## **Gorbachev's Policies Toward Western Europe A Balance Sheet R 3588 Af Rand:**

Gorbachev's Policies Toward Western Europe Harry Gelman,Rand Corporation,1987 Since coming to power General Secretary Gorbachev has launched a diplomatic and propaganda offensive against the political foundations of Western Europe s nuclear deterrent and the European connection with the United States He has however given clear indication that he considers his predecessors campaign of threats and alarmist tactics in Europe to have been mistaken and he has displayed willingness to make certain incremental retreats from past Soviet negotiating positions But Soviet goals have not yet substantially changed There are several factors favoring his purposes notably his willingness to adapt Soviet negotiating strategy to the reality of defeat on the deployment of intermediate nuclear forces and his readiness to seek new ways of turning this defeat to Soviet advantage However there are several trends in Europe that are unfavorable to him In particular Gorbachev s internal political relaxation and his peace offensive toward Western Europe may pose dangers for the stability of the Soviet position in Eastern Europe   **Technical Reports Awareness Circular : TRAC.** ,1989-11   Rand Rand Corporation,1987

**Détente in Europe** John Van Oudenaren,1991 The monumental events in Eastern Europe and the Soviet Union must be understood Jan Van Oudenaren argues in the context of a process of East West d tente begun in 1953 in the aftermath of Stalin s death Van Oudenaren s comprehensive and timely study examines the development of Soviet Western d tente from the death of Stalin to the unification of Germany In redefining d tente as a process rather than a code of conduct Van Oudenaren looks to its origins in Soviet policy earlier than previously identified and analyzes both its history and character His study explores the restoration of four power negotiations in Germany and Austria in the mid 1950s their subsequent breakdown in the Berlin crisis their unexpected revival in 1990 in the form of two plus four talks on German unity and the future of the Soviet Union as a European power Among the key elements of d tente discussed are diplomacy particularly the role of summit conferences cooperation among parliaments political parties and trade unions arms control economic relations and links among cultural institutions churches and peace movements
