Economics An Anti Text

Clemens Wendtner

Economics An Anti Text:

Economics, an Anti-text Francis Green, Petter Nore, 1977 **Economics: An Anti-Text** Francis Green, Petter Nore, 1977-03-17 *The Macroeconomics Anti-Textbook* Tony Myatt, 2022-10-20

Mainstream textbooks present economics as an objective science free from value judgements. This book demonstrates this to be a myth, one which serves to make such textbooks not only off-puttingly bland but also dangerously misleading in their justification of the status quo and neglect of alternatives. In this much needed companion volume to the popular *Microeconomics Anti Textbook*, Tony Myatt reveals how the blind spots and methodological problems present in microeconomics continue to exert their influence in mainstream macroeconomics. From a flawed conception of the labour market to a Pollyanna view of the financial sector, macroeconomic principles as they are set out in conventional undergraduate textbooks consistently fail to set out a realistic, useful or equitable framework for understanding the world. By summarising and then critically evaluating the major topics found in a typical macroeconomics textbook, the *Anti Textbook* lays bare their sins of omission and commission, showing where hidden value judgements are made and when contrary evidence and alternative theories are ignored. The *Macroeconomics Anti Textbook* is the student's essential guide to decoding mainstream macroeconomic textbooks and demonstrating how real world economics are much more interesting than most economists are willing to let on.

The Microeconomics Anti-Textbook Rod Hill, Tony Myatt, 2021-12-02

Mainstream textbooks present economics as an objective science free from value judgements. The *Microeconomics Anti Textbook* demonstrates this to be a myth, one which serves to make such textbooks not only off-puttingly bland but also dangerously misleading in their justification of the status quo and neglect of alternatives. In this fully updated and expanded edition of their celebrated book, Professors Rod Hill and Tony Myatt lay out the essentials of each topic in the standard texts in a clear and concise way, before presenting an anti-text analysis and critique. Challenging the assumptions, arguments and models, Hill and Myatt provide the essential guide to decoding the textbooks and show that real economics is far more interesting and subversive than the simplistic version presented to students.

[The Economics Anti-Textbook](#) Rod Hill, Tony Myatt, 2010-03-11

Mainstream textbooks present economics as an objective science free from value judgements that settles disputes by testing hypotheses that applies a pre-determined body of principles and contains policy prescriptions supported by a consensus of professional opinion. The *Economics Anti Textbook* argues that this is a myth, one which is not only dangerously misleading but also bland and boring. It challenges the mainstream textbooks' assumptions, arguments, models and evidence. It puts the controversy and excitement back into economics to reveal a fascinating and a vibrant field of study, one which is more an art of persuasion than it is a science. The *Economics Anti Textbook's* chapters parallel the major topics in the typical text, beginning with a boiled-down account of them before presenting an analysis and critique. Drawing on the work of leading economists, the *Anti Textbook* lays bare the blind spots in the texts and their sins of omission and commission. It shows where hidden value judgements are made and

when contrary evidence is ignored It shows the claims made without any evidence and the alternative theories that aren't mentioned It shows the importance of power social context and legal framework The Economics Anti Textbook is the students guide to decoding the textbooks and shows how real economics is much more interesting than most economists are willing to let on **MICROECONOMICS ANTI-TEXTBOOK** ROD. MYATT HILL (TONY.),2024 [Microeconomics Anti-textbook](#)

Tony Myatt, Mainstream textbooks present economics as an objective science free from value judgements The Microeconomics Anti Textbook demonstrates this to be a myth one which serves to make such textbooks not only off puttingly bland but also dangerously misleading in their justification of the status quo and neglect of alternatives In this fully updated and expanded edition of their celebrated book Professors Rod Hill and Tony Myatt lay out the essentials of each topic in the standard texts in a clear and concise way before presenting an anti text analysis and critique Challenging the assumptions arguments and models Hill and Myatt provide the essential guide to decoding the textbooks and show that real economics is far more interesting and subversive than the simplistic version presented to students **Keynes' Economics (Routledge Revivals)** Tony Lawson, Hashem Pesaran, 2009-07-15 First published in 1985 this title includes contributions from leading economists and addresses many seminal aspects of Keynes work and methods This revival will be of particular interest to lecturers and advanced students of economics **Economics and its Enemies** William Oliver Coleman, 2002-10-23 Anti economics is described as the opposition to the main stream of economic thought that has existed from the Eighteenth century to the present day This book tells the story of anti economics in relations to Smith Ricardo Mill Walras Keynes and Hicks as well as current economic thinkers William Coleman examines how anti economics developed from the Enlightenment to the present day and analyzes its various guises Right anti economics Left anti economics Nationalist and Historicist anti economics and Irrationalist Moralistic Aesthetic and Environmental anti economics *Economics*, 1977

The Macroeconomics Anti-Textbook Tony Myatt, 2022-10-20 Mainstream textbooks present economics as an objective science free from value judgements This book demonstrates this to be a myth one which serves to make such textbooks not only off puttingly bland but also dangerously misleading in their justification of the status quo and neglect of alternatives In this much needed companion volume to the popular Microeconomics Anti Textbook Tony Myatt reveals how the blind spots and methodological problems present in microeconomics continue to exert their influence in mainstream macroeconomics From a flawed conception of the labour market to a Pollyanna view of the financial sector macroeconomic principles as they are set out in conventional undergraduate textbooks consistently fail to set out a realistic useful or equitable framework for understanding the world By summarising and then critically evaluating the major topics found in a typical macroeconomics textbook the Anti Textbook lays bare their sins of omission and commission showing where hidden value judgements are made and when contrary evidence and alternative theories are ignored The Macroeconomics Anti Textbook is the student's essential guide to decoding mainstream macroeconomic textbooks and demonstrating how real world economics are much

more interesting than most economists are willing to let on *Economic Papers* ,2004 Foundations of Economics Yanis Varoufakis,2002-01-08 *Foundations of Economics* breathes life into the discipline by linking key economic concepts with wider debates and issues By bringing to light delightful mind teasers philosophical questions and intriguing politics in mainstream economics it promises to enliven an otherwise dry course whilst inspiring students to do well The book covers all the main economic concepts and addresses in detail three main areas consumption and choice production and markets government and the State Each is discussed in terms of what the conventional textbook says how these ideas developed in historical and philosophical terms and whether or not they make sense Assumptions about economics as a discipline are challenged and several pertinent students anxieties Should I be studying economics are discussed **The World of Consumption** Ben Fine, Ellen Leopold, 2002-06 In the opinion of many people the last decade saw the arrival of the consumer society However the response of social theory to consumerism has been barely appropriate to the scale of the changes As an antidote to this the authors propose the adoption of a new more inclusive theoretical approach based on systems of provision This emphasises different forms of determination for different products It also emphasises the essential continuity between the various aspects of consumption production distribution marketing advertising and sales Issues in Political Economy Francis Green, Petter Nore, 1979 **The Origin of Economic Ideas** Guy Routh, 1989-09-01 An updated version of the classic economics textbook revised to include current developments in the field It traces the development of modern economics and assesses the work of many famous theorists A chronology of the principal works of all economists mentioned in the text is included Economic Stories For Undergrads Annavajhula J. C. Bose, 2022-05-10 Economics is the strangest and most dubious as also frustrating animal of social sciences and humanities The debate on what it is and what its strengths and weaknesses are in understanding and changing the economy and society for the better is never ending This book cuts through this noise for econ undergrads with social concerns It is crafted to be stuffed with peripatetic hops skips and intellectual and emotional jumps about the nature and character of the brain circuits of economics in terms of its methodological political sociological anthropological historical feminist ethical ecological spiritual literary technical corporate and other underpinnings Diverse stories are told as alerts or nudges for the undergrads who as aspirant youth have in general hyperbolic discounting attitude towards social change The mind and heart of the undergrad reading this book will hopefully be ignited so as to endeavour to find out the purpose of economic education and how economics should be learnt in order to rectify the failures of our current socio economic system The seriously academic undergrad may also be inspired to pursue the long range objective of doing integrated studies and research for maximised understanding and holistic policy making which is of course easier to say than do Books in Print ,1981 **Economic Books** ,1978

Books in Print Supplement ,1982

The Enthralling World of E-book Books: A Comprehensive Guide Revealing the Benefits of Kindle Books: A World of Ease and Versatility Kindle books, with their inherent mobility and ease of access, have freed readers from the limitations of physical books.
