*Latin America: Hemispheric Partner* United States. Department of the Army,1964 **Cuba, the United States, and Cultures of the Transnational Left, 1930-1975** John A. Gronbeck-Tedesco,2015-10-20 This book examines the ways in which Cuba s revolutions of 1933 and 1959 became touchstones for border crossing endeavors of radical politics and cultural experimentation over the mid twentieth century It argues that new networks of solidarity building between US and Cuban allies also brought with them perils and pitfalls that could not be separated from the longer history of US empire in Cuba As US and Cuban subjects struggled together towards common aspirations of racial and gender equality fairer distribution of wealth and anti imperialism they created a unique index of cultural work that widens our understanding of the transition between hemispheric modernism and postmodernism Canvassing poetry music journalism photographs and other cultural expressions around themes of revolution this book seeks new understanding of how race gender and nationhood could shift in meaning and materialization when traveling across the Florida Straits **Hitler's Man in Havana** Thomas

Schoonover,2008-09-12 When Heinz L ning posed as a Jewish refugee to spy for Hitler s Abwehr espionage agency he thought he had discovered the perfect solution to his most pressing problem how to avoid being drafted into Hitler s army L ning was unsympathetic to Fascist ideology but the Nazis tight control over exit visas gave him no chance to escape Germany He could enter Hitler s army either as a soldier or a spy In 1941 he entered the Abwehr academy for spy training and was given the code name Lumann Soon after L ning began the service in Cuba that led to his ultimate fate of being the only German spy executed in Latin America during World War II L ning was not the only spy operating in Cuba at the time Various Allied spies labored in Havana the FBI controlled eighteen Special Intelligence Service operatives and the British

counterintelligence section subchief Graham Greene supervised Secret Intelligence Service agents and Ernest Hemingway's private agents supplied inflated and inaccurate information about submarines and spies to the U.S. ambassador Spruille Braden. L'ning stumbled into this milieu of heightened suspicion and intrigue. Poorly trained and awkward at his work, he gathered little information worth reporting, was unable to build a working radio, and improperly mixed the formulas for his secret inks. L'ning eventually was discovered by British postal censors and unwittingly provided the inspiration for Graham Greene's *Our Man in Havana*. In chronicling L'ning's unlikely trajectory from a troubled life in Germany to a Caribbean firing squad, Thomas D. Schoonover makes brilliant use of untapped documentary sources to reveal the workings of the famed *Abwehr* and the technical and social aspects of L'ning's spycraft. Using archival sources from three continents, Schoonover offers a narrative rich in atmospheric details to reveal the political upheavals of the time, not only tracking L'ning's activities but also explaining the broader trends in the region and in local counterespionage. Schoonover argues that ambitious Cuban and U.S. officials turned L'ning's capture into a grand victory. For at least five months after L'ning's arrest, U.S. and Cuban leaders, J. Edgar Hoover, Fulgencio Batista, Nelson Rockefeller, General Manuel Benítez, Ambassador Spruille Braden, and others treated L'ning as a dangerous key figure for a Nazi espionage network in the Gulf Caribbean. They reworked his image from low-level bumbler to master spy, using his capture for their own political gain. In the sixty years since L'ning's execution, very little has been written about Nazi espionage in Latin America, partly due to the reticence of the U.S. government. Revealing these new historical sources for the first time, Schoonover tells a gripping story of L'ning's life and capture, suggesting that L'ning was everyone's man in Havana but his own.
