan's financial system and monetary policy the emergence of big business as an economic power the Japanese empire and its colonies wartime controls and the economic democratization reconstruction and high speed growth that followed At the centre of this study is a consideration of the dual structure of the Japanese economy which emerges in this inter war period of small scale companies on the one hand large industrial firms on the other and the increasing flow of labor into the cities which resulted Written by leading Japanese scholars and available for the first time in English translation the contributions have been abridged and re written for a non Japanese readership

The History of Japanese Economic Development Kenichi Ohno, 2017-09-07 This is an easy to read book that explains how and why Japan industrialized rapidly It traces historical development from the feudal Edo period to high income and technology in the current period Catch up industrialization is analyzed from a broad perspective including social economic and political aspects Historical data research and contesting arguments are amply supplied Japan's unique experience is contrasted with the practices of today's developing countries Negative aspects such as social ills policy failures military movements and war years are also covered Nineteenth century Japan already had a happy combination of strong entrepreneurship and relatively wise government which was the result of Japan's long evolutionary history Measured contacts with high civilizations of China India and the West allowed cumulative growth without being destroyed by them Imported ideas and technology were absorbed with adjustments to fit the local context The book grew out of a graduate course for government officials from developing countries It offers a comprehensive look and new insights at Japan's industrial path that are often missing in standard historical chronicles Written in an accessible and lively form the book engages scholars as well as novices with no prior knowledge of Japan *Routledge Handbook of Global Economic History*

Francesco Boldizzoni, Pat Hudson, 2015-12-22 The Routledge Handbook of Global Economic History documents and interprets the development of economic history as a global discipline from the later nineteenth century to the present day Exploring the normative and relativistic nature of different schools and traditions of thought this handbook not only examines current paradigmatic western approaches but also those conceived in less open societies and in varied economic political and cultural contexts In doing so this book clears the way for greater critical understanding and a more genuinely global approach to economic history This handbook brings together leading international contributors in order to systematically address cultural and intellectual traditions around the globe Many of these are exposed for consideration for the first time in English The chapters explore dominant ideas and historiographical trends and open them up to critical transnational perspectives This volume is essential reading for both academics and students in economic and social history As this field of study is very much a bridge between the social sciences and humanities the issues examined in the book will also have relevance for those seeking to understand the evolution of other academic disciplines under the pressures of varied economic political and cultural circumstances on both national and global scales Japanese Economic Development Penny

Francks, 2015-05-19 This fully revised and updated third edition of Japanese Economic Development looks at Japan's economic history from the nineteenth century through to World War II recasting analysis of Japan's economic past in the light of fresh theoretical perspectives in the study of economic history and development Francks draws out the historical roots of the institutions and practices on which Japan's post war economic miracle was based and provides a comparative framework within which the Japanese case can be understood and related to development in the rest of the world New features for this edition include textboxes summarising key concepts expanded coverage of the early modern economy the traditional sector and the international context of Japanese growth an increased number of case studies fully up dated references glossary and bibliography Taking a thematic approach this textbook demonstrates how studying the first example of Asian industrialisation can provide the basis for an alternative non western narrative of development As it is such an important resource for undergraduate and postgraduate courses on the Japanese economy as well as comparative economic development and economic history more generally **Historical Dictionary of Japanese Business** Stuart D.B.

Picken, 2016-12-19 Japan although now listed as the world's third largest economy after that of the United States and China has been too readily dismissed in the late 20th century as a spent force This is as unfortunate as it is incorrect for a number of reasons First while the Peoples Republic of China is indeed growing and its markets are expanding an enormous amount of the impetus for development as well as logistical support is coming from large numbers of Japanese corporations operating in the PRC Major Japanese enterprises such as Toyota Sony and Honda are already in China or are in the process of establishing a presence there The export of Japanese technology remains an important contribution to China's development The benchmark of product quality within Asia and in some areas beyond has been set by Japanese industrial standards This

second edition of Historical Dictionary of Japanese Business contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 800 cross referenced entries on important personalities Japanese businesses politics and economy This book is an excellent access point for students researchers and anyone wanting to know more about Japanese Business

An East Asian Route of Industrialization? The Case of Japan, 1868-1937 Peer Vries,2022-08-01 In this book Peer Vries is the first scholar to provide an extensive test of the claim that industrialization in East Asia in particular in Japan between the Meiji Restoration and World War Two would have been much more labour intensive than industrialization in the West He does this by systematically comparing the role and importance of labour and capital in Japan and in a number of Western countries at a similar stage of their industrial development He uses macro economic data as well as specific observations by people at the time It turns out that there is no reason to distinguish a specific labour intensive Japanese route of industrialization His comparative analysis provides us with a better understanding of the logic of industrialization in both West and East

Brewed in Japan Jeffrey W. Alexander,2013-09-24 Although Japan s beer industry dates back nearly 145 years to date there has been no English language source documenting its origins growth and evolution Spanning the earliest attempts to brew beer to the recent popularity of local craft brews Brewed in Japan explores beer s steady rise to become today s beverage of the masses Alexander sheds light on the advent of Western style taverns and beer gardens the control of beer production by Japan s Ministry of Finance during the Second World War the rapid rise in women s beer consumption postwar and the continued dominance of long surviving firms such as Asahi Kirin and Sapporo Featuring an array of Japanese sources this book further illustrates how post war marketing campaigns and shifting consumer preferences made beer Japan s leading alcoholic beverage by the 1960s

Gale Researcher Guide for: Japanese Economic Recovery after World War II Luke A. Franks,2018-09-28 Gale Researcher Guide for Japanese Economic Recovery after World War II is selected from Gale s academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research

The Interwar World Andrew Denning,Heidi J.S. Tworek,2023-08-29 The Interwar World collects an international group of over 50 contributors to discuss analyze and interpret this crucial period in twentieth century history A comprehensive understanding of the interwar era has been limited by Euro American approaches and strict adherence to the temporal limits of the world wars The volume s contributors challenge the era s accepted temporal and geographic framings by privileging global processes and interactions Each contribution takes a global thematic approach integrating world regions into a shared narrative Three central questions frame the chapters First when was the interwar Viewed globally the years 1918 and 1939 are arbitrary limits and the volume explicitly engages with the artificiality of the temporal framework while closely examining the specific dynamics of the 1920s and 1930s Second where was the interwar Contributors use global history methodologies and training in varied world regions to decenter Euro American

frameworks engaging directly with the usefulness of the interwar as both an era and an analytical category Third how global was the interwar Authors trace accelerating connections in areas such as public health and mass culture counterbalanced by processes of economic protectionism exclusive nationalism and limits to migration By approaching the era thematically the volume disaggregates and interrogates the meaning of the global in this era As a comprehensive guide this volume offers overviews of key themes of the interwar period for undergraduates while offering up to date historiographical insights for postgraduates and scholars interested in this pivotal period in global history

Small and Medium Scale Industry in Indian and the Model of Japan Konosuke Odaka,Yukihiko Kiyokawa,2008-07-09 Revised version of papers presented at the Workshop on Comparative Study on the Small and Medium Scale Industry in India and Japan held at Tokyo during 8 9 March 1996 *Sveriges Riksbank and the History of Central Banking* Tor Jacobson,Rodney Edvinsson,Daniel

Waldenström,2018-05-24 Offers a comprehensive analysis of the historical experiences of monetary policymaking of the world s largest central banks Written in celebration of the 350th anniversary of the central bank of Sweden Sveriges Riksbank Includes chapters on other banks around the world written by leading economic scholars

The Cambridge History of the Second World War: Volume 3, Total War: Economy, Society and Culture Michael Geyer,Adam Tooze,2015-04-23 The conflict that ended in 1945 is often described as a total war unprecedented in both scale and character Volume 3 of The Cambridge History of the Second World War adopts a transnational approach to offer a comprehensive and global analysis of the war as an economic social and cultural event Across twenty eight chapters and four key parts the volume addresses complex themes such as the political economy of industrial war the social practices of war the moral economy of war and peace and the repercussions of catastrophic destruction A team of nearly thirty leading historians together show how entire nations mobilized their economies and populations in the face of unimaginable violence and how they dealt with the subsequent losses that followed The volume concludes by considering the lasting impact of the conflict and the memory of war across different cultures of commemoration

Proceedings of the 2022 International Conference on Economics, Smart Finance and Contemporary Trade (ESFCT 2022) Faruk Balli,Au Yong Hui Nee,Sikandar Ali

Population, Family and Society in Pre-Modern Japan Akira Hayami, 2010-01-01 Doyen of demography studies in Japan at the University of Tokyo this collection of Akira Hayami's writings in English brings together for the first time an invaluable resource of comparative primary data on the demographic history of Japan Containing twenty key essays the volume is divided into five parts Tokugawa Japan

Demography through Telescope Demography through Microscope Family and Household Afterwards It begins with Philip II of Spain and Toyotomi Hideyoshi in the sixteenth century and concludes with Koji Sugi and the emergence of modern population studies in the twentieth century

A History of Corporate Governance around the World Randall K. Morck, 2007-11-01 For many Americans capitalism is a dynamic engine of prosperity that rewards the bold the daring and the hardworking But to many outside the United States capitalism seems like an initiative that serves only to concentrate power and wealth in the hands of a few hereditary oligarchies As *A History of Corporate Governance around the World* shows neither conception is wrong In this volume some of the brightest minds in the field of economics present new empirical research that suggests that each side of the debate has something to offer the other Free enterprise and well developed financial systems are proven to produce growth in those countries that have them But research also suggests that in some other capitalist countries arrangements truly do concentrate corporate ownership in the hands of a few wealthy families *A History of Corporate Governance around the World* provides historical studies of the patterns of corporate governance in several countries including the large industrial economies of Canada France Germany Italy Japan the United Kingdom and the United States larger developing economies like China and India and alternative models like those of the Netherlands and Sweden

Averting a Great Divergence Peer Vries, 2019-08-08 The most significant debate in global economic history over the past twenty years has dealt with the Great Divergence the economic gap between different parts of the world Thus far this debate has focused on China India and north western Europe particularly Great Britain This book shifts the focus to ask how Japan became the only non western country that managed at least partially to modernize its economy and start to industrialize in the 19th century Using a range of empirical data Peer Vries analyses the role of the state in Japan's economic growth from the Meiji Restoration to World War II and asks whether Japan's economic success can be attributed to the rise of state power Asserting that the state's involvement was fundamental in Japan's economic catching up he demonstrates how this was built on legacies from the previous Tokugawa period In this book Vries deepens our understanding of the Great Divergence in global history by re-examining how Japan developed and modernized against the odds

The New Cambridge

History of Japan: Volume 3, The Modern Japanese Nation and Empire, c.1868 to the Twenty-First Century Laura Hein, 2023-06-08 This major new volume presents innovative recent scholarship on Japan's modern history including its imperial past and transregional entanglements. An international team of leading scholars offer accessible and thought provoking essays that present an expansive global vision of the archipelago's history from c. 1868 to the twenty first century. Japan was the first non-Western society to become a modern nation and empire to industrialize and to deliver a high standard of living to virtually all its citizens capturing international attention ever since. These Japanese efforts to reshape global hierarchies powered a variety of debates and conflicts both at home and with people and places beyond Japan's shores. Drawing on the latest Japanese and English language scholarship this volume highlights Japan's distinctive and fast changing history.

Japan's Motorcycle Wars Jeffrey W. Alexander, 2009-01-01 For decades the crown jewels of Japan's postwar manufacturing industry motorcycles remain one of Japan's top exports. Japan's Motorcycle Wars assesses the historical development and societal impact of the motorcycle industry from the influence of motor sports on vehicle sales in the early 1900s to the postwar developments that led to the massive wave of motorization sweeping the Asia Pacific region today. Jeffrey Alexander brings a wealth of information to light providing English translations of transcripts, industry publications and company histories that have until now been available only in Japanese. By exploring the industry as a whole he reveals that Japan's motorcycle industry was characterized not by communitarian success but by misplaced loyalties, technical disasters and brutal competition.

Designing Modern Japan Sarah Teasley, 2022-05-06 A revealing look at Japanese design weaving together the stories of people who shaped Japan's design industries with social history, economic conditions and geopolitics. From cars to cameras design from Japan is ubiquitous. So are perceptions of Japanese design from calming carefully crafted minimalism to avant garde catwalk fashion or the cute Kawaii aesthetic populating Tokyo streets. But these portrayals overlook the creativity, generosity and sheer hard work that has gone into creating and maintaining design industries in Japan. In *Designing Modern Japan* Sarah Teasley deftly weaves together the personal stories of people who shaped and shape Japan's design industries with social history, economic conditions and geopolitics. Key to her account is how design has been a strategy to help communities thrive during turbulent times and for making life better along the way. Deeply researched and superbly illustrated *Designing Modern Japan* appeals to a wide audience for Japanese design history and culture.

The East Asian Dimension of the First World War Jan Schmidt, Katja Schmidt, 2020-03-11 Welche Rolle spielte Ostasien im Ersten Weltkrieg? Wie sahen und bewerteten ostasiatische Beobachter den totalen Krieg in Europa, welche Lehren zogen sie daraus für ihre Gesellschaften? Wie verschoben sich wirtschaftliche Netzwerke durch den Krieg? Welchen Einfluss hatte er auf Ordnungsvorstellungen und Weltbilder in Ostasien? Das Ziel der neueren Geschichtsschreibung, die Globalität des Ersten Weltkriegs stärker zu erfassen, ohne seine lokalen Rückwirkungen aus dem Blick zu verlieren, verfolgt dieser Band gut 100 Jahre nach dem Beginn des Krieges am Beispiel Chinas, Japans und Koreas.

Whispering the Secrets of Language: An Psychological Journey through **Economic History Of Japan 1914 1955 A Dual Structure**

In a digitally-driven world wherever monitors reign great and quick transmission drowns out the subtleties of language, the profound secrets and emotional nuances hidden within words usually go unheard. Economic History Of Japan 1914 1955 A Dual Structure Introduction

In the digital age, access to information has become easier than ever before. The ability to download Economic History Of Japan 1914 1955 A Dual Structure has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economic History Of Japan 1914 1955 A Dual Structure has opened up a world of possibilities. Downloading Economic History Of Japan 1914 1955 A Dual Structure provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economic History Of Japan 1914 1955 A Dual Structure has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economic History Of Japan 1914 1955 A Dual Structure. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economic History Of Japan 1914 1955 A Dual Structure. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that

prioritize the legal distribution of content. When downloading Economic History Of Japan 1914 1955 A Dual Structure, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Economic History Of Japan 1914 1955 A Dual Structure has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Economic History Of Japan 1914 1955 A Dual Structure Books
