International Environmental Law United Nations Environment Programme, 2005 Each of our actions each of our decisions has a direct link to whether the world as we know it today will survive or succumb during the lifetime of our children Success in combating environmental degradation is dependent on the full participation of all actors in society One of the major challenges that legal stakeholders in developing countries and countries with economies in transition face is getting access to relevant information and material on environmental law This publication is designed to meet that demand and serve as a source of reference of basic documents on international environmental law Publishing Agency United Nations Environment Programme UNEP **Global Impacts of Micro- and Nano-Plastic Pollution** Gaur, Nisha, Sharma, Eti, Nguyen, Tuan Anh, Bilal, Muhammad, Melkania, Niranjana Prakash, 2024-09-25 The presence of micro and nano plastic pollution has emerged as a critical threat to environmental sustainability As plastic materials degrade into smaller particles less than 5 millimeters in size they infiltrate terrestrial ecosystems posing a danger to both the environment and human health Despite the ongoing efforts of scientists worldwide the scientific community still faces significant challenges in fully grasping the complexity and degradation of these microplastics and nanoplastics let alone finding effective solutions to curb their further spread As the urgency to address this issue grows there is a pressing need for a comprehensive resource that delves into the intricacies of micro and nano plastic pollution and offers actionable insights for mitigation *Global Impacts of Micro and Nano Plastic Pollution* meticulously tackles the multifaceted challenges posed by plastic pollution in our global ecosystems Authored by esteemed experts in the field this book offers a holistic analysis of micro plastics and nano plastics providing readers with invaluable insights into their characterization sources and fate in the environment Through comprehensive case studies and cutting edge research readers will gain a deeper understanding of the adverse effects of broken down plastics pollution on soil health plant biology and overall ecological balance *The New Palgrave Dictionary of Economics*, 2016-05-18 The award winning *The New Palgrave Dictionary of Economics* 2nd edition is now available as a dynamic online resource Consisting of over 1 900 articles written by leading figures in the field including Nobel prize winners this is the definitive scholarly reference work for a new generation of economists Regularly updated This product is a subscription based product

Environmental Fiscal Challenges for Cities and Transport Marta Villar Ezcurra, Janet E. Milne, Hope Ashiabor, Mikael Skou Andersen, 2019 As populations become increasingly concentrated in urban centres and mega cities while demands on transportation continue to grow the question of how to mitigate the environmental footprint of these trends is ever more pressing This comprehensive book demonstrates the potentially significant role of environmental taxation and other market based instruments in meeting these challenges *Agricultural and Climate Change Adaptation Law in Africa* Habib Sani Usman, 2025-02-17 This book presents an analysis of climate change and agricultural laws in Kenya Nigeria and South Africa in order to determine whether they adequately addressed the concept of agricultural adaptation Agriculture is one of the sectors of the economy that is contributing to climate change and at the same time the sector is heavily impacted by climate

change Therefore agricultural adaptation is required Focusing on three countries this book provides a novel comparative examination of how and to what extent the law promotes agriculture focused adaptation in these countries The role of the law in addressing issues such as water management strategies soil conservation methods and crop production methods is discussed This book identifies gaps in the regulatory frameworks for agricultural adaptation and highlights the lack of adaptive capacity of African agriculture due to weak or non existing legal frameworks It discusses ways to remedy these gaps through specific on farm adaptation strategies legislative amendments to consolidate all relevant national climate change related policies and laws with agricultural policies and laws that have relevant provisions on adaptation as medium term solutions and the development of a specific framework law for agriculture focused adaptation incorporating essential agricultural adaptation strategies could perhaps be enacted as long term solutions to the regulatory gaps This book will be of great interest to students and scholars of law climate change food and agriculture sustainable development and African studies
