## **Gospel Fictions:**

Gospel Fictions Randel Helms, 1988-01-01 Are the four canonical Gospels actual historical accounts or are they imaginative literature produced by influential literary artists to serve a theological vision In this study of the Gospels based upon a demonstrable literary theory Randel Helms presents the work of the four evangelists as the supreme fictions of our culture self conscious works of art deliberately composed as the culmination of a long literary and oral tradition Helms analyzes the best known and the most powerful of these fictions the stories of Christ s birth his agony in the Garden of Gethsemane his betrayal by Judas his crucifixion death and resurrection In Helms exegesis of the Gospel miracle stories he traces the greatest of these the resurrection of Lazarus four days after his death to the Egyptian myth of the resurrection of Osiris by the god Horus Helms maintains that the Gospels are self reflexive they are not about Jesus so much as they are about the writers attitudes concerning Jesus Helms examines each of the narratives the language the sources the similarities and differences and shows that their purpose was not so much to describe the past as to affect the present This scholarly yet readable work demonstrates how the Gospels surpassed the expectations of their authors influencing countless generations by creating a life enhancing understanding of the nature of Jesus of Nazareth **Fakes, Forgeries, and Fictions** Tony Burke, 2017-05-31 Fakes Forgeries and Fictions examines the possible motivations behind the production of apocryphal Christian texts Did the authors of Christian apocrypha intend to deceive others about the true origins of their writings Did they do so in a way that is distinctly different from New Testament scriptural writings What would phrases like intended to deceive or true origins even mean in various historical and cultural contexts The papers in this volume presented in September 2015 at York University in Toronto discuss texts from as early as second century papyrus fragments to modern apocrypha such as tales of Jesus in India in the nineteenth century Life of Saint Issa The highlights of the collection include a keynote address by Bart Ehrman Apocryphal Forgeries The Logic of Literary Deceit and a panel discussion on the Gospel of Jesus Wife reflecting on what reactions to this particular text primarily on biblioblogs can tell us about the creation transmission and reception of apocryphal Christian literature The eye opening papers presented at the panel caution and enlighten readers about the ethics of studying unprovenanced texts the challenges facing female scholars both in the academy and online and the shifting dynamics between online and traditional print scholarship Formative Fictions Tobias Boes, 2012-10-05 The Bildungsroman or novel of formation has long led a paradoxical life within literary studies having been construed both as a peculiarly German genre a marker of that country s cultural difference from Western Europe and as a universal expression of modernity In Formative Fictions Tobias Boes argues that the dual status of the Bildungsroman renders this novelistic form an elegant way to negotiate the diverging critical discourses surrounding national and world literature Since the late eighteenth century authors have employed the story of a protagonist s journey into maturity as a powerful tool with which to facilitate the creation of national communities among their readers Such attempts always

stumble over what Boes calls cosmopolitan remainders identity claims that resist nationalism's aim for closure in the normative regime of the nation state These cosmopolitan remainders are responsible for the curiously hesitant endings of so many novels of formation In *Formative Fictions* Boes presents readings of a number of novels Goethe's *Wilhelm Meister's Apprenticeship* Karl Leberecht Immermann's *The Epigones* Gustav Freytag's *Debit and Credit* Alfred Döblin's *Berlin Alexanderplatz* and Thomas Mann's *Doctor Faustus* among them that have always been felt to be particularly German and compares them with novels by such authors as George Eliot and James Joyce to show that what seem to be markers of national particularity can productively be read as topics of world literature

*The Jesus Legend* Paul Rhodes Eddy, Gregory A. Boyd, 2007-08-01 Christianity Today 2008 Book Award Biblical Studies Even mature Christians have trouble defending the person and divinity of Christ *The Jesus Legend* builds a convincing interdisciplinary case for the unique and plausible position of Jesus in human history He was real and his presence on the planet has been well documented The authors of the New Testament didn't plant evidence though each writer did tell the truth from a unique perspective This book carefully investigates the Gospel portraits of Jesus particularly the Synoptic Gospels assessing what is reliable history and fictional legend The authors contend that a cumulative case for the general reliability of the Synoptic Gospels can be made and boldly challenge those who question the veracity of the Jesus found there

*The Gospels Behind the Gospels* Robert M. Price, 2023-02-23 What if we have been missing a whole stage of how the canonical gospels came to be What if there were a whole raft of prior Jesus narratives whether written or oral the fragmentary vestiges of which now appear in Matthew Mark Luke and John This would explain why these gospels seem over crowded with incompatible understandings of Jesus Christologies In *The Gospels Behind the Gospels* innovative biblical scholar Robert M Price attempts to reassemble the puzzle pieces disclosing several earlier gospels of communities who imagined Jesus as the predicted return of the prophet Elijah the Samaritan Tadeus a second Moses a resurrected John the Baptist a theophany of Yahweh a Gnostic Revealer a Zealot revolutionary etc As these various sects shrank and collapsed their remaining followers would have come together just as modern churches and denominations seek to survive by merging and consolidating Our canonical gospels might be the result Similarly Price explores the possibility that Paul Apollos Cephas and Christ listed as if on a par in 1 Corinthians 1:12 were originally figureheads of rival sects who eventually merged in much the same way You will never read the gospels the same way again

**Mark** Laurie Beaver, 2009-11-01 The most unique feature of this book is its claim that the Gospel of Mark is a story told twice once as the account of John the Baptist and Jesus and again as the story of Elijah and the Son of Man As a Twice Told Tale Mark resembles a parable and its interpretation Therefore the stories Mark told about Jesus are also parables Anticipating martyrdom in the war between Rome and Judea Mark called death a spiritual baptism and broken bread the body of the Son of Man In the post war period Matthew and Luke reinterpreted Mark's story

**The Historical Reliability of the Gospels** Craig L. Blomberg, 2014-05-06 For over twenty years Craig Blomberg's *The Historical Reliability*

of the Gospels has provided a useful antidote to many of the toxic effects of skeptical criticism of the Gospels He offers an overview of the history of Gospel criticism Thoroughly updated edition with added footnotes and two new appendixes

**Hidden Gospels** Philip Jenkins,2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity

**The Resurrection of Jesus** Michael R. Licona,2011-06-27 Could there be any new and promising approach to the question of the historicity of Jesus resurrection Yes answers Michael Licona And he convincingly points us to a significant deficiency in approaching this question our historiographical orientation and practice He then carefully and effectively applies his principles and methods to the question of Jesus resurrection

**Invented History, Fabricated Power** Barry Wood,2020-11-16 Invented History Fabricated Power begins with an examination of prehistoric beliefs in spirits souls mana orenda that provided personal explanation and power through ritual and shamanism among tribal peoples On this foundation spiritual power evolved into various kinds of divine sanction for kings and emperors Sumerian Egyptian Greek Roman Indian Chinese and Japanese As kingships expanded into empires fictional histories and millennia long genealogies developed that

portrayed imperial superiority and greatness Supernatural events and miracles were attached to religious founders Hebrew Hindu Buddhist Christian Islamic A unique variation developed in the Roman Church which fabricated papal power through forgeries in the first millennium CE and the later doctrine of discovery which authorized European domination and conquest around the world during the Age of Exploration Elaborate fabrications continued with epic histories and literary cycles from the Persians Ethiopians Franks British Portuguese and Iroquois Indians Both Marxists and Nazis created doctrinal texts which passed for economic or political explanations but were in fact self aggrandizing narratives that eventually collapsed The book ends with the idealistic goals of the current liberal democratic way of life pointing to its limitations as a sustaining narrative along with numerous problems threatening its viability over the long term

**Are Souls Real?** Jerome W. Elbert, 2010-05-04 In an age dominated by science many traditional concepts are being reevaluated in light of current knowledge about the physical and biological world Among the many religious notions passed down from generation to generation belief in the soul may be the most in need of reconsideration Despite its slightly antiquated nuances and its fuzziness as a coherent idea people today still refer to the soul quite frequently We often hear such questions as Can the soul leave the body Does the soul survive death And if so do the souls of the departed occasionally appear to the living But given what we now know about the brain psychology and body chemistry the skeptic may well ask what meaning or relevance can this medieval term possibly have Physicist Jerome W Elbert takes up this intriguing issue in this informative yet accessible study He begins by reviewing the ancient origins of the soul concept looks at Christian beliefs and pagan parallels and then considers how the advance of science has changed our fundamental understanding of the brain and consciousness These new scientific insights he points out inevitably affect our traditional ideas about the soul Moreover many contemporary dilemmas have much to do with whether or not we posit the existence of a soul for example the question of free will and the debate over abortion Taking into consideration the views of many recognized experts he moves to the inescapable conclusion that we can account for the nature of life the mind and the human decision making process without any need for the now obsolete idea of a soul Insightful and absorbing **Are Souls Real** is popular science writing at its best Jerome W Elbert Ph D Tacoma WA now a self employed researcher and writer worked for many years as a research professor of physics at the University of Utah

**IN HIS NAME** E. Christopher Reyes, 2014-05 Today almost all the major Christian sects tell their followers what they can or cannot read The truth could be disastrous to their faith In 1562 the Vatican established a special censoring office called Index Expurgatorius whose sole purpose was to prohibit the publication of Erroneous Passages of the Early Church Fathers which carried statements opposing their modern day dogma The Word is whatever the Christian Church says it is and when Vatican archivists came across genuine copies of the Church Fathers they corrected edited added abridged condensed and supplemented them according to the Expurgatory Index Index Expurgatorius Vaticanus R Gibbings ed Dublin 1837 The Literary Policy of the Church of Rome Joseph Mendham J Duncan London 1830 2nd ed 1840 The Vatican Censors
