Interdisciplinary Approaches to Canadian Society Alan F.J. Artibise, 1990-08-01 Far more than a bibliographic account of the major works in Canadian Studies Interdisciplinary Approaches to Canadian Society provides a broad examination of the state of this growing field of study Each chapter stresses the importance of the interdisciplinary and multidisciplinary approaches which have come to characterize Canadian Studies Also in an unprecedented collaborative effort almost all the chapters are jointly authored by anglophone and francophone scholars The works on Quebec and the francophone community respect the distinct nature of this facet of Canada As stated in the introduction this work is a primer in the field and a guide to further pursuits Its users will welcome it as a friendly introduction to an exciting country Architecture in Transition Kelly Crossman, 1987-11-01 However behind the public face of design architectural life in Canada during the 1880s and 1890s was in turmoil The Canadian public had lost confidence in its designers students were forced to study abroad to secure a first class education professional rivalry was unscrupulous architectural competitions a scandal American architects and their architecture were the fashion These things changed but not before the world of the Canadian architect had been turned on its head replaced by one which resembled the world of contemporary architects with professional organisations regulated standards formalised education centred in the universities and the belief that Canadian architecture should reflect local climates culture and geography Kelly Crossman provides the first analysis of this period Beginning with a review of the architectural milieu in Toronto and Montreal in the 1880s he traces the rise of professionalism as an idea and architectural nationalism as a goal His analysis is more a history of architectural ideas than a survey of forms It places the architecture of these years in an historical and ideological context demonstrating that it developed with its own logic in response to national and international factors During the two decades after 1885 Canadian architects grappled with problems whose long term

implications they could not have foreseen the role of the architect in industrialised society the need to accommodate and integrate applied science and the need to express their own and their country's personality in architectural form By the beginning of this century they had begun to find their own voice The story of this process will be of interest not just to students and scholars but to anyone interested in the development of Canada and its architecture Churches of Nova Scotia Robert Tuck,2004 Both text and photographs tell the story of more than 30 churches from all parts of the province and a variety of denominations and eras **The Queen Anne Revival Style in Canadian Architecture** Leslie Maitland,Canadian Parks Service. National Historic Parks and Sites,1990 Contains an overview of the origin of the style in Great Britain and its American interpretation In examining the style in Canada it begins with the efforts made by Canadian architects to adapt it to a new and often difficult habitat The preponderant number of domestic examples reflects the popularity of the style for residential construction It also examines its influence on institutions resort buildings apartments and commercial constructions **Canadian Architectural Styles** Don Mikel,2025-10-07 Featuring over 1 100 photographs this guide identifies more than 40 important architectural styles in Canada ranging from the nineteenth century Georgian Gothic Revival and Italianate buildings to twentieth and twenty first century Art Deco Mid Century Modern Brutalist and Neo Expressionism The examples are drawn from all across Canada rural small town and urban Meticulously researched and extensively illustrated the book includes heritage homes cottages churches schools and buildings of government and commerce Each chapter provides an introduction to the style followed by carefully selected representative examples from across the country An index to buildings by town or region enables readers to identify and appreciate architectural styles in every part of Canada The result of more than a decade of research and photography this is the first comprehensive field guide to Canadian architectural styles **Coal Black Heart** John Demont,2010-04-06 A major new work of history told through the stories of a teeming cast of characters The history of coal is the story of the last two centuries of the industrialized world Coal has powered that world and controlled the destinies of millions And nowhere has that influence run more deeply than in Nova Scotia where the industry's rise and decline has transformed society twice Coal Black Heart is a global history that centres unapologetically on one province and the generations of people whose lives there have been shaped by this dominating industry There are the miners There are the moonshiners and brooding social reformers and charismatic preachers who gave the mining towns their particular feel and flair And there are the profiteers whose greed led to disaster This is history as great storytelling enthralling involving deeply moving and it is a very personal narrative A brilliant reporter journalist and author who has spent most of his career examining Nova Scotia's weave of land people and history and who grew up listening to its stories John DeMont was born to write this book **Acadiensis** ,1999 *The Blue Banner* Barry Cahill,Laurence DeWolfe,Murray Alary,2008-02-06 The Blue Banner is a case study of the survival of historic denominationalism grounded in resistance to church union It traces the origins and near demise of Presbyterianism in Nova

Scotia and the development of Saint David's from its beginnings as a new congregation and the only site of Presbyterian witness in metropolitan Halifax. The authors look at various aspects of congregational life: corporate structure and governance, education, worship and music, volunteerism, mission and outreach, and stewardship of the historic site and building that has been home to Saint David's since the beginning. *Subject Catalog* Library of Congress, 1979.
