Zakon, 1972 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1974 *Security Analysis and Portfolio Management* Sudhindra Bhat, 2009

The text aims to build understanding of the investment environment to recognise investment opportunities and to identify and manage an investment portfolio. This book captures the developments in capital market and investment in securities and also provides a simple way to understand the complex world of investment. Wherever possible reference to Indian companies regulatory guidelines and professional practice has been included. This book covers the requirement for discussion to help practitioners like portfolio managers, investment advisors, equity researchers, financial advisors, professional investors, first time investors interested in managing investments in a rational manner, lay investors to reason out investment issues for themselves and thus be better prepared when making real world investment decisions. The book is structured in such a way that it can be used in both semester as well as trimester patterns of various MBA PGDM PGP PG Courses of all major universities. Concepts are explained with a large number of illustrations and diagrams for clear understanding of the subject matter. Investing Tip profiles sound investing tips and considerations. They often present alternative investment options. Industry Experience highlights real world investing situations, experiences and decisions. Provides a detailed coverage of security analysis by integrating theory with professional practices. The strong point of the book is guidelines for investment decision and Investment story which have been included for class discussion, EDPs, FDPs and investment Consultation.
