[Balthasar Hubmaier's Doctrine of Salvation in Dynamic and Relational Perspective](#) ChangKyu Kim,2013-08-12 This book aims to explore the meaning of salvation in Balthasar Hubmaier's theology Previous research has tended to explain and evaluate his theology by locating his identity among contemporary Anabaptists Moreover Hubmaier's theology has been variously labeled as Catholic Anabaptist Magisterial Anabaptist or as a bridge between the Radical and Magisterial branches of the Reformation These approaches to Hubmaier's theology essentially depend on a static and transactional perspective where the result comes from the cause Such an approach cannot fully explain the distinctive features of Hubmaier's theology

because his theology had multiple rather than single influences To understand Hubmaier s theology we need to focus on his motive and purpose in writing rather than external influences This volume attempts to explore a new understanding of Hubmaier s theology reflecting a necessary change in our paradigmatic methodologies This fresh perspective helps us see that Hubmaier s theology was not static and transactional but dynamic and relational As Hubmaier s main purpose was to give readers a proper understanding of soteriology his writings were written from this perspective concentrating on salvation This volume aims to enable the reader to access this unique understanding of soteriology by examining his primary texts in three categories free will baptism and the Lord s Supper To understand Hubmaier s theology through a new methodology leads us to rethink the meaning of salvation
