and Astrophysics Abstracts which appears in semi annual volumes is devoted to the re cording summarizing and indexing of
astronomical publications throughout the world It is prepared under the auspices of the International Astronomical Union
according to a resolution adopted at the 14th General Assembly in 1970 Astronomy and Astrophysics Abstracts aims to
present a comprehensive documentation of literature in all fields of astronomy and astrophysics Every effort will be made to
ensure that the average time interval between the date of receipt of the original literature and publication of the abstracts

will not exceed eight months This time interval is near to that achieved by monthly abstracting journals compared to which our system of accumulating abstracts for about six months offers the advantage of greater convenience for the user Volume 3 contains literature published in 1970 and received before August 1970 some older literature which was received late and which is not recorded in earlier volumes is also included
