**Murder Maps: Crime Scenes Revisited. Phrenology to Fingerprint. 1811-1911** Drew Gray, 2020-10-27 Vivid and intriguing Murder Maps plots the nineteenth century's most dramatic murders from around the world onto meticulous diagrams and period maps and recounts the brilliant detective work that solved the cases. Elegant period maps and compelling crime analysis illuminate this disquieting volume which reexamines the most captivating and intriguing homicides of the nineteenth century. Organized geographically, the elements of each murder from the prior movements of both killer and victim to the eventual location of the body are meticulously replotted using archival maps and bespoke plans taking readers on a perilous journey around the murder hot spots of the world. From the French Ripper Joseph Vacher who roamed the French countryside brutally mutilating and murdering at least eleven people to H H Holmes and his Murder Castle in Chicago, crime expert Dr Drew Gray recounts the details of each case. His forensic examination uncovers both the horrifying details of the crimes themselves and the ingenious detective work that led to the capture of the murderers. Throughout the book, Gray highlights the development of police methods and technology from the introduction of the police whistle to the standardization of the mug shot to the use of fingerprinting and radiotelegraphy in apprehending criminals. Vividly recreating over one hundred individual murder cases through historic maps, photographs, newspaper excerpts, court papers, and police reports, Murder Maps is perfect for everyone interested in criminal history, forensics, or the macabre.

**Little Demon in the City of Light** Steven Levingston, 2015-03-17 A delicious true crime account of a murder most gallic. Think CSI Paris meets Georges Simenon whose lurid combination of sex, brutality, forensics, and hypnotism riveted first a nation and then the world. In 1889, the gruesome murder of a lascivious court official at the hands of a ruthless con man and his pliant mistress launched the trial of the century. When Toussaint Augustin Gouff entered 3 rue Tronson du Coudray expecting a delightful assignation with the comely Gabrielle Bompard, he was instead murdered by Gabrielle and her lover Michel Eyraud. An international manhunt chased the infamous couple from Paris to America's West Coast, culminating in a sensational trial that investigated the power of hypnosis to possess, control, and even kill. As the inquiry into the guilt or innocence of the woman, the French tabloids dubbed the Little Demon, intensified, the most respected minds in France vehemently debated: Was Gabrielle Bompard the pawn of her mesmerizing lover or simply a coldly calculating murderess capable of killing a man in cold blood?

**The Gouffé Case** Joachim Maass, 1960 Exquisitely evil Parisian beauty inspires gaslit crime that destroys three men and leads a fourth on a nightmare journey from France to California.

*Hysteria: The Rise of an Enigma* J. Bogousslavsky, 2014-06-27 Hysteria is probably the condition which best illustrates the tight connection between neurology and psychiatry While it has been known since antiquity its renewed studies during the 19th century were mainly due to the work of Jean Martin Charcot and his school in Paris This publication focuses on these early developments in which immediate followers of Charcot including Babinski Freud Janet Richer and Gilles de la Tourette were involved Hysteria is commonly considered as a condition that often leads to spectacular manifestations e.g. convulsions palsies although both structural and functional imaging data confirm the absence of consistent and reproducible structural lesions While numerous hypotheses have tried to explain the occurrence of this striking phenomenon the precise nosology and pathophysiology of hysteria remain elusive This volume offers an enthralling and informative read for neurologists psychiatrists and psychologists as well as for general physicians historians and everyone interested in the developments of one of the most intriguing conditions in medicine Journal of the American Institute of Criminal Law and Criminology

astonishing results like the single horsehair that betrayed the murderer in New York's 1936 puzzling and sensational Nancy Titterton case. Many such dramatic tales appear in this updated edition of the most gripping catalog of crimes by acclaimed criminologist Colin Wilson. Liz C. David Heymann, 2011-04-04 Elizabeth Taylor's own story was more dramatic than any part she ever played on the screen. C. David Heymann brings her magnificently to life in this acclaimed biography updated with a new chapter covering her final years. She was an icon, one of the most watched, photographed and gossiped about personalities of our time. Child star, daughter of a controlling stage mother, Oscar winning actress, seductress and eight time wife, mother of four children and grandmother of ten, champion of funding for AIDS research, purveyor of perfumes and jewelry, close friend of celebrities and tycoons, Elizabeth Taylor for almost eight decades played most completely, beautifully, cunningly, flamboyantly and scandalously her greatest role of all: herself. The basis of an Emmy Award nominated miniseries, Liz portrays Taylor's life and career in fascinating, revealing detail and includes an additional new chapter bringing her beloved fans up to date on her final years. By way of more than a thousand interviews with stars, directors, producers, designers, friends, family, business associates and employees and through extensive research among previously disclosed court, business, medical and studio documents, bestselling author Heymann reminds readers of her very public escapades and unveils her most private moments. Here are the highs and lows of her film career and the intimate circumstances of her marriages to Nicky Hilton, Michael Wilding, Mike Todd, Eddie Fisher, Richard Burton, Senator John Warner and Larry Fortensky. Here too is the truth about Taylor's father and her friendships with leading men: Montgomery Clift, James Dean and Rock Hudson, as well as with the eccentric Malcolm Forbes and Michael Jackson. From her illnesses, injuries, weight issues and battles against drug and alcohol to her sexual exploits, diamond studded adventures and tumultuous love affairs, this is the enormously contradictory and glamorous life of Hollywood's last great star.

The police were called and on opening it discovered a naked female corpse. The head and legs were missing. Thus began the investigation into a sensational case which drew the attention of newspapers the world over. An army of reporters congregated in Marseilles and Monte Carlo to chronicle every twist and turn of the murder inquiry and subsequent trial. From the notorious casino, the trail led to Marseilles, London, Liverpool, Canada and ultimately to County Cork and Waterford. The couple arrested for the crime were
