Nove,2013-02-01 First published in 1979 Political Economy and Soviet Socialism is an integrated selection of papers written over the past 12 years of Russian history which offers a unique insight into some important and controversial issues Professor Nove discusses the ideas of some of the leaders of the Russian revolution Lenin Trotsky and Bukharin the political economy of socialism and the problems of the contemporary USSR The author addresses the role of traditional Russian ideas in shaping the Soviet Union s social structure and the conceptual problems involved in defining its ruling stratum whether or not it is a class He also considers the criteria by which it is reasonable to judge Soviet reality the performance and prospects of agriculture in communist ruled Europe the ability of the Eastern bloc to tackle problems of inflation and the obstacles to economic reform Looking at the important and original developments of economic thought in the USSR and Eastern Europe Professor Nove dissects the ideas of the new leftists concerning the role of market forces under a feasible socialism These papers offer essential reading for students of politics economics and comparative social structure The Political Economy of Cooperatives and Socialism Bruno Jossa,2019-10-10 This book argues that capitalism cannot be said to be truly democratic and that a system of producer cooperatives or democratically managed enterprises is needed to give rise to a new mode of production which is genuinely socialist and fully consistent with the ultimate rationale underlying Marx s theoretical approach The proposition that firms should be run by the workers on their own was endorsed by John Dewey the greatest social thinker of the twentieth century but is also shared by Marxists such as Anton Pannekoek Karl Korsch Angelo Tasca Antonio Gramsci and Richard Wolff This book explores the history of this argument taking in concepts from economic and political thought including historical materialism cooperation utopianism and economic democracy The book will be of significant interest to scholars and students of political economy Marxism socialism history of economic thought and political theory **Between Capitalism and Socialism** Robert L. Formative Years, 1918-1928 Peter J. Boettke,2013-03-14 This book presents a narrative of one of the more interesting utopian experiments in comparative political and economic history the first decade of the Soviet experience with socialism 1918 1928 Though historical and textual analysis the book s goal is to render this experience intelligible to get at the meaning of the Soviet experience with socialism for comparative political economy today The book examines the texts of Lenin Bukharin and other revolutionaries as well as the interpretations of contemporary historians of the revolution and the

writings of more recent interpreters of Soviet political and economic history Arguing that the first three years of the Bolshevik regime 1918 1921 constitute an attempt to carry out the Marxian ideal of comprehensive central planning and that the disastrous results which all commentators agree occurred were the inevitable outcome of this Marxian ideal coming into conflict with the economic reality of the coordination problem that all economic systems face the book draws clear conclusions and elucidates the air of mystery that often surrounds the subject Offering a radical challenge to contemporary comparative political economy at the level of high theory applied research and public policy this book is appropriate for students and scholars interested in Marxism economic history political economy and Austrian economics A Theory of Socialism and Capitalism Hans-Hermann Hoppe,1989
