Elements Of English A Glossary Of Basic Terms For Literature Composition And Grammar:

The Elements of English Stan Malless, Jeff McQuain, 2014-08-18 Stan Malless and Jeff McQuain have written this brief yet very important glossary in the spirit of E D Hirsch's bestselling Cultural Literacy. Here is a dictionary of basic terms for literature composition and grammar that every American no matter their age needs to know. Perfect for home and classroom use. The Elements of English is simple to use, unimposing to read, and easy to understand. Each area of language arts is divided into its own section, and a comprehensive index is also included. Each entry is concise yet explained very clearly. Examples are listed to illustrate meanings, as are reminders, hints, and tips that further define and elucidate the terms. The Elements of English has been used very successfully in classrooms across the country. This revised and expanded edition includes new entries plus three additional appendices. This is a little book that fills a big need, and it deserves a wide distribution and readership.

The Languages of World Literature Achim Hölter, 2024-03-04 This volume opens the series of papers presented at the Vienna Congress of AILC/ICLA 2016, beginning with eight keynotes. Thirty-four further papers are dedicated to the central theme of the conference: the linguistic side of world literature under different focal points. The volume further contains five roundtables, the papers of a workshop of the UNESCO Memory of the World Programme, a presentation of the AVDIGITAL platform, as well as several bibliographically enriched overviews of the special lexicography of comparative literature. Up-to-date versions of the ICLA publications and an example of multiple translations of a famous modern classic.
