bottom starting out as a dishwasher and holding every other position in the kitchen before he worked his way up to Executive Chef His resume reads like a who's who of restaurants New York's Supper Club One Fifth Avenue and Sullivan's He's currently the chef at large at Brasserie Les Halles where he started as executive chef in 1998 To date he's written three crime novels a cookbook and several bestsellers including Kitchen Confidential and its follow up Medium Raw A Bloody Valentine to the World of Food and the People Who Cook His writing career began with his New Yorker essay Don't Eat Before Reading This in 1999 It was that piece and its resulting popularity that led to Kitchen Confidential in 2000 EXCERPT FROM THE BOOK Chapter Four The New Woman Bourdain takes a break from the narrative to talk about the changing place of women in society Here he talks about the strides women were making breaking into careers once open only to men at the cusp of getting the right to vote The men were not happy about this turn of events at all Bourdain quotes several influential clergymen of the time decrying women who seemed to have forsaken their responsibilities at home to socialize drink gamble and work In essence all the things men were supposed to do How did this social revolution take place Bourdain predictably traces the origin of the New Woman to the stomach so to speak Or more precisely the empty stomach The true instigator of social revolution was starvation He notes the Irish Potato Famine of the mid to late 1840s caused a lot of social upheaval Between the millions of dead and the millions who left Ireland it changed society thoroughly Fewer people married or fooled around so there were fewer mouths to feed The women of Ireland and the women of Ireland who came to America had to make their own way in the world It was an example that other immigrants and even native born Americans as they were called would soon follow One of those women was Dr Baker who traded an education at Vassar for the Women's Medical College of New York and would go on to become an influential figure in public health Bourdain shows that there were more than a few things Mary and Dr Baker had in common buy the book to continue reading
