Kershen,2017-03-02 At its most basic food is vital to our survival there can be no form of life without it But in economically developed and thriving societies there is more to eating and drinking than just surviving As the centuries have passed the marketing preparation and presentation of food has become an intrinsic part of the modern consumer society Food operates in the religious sphere too with consumption and abstinence playing their part in religious ritual whilst methods of animal slaughter have moved into the political as well as the religious arena Food not only sustains the migrant on both the real and metaphorical journey from home to elsewhere it also provides a bridge between the familiar and the unfamiliar Food acts as a catalyst for cultural fusion and excitement but it can also endanger change of diet all too frequently creating as many health problems as it resolves Its multi disciplinary nature enables Food in the Migrant Experience to address all the above issues in chapters written by leading academics in the fields of migration economics nutrition medicine and history As we continue to explore the minutiae of the immigrant experience this book will be essential reading to all those engaged in the study of migration *Food Culture in Great Britain* Laura Mason,2004-10-30 Students Anglophiles and literature hounds will want to delve into this delightful survey of foodways of a culture both ancient and cutting edge Only in recent years have modern kitchen conveniences become taken for granted all over Britain British cooking has also made tremendous strides

lately and the changes in shopping and food options preparation restaurant going and diet are detailed The cooking traditions and classic dishes for which Britain is known are described as well as they still help to define the people Commercialization and globalization are shown to characterize British foodways today For instance Britain s regionalism is eroding Health and environmental issues such as bovine spongiform encephalopathy have come to the fore Television cook shows are all the rage Women working outside the home and the increase in single parent households fuel the demand for quick and pre prepared meals The trends are well supported by statistics A timeline glossary and resource guide enhance the narrative

**Austerity Britain, 1945-1951** David Kynaston,2010-12-01 As much as any country England bore the brunt of Germany s aggression in World War II and was ravaged in many ways at the war s end Celebrated historian David Kynaston has written an utterly original and compellingly readable account of the following six years during which the country rebuilt itself Kynaston s great genius is to chronicle the country s experience from bottom to top coursing through through the book therefore is an astonishing variety of ordinary contemporary voices eloquently and passionately evincing the country s remarkable spirit Judy Haines a Chingford housewife gamely endures the tribulations of rationing Mary King a retired schoolteacher in Birmingham observes how well fed the Queen looks during a royal visit Henry St John a persnickety civil servant in Bristol is oblivious to anyone s troubles but his own Together they present a portrait of an indomitable people and Kynaston skillfully links their stories to bigger events thought the country Their stories also jostle alongside those of more well known figures like celebrated journalist to be John Arlott making his first radio broadcast Glenda Jackson and Doris Lessing newly arrived from Africa and struck by the leveling poverty of post war Britain Kynaston deftly weaves into his story a sophisticated narrative of how the 1945 Labour government shaped the political economic and social landscape for the next three decades

**Urban Food Culture** Cecilia Leong-Salobir,2019-04-02 This book explores the food history of twentieth century Sydney Shanghai and Singapore within an Asian Pacific network of flux and flows It engages with a range of historical perspectives on each city s food and culinary histories including colonial culinary legacies restaurants cafes street food market gardens supermarkets and cookbooks examining the exchange of goods and services and how the migration of people to the urban centres informed the social histories of the cities foodways in the contexts of culinary nationalism ethnic identities and globalization Considering the recent food history of the three cities and its complex narrative of empire trade networks and migration patterns this book discusses key aspects of each city s cuisine in the twentieth century examining the interwoven threads of colonialism and globalization
