# Forgotten Leader Of The Revolution

**Paul B. Miller**

## **Forgotten Leader Of The Revolution:**

**Thomas McKean, Forgotten Leader of the Revolution** John M. Coleman, 1975      **The Forgotten Leaders of the Revolution** Howard Swiggett, 1955      *Special Bibliographic Series* US Army Military History Research Collection, 1976

**Caty** John F. Stegeman, 1986 Traces the life of Catherine Littlefield Greene wife of Revolutionary War general Nathanael Greene      Elusive Origins Paul B. Miller, 2010-05-31 Although the questions of modernity and postmodernity are debated as frequently in the Caribbean as in other cultural zones the Enlightenment generally considered the origin of European modernity is rarely discussed as such in the Caribbean context Paul B Miller constellates modern Caribbean writers of varying national and linguistic traditions whose common thread is their representation of the Enlightenment and the Age of Revolution in the Caribbean In a comparative reading of such writers as Alejo Carpentier Cuba C L R James Trinidad Marie Chauvet Haiti Maryse Cond Guadeloupe Reinaldo Arenas Cuba and Edgardo Rodr guez Juli Puerto Rico Miller shows how these authors deploy their historical imagination in order to assess and reevaluate the elusive and often conflicted origins of their own modernity Miller documents the conceptual and ideological shift from an earlier generation of writers to a more recent one whose narrative strategies bear a strong resemblance to postmodern cultural practices including the use of parody in targeting their discursive predecessors the questioning of Enlightenment assumptions and a suspicion regarding the dialectical unfolding of history as their precursors understood it By positing the Cuban Revolution as a dividing line between the earlier generation and their postmodern successors Miller confers a Caribbean specificity upon the commonplace notion of postmodernity The dual advantage of *Elusive Origins* s thematic specificity coupled with its inclusiveness allows a reflection on canonical writers in conjunction with lesser known figures Furthermore the inclusion of Francophone and Anglophone writers in addition to those from the Hispanic Caribbean opens up the volume geographically linguistically and nationally expanding its contribution to a nonessentialist understanding of the Caribbean in a Latin American Atlantic and global context      **The Making of the Prefident 1789** Marvin Kitman, 2007-12-01 A witty funny and hysterically silly political parody that dares to take on the Mount Vernon Machine The New York Times Lampooning the modern campaign insider books this book asks How is it possible that a man with no military experience becomes a general He loses more battles than he wins and becomes a war hero He has absolutely no political opinions in the most sophisticated intellectual period of our history He has no ambitions and he wins Through careful research and with plenty of laughs as well as a foreword by John Cleese journalist Marvin Kitman exposes George Washington s weaknesses for social climbing and high stakes whist not to mention his relationships with the Founding Girlfriends Hilarious Will entertain and fascinate even those who think they hate history Houston Chronicle      *Air University Library Index to Military Periodicals* , 1955      Air University Periodical Index , 1958      **History of Pennsylvania** Philip S. Klein, Ari Arthur Hoogenboom, 2010-11-01      **The 17th and 18th Centuries** Frank N. Magill, 2013-09-13 Each volume of the Dictionary of World Biography contains 250

entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

*Rise of American Democracy* Sean Wilentz, 2006-08-29 A political history of how the fledgling American republic developed into a democratic state offers insight into how historical beliefs about democracy compromised democratic progress and identifies the roles of key contributors

*The Supreme Court of Pennsylvania* John J. Hare, 2018-01-24 Established in 1684 over a century before the Commonwealth Pennsylvania's Supreme Court is the oldest appellate court in North America This balanced comprehensive history of the Court examines over three centuries of legal proceedings and cases before the body the controversies and conflicts with which it dealt and the impact of its decisions and of the case law its justices created Introduced by constitutional scholar Ken Gormley this volume describes the Supreme Court's structure and powers and focuses at length on the Court's work in deciding notable cases of constitutional law civil rights torts criminal law labor law and administrative law Through three sections The Structure and Powers of the Supreme Court Decisional Law of the Supreme Court and Reporting Supreme Court Decisions the contributors address the many ways in which the Court and its justices have shaped life and law in Pennsylvania and beyond They consider how it has adjudicated new and complex issues arising from some of the most notable events and tragedies in American history including the struggle for religious liberty in colonial Pennsylvania the Revolutionary War slavery the Johnstown Flood the Homestead Steel Strike and other labor conflicts both World Wars and more recently the dramatic rise of criminal procedural rights and the expansion of tort law Featuring an afterword by Chief Justice Saylor and essays by leading jurists deans law and history professors and practicing attorneys this fair minded assessment of the Court is destined to become a criterion volume for lawmakers scholars and anyone interested in legal history in the Keystone State and the United States

*To Organize the Sovereign People* David W. Houpt, 2023-11-08 This book explores the struggle to define self government in the critical years following the Declaration of Independence when Americans throughout the country looked to the Keystone State of Pennsylvania for guidance on political mobilization and the best ways to create a stable arrangement that could balance liberty with order In 1776 radicals mobilized the people to overthrow the Colonial Assembly and adopt a new constitution one that asserted average citizens rights to exercise their sovereignty directly not only through elections but also through town meeting petitions speeches parades and even political violence Although highly democratic this system proved unwieldy and chaotic David Houpt finds that over the course of the 1780s a relatively small group of middling and elite Pennsylvanians learned to harness these various forms of popular mobilization to establish themselves as the legitimate spokesmen of the entire citizenry In examining this process he provides

a granular account of how the meaning of democracy changed solidifying around party politics and elections and how a small group of white men succeeded in setting the framework for what self government means in the United States to this day

**Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries,1979      **Books on Early American History and Culture, 1971-1980** Raymond D. Irwin,2004-11-30 Books on Early American History and Culture 1971 1980 An Annotated Bibliography continues a series of bibliographies listing book length works on North America and the Caribbean prior to 1815 Essential for scholars librarians and students of early America the book surveys nearly 1 200 monographs essay collections exhibition catalogues and reference works published between 1971 and 1980 In addition to bibliographic information each entry includes brief annotations which describe the scope and approach to each item and the book s main thesis Also included are lists of journals where each work has been reviewed and the number of times the book has been cited in professional literature and the number of OCLC member libraries holding the work In 31 thematic sections the book covers such topics as exploration and colonialization Native Americans the American Revolutionary War the Constitution race and slavery gender religion      To Starve the Army at Pleasure E. Wayne Carp,2017-10-01 American political culture and military necessity were at odds during the War for American Independence as demonstrated in this interpretation of Continental army administration E Wayne Carp shows that at every level of authority congressional state and county a localistic world view a deferential political order and adherence to republican ideology impeded the task of supplying the army even though independence demanded military strength Placing military history within the context of colonial and revolutionary historiography Carp finds that the colonial American belief that authority and political power should be decentralized deeply influenced Congress s approach to the task of supplying the army Furthermore most Congressmen had neither military experience nor any idea of how to administer an army while local governments constantly thwarted the army s efforts to obtain supplies they blocked impressment and interfered with the movement of food and clothing Carp shows that political leaders eventually adjusted their ideals to the imperatives of winning the war He offers a revisionist analysis of the origins of the Nationalist movement of 1780 83 that was begun by army officers and state legislators fearing the imminent failure of the Revolution Lacking unity and blinded by republican ideology the Nationalists did not markedly improve the administration of the army Instead it was largely through the efforts of Superintendent of Finance Robert Morris the cooperation of the French and sheer luck that the British were ultimately defeated Carp concludes that the Americans won the Revolution in spite of rather than because of their political beliefs      *Valley Forge Historical Research Project: This fatal crisis, logistics, supply and the Continental Army at Valley Forge, 1777-1778* Wayne K. Bodle,1980      The Unseen Leader Martin Gutmann,2023-09-26 The Unseen Leader delivers one simple but immensely powerful point we need to radically rethink how we discuss leadership In this book American historian Martin Gutmann passionately challenges the received wisdom that history s great leaders were individuals with a proclivity

for action and brash words Drawing on extensive historical scholarship and contemporary leadership theory Gutmann delves into the journeys of four unknown or misunderstood leaders who achieved remarkable successes in vastly different environments the Polar North the deserts of Arabia the sugar plantations of the Caribbean and Second World War London What emerges is an entirely new narrative on leadership Contrary to the perception of heroic protagonists forging ahead boldly history's truly great leaders were often precisely those who didn't need to generate excessive noise or activity Instead they skillfully minimized dramatic circumstances Their stories challenge our present day conception of leadership and can inspire the leaders of tomorrow

*The American Revolution (Illustrated Edition)* Robert W. Coakley, Stetson Conn, U.S. Army Center of Military History, 2018-11-02 This eBook edition of the American Revolution history has been formatted to the highest digital standards and adjusted for readability on all devices This book on the American Revolution consists of three parts a brief narrative history of the war a chronology of military events and a bibliography Each part requires a word of explanation The narrative consists of one chapter on the colonial background of American military history and two on the Revolution itself Part Two is a chronology oriented toward military events covering the period between the signing of the Treaty of Paris ending the Seven Years War in 1763 and the ratification by the Continental Congress some twenty years later of a second Treaty of Paris confirming American independence Part Three the bibliography contains listings of over a thousand titles of books articles and published source material on the American Revolution The emphasis is again on the land war but proportionately the bibliography gives more attention to the political social and economic aspects of the Revolution and to its naval phase than do either the narrative or the chronology

**Revolutionary War Almanac** John C. Fredriksen, 2006 Offering a day by day chronology of the people and events important to the American Revolution this title provides a look at this historic time It covers people battles and other details and includes more than 130 maps photographs and illustrations pair with an index a bibliography cross references and a chronology
