Elektronik Wörterbuch Englisch Deutsch:

Elektronik-Wörterbuch O. Neufang, Horst Rühl, 1986 *Wörterbuch der Elektronik, Datentechnik und Telekommunikation / Dictionary of Electronics, Computing and Telecommunications* Vittorio Ferretti, 2013-04-09 The increasing international interlacement requires always more precise and efficient translation This demands for technical dictionaries with improved accessibility Provided here is an innovative technical dictionary which perfectly meets this requirement High user friendliness and translation security by indication of subject field for every entry exhaustive listing of synonyms short definitions cross references to quasi synonyms antonyms generic terms and derivative terms easy reading by tabular layout 50 000 terms of the whole range of information technology with more than 70 specialities Das Große Wörterbuch Englisch - Deutsch Benjamin Maximilian Eisenhauer, Dieses Wörterbuch enthält rund 500 000 englische Begriffe mit deren deutschen Übersetzungen und ist damit eines der umfangreichsten Bücher dieser Art Es bietet ein breites Vokabular aus allen Bereichen sowie zahlreiche Redewendungen Die Begriffe werden von Englisch nach Deutsch übersetzt Wenn Sie Übersetzungen von Deutsch nach Englisch benötigen dann empfiehlt sich der Begleitband Das Große Wörterbuch Deutsch Englisch **Das Wörterbuch Englisch-Deutsch** Karl W. Bergemann, 2018-04-17 *Dictionary of Electronics, Computing and Telecommunications/Wörterbuch der Elektronik, Datentechnik und Telekommunikation* Vittorio Ferretti, 2012-12-06 Since the first edition was published new technologies have come up especially in the area of convergence of Computing and Communications accompanied by a lot of new technical terms This second expanded and updated edition has been worked out to cope with this situation The number of entries has been incremented by 35% With about 159 000 entries this dictionary offers a valuable guide to navigate through the entanglement of German and English terminology The lexicographic concept indication of the subject field for every term short definitions references to synonyms antonyms general and derivative terms has been maintained as well as the tabular layout *Dictionary of Electronics*, 2012-12-06 The special interest in electronics all over the world is due to its decisive role in the scientific and technical progress now taking place in all fields of modern technology Electronics also plays a decisive role in the development of science providing as it does the technical basis for various scientific experiments The role of electronics in the development of the world's culture also deserves a special mention That is why it is hoped that the English German French Dutch Russian Dictionary of Electronics which contains some 9 000 entries and is jointly published by Kluwer Technische Boeken B V Deventer Holland and Ruski Yazyk Publishers Moscow USSR will be favourably received In accordance with existing international tradition the term electronics covers several fields known in Soviet classification as electronics proper radio engineering and wire communication The entries included in this dictionary have been selected in accordance with the international understanding of the term electronics One of the main difficulties encountered by the compilers was that although according to some calculations the number of terms used in special literature on electronics exceeds 50 000 the vocabulary of the dictionary

had to be restricted to only 9 000 entries Therefore this dictionary cannot claim to be comprehensive Its purpose is to enable a wide range of specialists in various countries to find the English German French Dutch or Russian equivalents of the principal and most up to date terms in the field of electronics Most attention has been paid to quantum electronics fibre optics optoelectronics integrated circuit technology radiolocation and radionavigation pulse technique holography etc

Routledge German Dictionary of Electrical Engineering and Electronics Worterbuch Elektrotechnik and Elektronik Englisch Prof Dr Peter-Klaus Budig,2020-10-14 This book presents the vocabulary of a continually evolving and fundamental technical field which is finding ever broad applications in industry It provides special attention to the language of national and international standards and recommendations as well as appropriate field indications **Technisches wörterbuch enthaltend die wichtigsten ausdrücke des maschinenbaues, schiffbaues und der elektrotechnik** Erich Krebs,1908 **Wörterbuch der Elektronik, Datentechnik, Telekommunikation und Medien** Victor

Ferretti,2013-11-27 Since the first edition was published new technologies have emerged especially in the area of convergence of computing and communications accompanied by a lot of new technical terms This third expanded and updated edition has been adapted to cope with this situation The number of entries has been incremented by 35% This dictionary offers a valuable guide to navigate through the entanglement of German and English terminology The lexicographic concept indication of the subject field for every term short definitions references to synonyms antonyms general and derivative terms has been maintained as well as the tabular layout

Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen ,1996 Subject List of Works on Electricity, Magnetism, and Electro-technics Great Britain. Patent Office. Library,1904

Subject List of Works of Reference, Biography, Bibliography, the Auxiliary Historical Sciences, Etc., in the Library of the Patent Office Great Britain. Patent Office. Library,1908 **Systematisches lagerverzeichnis** F. Volckmar,1907 *Wörterbuch der Humanbiologie / Dictionary of Human Biology* Peter Reuter,2013-11-11 Birkh user s Dictionary of Human Biology is the most

comprehensive English German German English dictionary on the international market More than 60 000 entries and subentries with some 150 000 translations and an extent appendix with abbreviations and terminologia anatomica provide users with an unrivaled coverage of medical biological and related bioscientific areas The dictionary excels through a harmonious synthesis of biomedical and general bilingual dictionaries making it the ideal choice for users from both scientific and linguistic fields Furthermore Birkh user s Dictionary of Human Biology is marked by a first class linguistic and lexicographic treatment and offers additional features such as syllabification and pronunciation that help in achieving a very high user friendliness and user satisfaction **Systematisches verzeichnis gebundener bücher, atlanten, karten, bilder, globen und musikalien** F.A. Brockhaus (Firm),1906

Compact Wörterbuch der exakten Naturwissenschaften und der Technik Antonín Kučera,1989 *Kompakt-Wörterbuch KFZ-Technik* Ingo

Stüben, 2022-10-17 Dieses Wörterbuch dient zur Erleichterung der Arbeit für den Personenkreis, der mit englischen bzw. deutschen Fachausdrücken aus dem Bereich der KFZ-Technik konfrontiert wird. Falls nötig, werden zu den einzelnen Begriffen Hintergrundinformationen, Beispiele sowie umgangssprachliche Hinweise geliefert. Als zusätzliche Informationsebene sind nach Gruppen aufgeteilte schematische Darstellungen integriert, womit die Terminologie typischer Systeme erfasst und visualisiert ist. Bei dem vorliegenden Nachschlagewerk mit seinen circa 40.000 Stichworteinträgen handelt es sich nicht um ein Wörterbuch im üblichen Sinne, sondern um ein weit darüber hinausgehendes lexikonähnliches Fachwörterbuch. The purpose of this dictionary is to facilitate the work of persons who are confronted with English or German technical terms from the field of automotive engineering. In cases where it is necessary, background information, examples, and colloquial references are provided for the individual terms. Additionally, this book includes information on schematic representations and divides them into groups, which means that it covers and visualizes terminology of typical systems. This reference work with its approximately 40.000 keyword entries is not a dictionary in the usual sense, but rather a technical dictionary that goes far beyond the scope of a lexicon.

Langenscheidt Praktisches Wörterbuch Englisch, 2025-04-17 Langenscheidt Praktisches Wörterbuch Englisch über 60.000 Stichwörter und Wendungen. Praktisch, übersichtlich, hochaktuell.
