substantial study Darrin W Snyder Belousek offers a comprehensive and critical examination of penal substitution the most widely accepted evangelical Protestant theory of atonement and presents a biblically grounded theologically orthodox alternative Attending to all of the relevant biblical texts and engaging with the full spectrum of scholarship Belousek systematically develops a biblical theory of atonement that centers on restorative rather than retributive justice He also shows how Christian thinking on atonement correlates with major global concerns such as economic justice capital punishment the war on terror and ethnic and religious conflicts Thorough and clearly structured this book demonstrates how a return to biblical cruciformity can radically transform Christian mission social justice and peacemaking The Reformers on War, Peace, and Justice Timothy J. Demy, Mark J. Larson, J. Daryl Charles, 2019-09-23 Conflict and war were common during the Reformation era Throughout the sixteenth century rising religious and political tensions led to frequent conflict and culminated in the Thirty Years War 1618-48 that devastated much of Germany and killed one third of its population Some of the warfare as in central and southern Europe was between Christians and Muslims Other warfare in central and northwestern Europe was confessional warfare between Catholics and Protestants Religion was not the only cause of war during the period Revolts territorial ambitions and the beginnings of the contemporary nation state system and international order that emerged after the Treaty of Westphalia 1648 also fueled the trauma and tragedy of war In many ways the world of the Reformers and Protestant Reformation was a violent world and it was within such a sociopolitical framework that the Reformers and their followers lived worked and died This book introduces the teachings of the Protestant Reformers on war and peace in their context before offering relevant primary source readings **Advocate of Peace Through Justice**, 1920
