Heehs,2018-11-01 Spirituality without God is the first global survey of godless spirituality Long before spiritual but not religious became the catchphrase of the day there were religious and spiritual traditions in India China and the West that denied the existence of God Peter Heehs begins by looking at godless traditions in the ancient world Indian religions such as Jainism and Buddhism showed the way to liberation through individual effort In China Confucians and Daoists taught how to live in harmony with nature and society Philosophies of the Greco Roman world such as Epicureanism Stoicism and Skepticism focused on enhancing the quality of life rather than buying the favor of the gods through sacrifice or worship Heehs shows how these traditions rediscovered during the Renaissance helped jump start the European Enlightenment and opened the way to the atheism and agnosticism of the eighteenth and nineteenth centuries The personal inner approach to religion became known as spirituality Spirituality without God is a counterbalance to theistic narratives that have dominated the field as well as an introduction to modes of spiritual thought and practice that may appeal to people who have no interest in God *Studies and Texts in Folklore, Magic, Mediaeval Romance, Hebrew Apocrypha, and Samaritan Archaeology* Moses Gaster,1971 **Mystical Discourse in Wordsworth and Whitman** D. J. Moores,2006 In *Mystical Discourse* D J Moores builds on the work of current transatlantic scholarship in a lucid analysis of the connections between William Wordsworth and Walt Whitman As he demonstrates the transatlantic bridge between both poets lies in their privileging of a type of mystical language he calls cosmic rhetoric which served the function of ideological resistance as it enabled them to rebel against Enlightenment modes of thinking and being In a thorough engagement with the work of Wordsworth and Whitman Moores shows that the cosmic rhetoric of both writers involves a subversive reorientation towards self and society nature and God and knowledge and religion as well as a radical revisioning of language and poetics *Beyond English* Bhavya Tiwari,2021-11-04 Honorable Mention Harry Levin Prize 2022 American Comparative Literature Association *Beyond English* World Literature and India radically alters the debates on world literature that hinge on the model of circulation and global capital by deeply engaging with the idea of the world and world making in South Asia Tiwari argues that Indic words for world vishva jagat sansar offer a nuanced understanding of world literature that is antithetical to a commodified and standardized monolingual globe She develops a comparative study of the concept of world literature vishva sahitya in Rabindranath Tagore s works the desire for a new world in the lyrics of the Hindi shadowism chhayavaad poets and world making in Thakazhi Sivasankara Pillai s Chemmeen 1956 and Arundhati Roy s *The God of Small Things* 1997 By emphasizing the centrality of literature sahitya through a close reading of texts Tiwari orients world literature toward comparative literature and comparative literature toward a worldliness that is receptive to the poetics of a world in its original language and in translation *A History of Classical Malay Literature* Yock Fang Liaw,Liaw Yock Fang,2013 Provides a detailed narrative based history of classical Malay Literature It covers a wide range of Malay texts including folk literature the influence of the Indian epics and shadow theatre literature Panji tales the transition from Hindu to Muslim literary models
