Elephant Dance:

Elephant Dance Tammie Matson, 2009-10-01 It's the middle of the night in the Namibian desert when zoologist Tammie Matson wakes with a start to find two elephants standing beside her tiny tent. She makes a promise: If you just let me survive tonight, I will give up Africa. I'll give it all up. Just don't let them stand on me. It's not a promise she will easily keep. At 29, Tammie has spent nearly half her life in Africa, her first love, working as a conservationist. But as her 30s approach, Tammie is conscious of not having ticked those boxes: no house, no kids, and no husband. Broke and with her visa running out, it seems like Africa may just force her to give it up after all. On returning to Australia, Tammie lands a job at the Worldwide Fund for Nature (WWF) in Sydney. There she meets Andy, a charismatic Brit, and Africa suddenly has a rival. But she's not ready to give up on the elephants yet. From the magic of Bushmanland to the banks of the Chobe River in Botswana to the civil strife of Assam, India, *Elephant Dance* takes us to the heart of a conservationist's fight to find a way for elephants to live peacefully in a world with too many people, too few resources, and the increasing threat of climate change. Passionate, funny, and moving, *Elephant Dance* is also a classic story of self-discovery, love, and the courage it takes to follow your calling, especially when it takes you places you least expected. *The Elephant Dance* Henry R. Ole Kulet, 2016 The *Elephant Dance* set within the scenic savannah land with its rich flora and fauna illuminates the crisis of endangered wildlife at the mercy of invasive and destructive human greed. Embedded in the narrative is a sub-stratum of the destruction of indigenous livelihood and natural habitats. The conflict in the novel pits greedy and corrupt poachers led by Shadrach Meshach and Abednego against an indigenous minority community of hunters and gatherers led by the elderly Sulunye and Pesi and their sons Reson and Sena. Roped in are the gallant wildlife protection officers Regina Naitore and Leah Naipande. The indigenous community's cultural attachment to wildlife and the threat to evict them from their ancestral land helps to arrest the runaway poaching menace that has become unmanageable. With the fate of wildlife and their natural habitats having become a major talking point in Kenya as well as in the entire Eastern and Central African region, this story offers insights on how we can save endangered animals, especially elephants and rhinos, which have become main targets for poachers who are after their prized horns and tusks. The story also highlights the problem of land grabbing which displaces animals from their natural habitats.
