Forgotten Protest:

Forgotten Protest Donal P. McCracken, 2003 McCracken history and humanities U of Durban Westville South Africa illuminates the contact between Ireland and South Africa in the age of high imperialism and the interest aroused in Ireland by developments in South Africa and their effects on Irish politics of the time The first edition was *Sol Plaatje's Native Life in South Africa* Janet Remmington, Brian Willan, Bhekizizwe Peterson, 2016-10-01 Sheds new light on Native Life appearing at a critical historical juncture and reflects on how to read it in South Africa's heightened challenges today First published in 1916 Sol Plaatje's *Native Life in South Africa* was written by one of the South Africa's most talented early twentieth century black leaders and journalists Plaatje's pioneering book arose out of an early African National Congress campaign to protest against the discriminatory 1913 Natives Land Act *Native Life* vividly narrates Plaatje's investigative journeying into South Africa's rural heartlands to report on the effects of the Act and his involvement in the deputation to the British imperial government At the same time it tells the bigger story of the assault on black rights and opportunities in the newly consolidated Union of South Africa and the resistance to it Originally published in war time London but about South Africa and its place in the world *Native Life* travelled far and wide being distributed in the United States under the auspices of prominent African American W E B Du Bois South African editions were to follow only in the late apartheid period and beyond The aim of this multi authored volume is to shed new light on how and why *Native Life* came into being at a critical historical juncture and to reflect on how it can be read in relation to South Africa's heightened challenges today Crucial areas that come under the spotlight in this collection include land race history mobility belonging war the press law literature language gender politics and the state **In Remembrance and Hope** Gregg Mast, 1998 Volume 27 in the Historical Series of the Reformed Church in America chronicles the life and ministry of one of the RCA's most significant twentieth century representatives Howard G Hageman 1921-1992 respected pastor teacher president of New Brunswick Theological Seminary and weekly columnist for the Church Herald **The Limits of Human Rights** Bardo Fassbender, Knut Traisbach, 2019-11-21 What are the limits of human rights and what do these limits mean This volume engages critically and constructively with this question to provide a distinct contribution to the contemporary discussion on human rights Fassbender and Traisbach along with a group of leading experts in the field examine the issue from multiple disciplinary perspectives analysing the limits of our current discourse of human rights It does so in an original way and without attempting to deconstruct or deny human rights Each contribution is supplemented by an engaging comment which furthers this important discussion This combination of perspectives paves the way for further thought for scholars practitioners students and the wider public Ultimately this volume provides an exceptionally rich spectrum of viewpoints and arguments across disciplines to offer fresh insights into human rights and its limitations Why Parties Matter John H. Aldrich, John D. Griffin, 2018-01-10 Since the founding of the American Republic the North and South have followed

remarkably different paths of political development Among the factors that have led to their divergence throughout much of history are differences in the levels of competition among the political parties While the North has generally enjoyed a well defined two party system the South has tended to have only weakly developed political parties and at times no system of parties to speak of With Why Parties Matter John H Aldrich and John D Griffin make a compelling case that competition between political parties is an essential component of a democracy that is responsive to its citizens and thus able to address their concerns Tracing the history of the parties through four eras the Democratic Whig party era that preceded the Civil War the post Reconstruction period the Jim Crow era when competition between the parties virtually disappeared and the modern era Aldrich and Griffin show how and when competition emerged between the parties and the conditions under which it succeeded and failed In the modern era as party competition in the South has come to be widely regarded as matching that of the North the authors conclude by exploring the question of whether the South is poised to become a one party system once again with the Republican party now dominant That Irishman Jane Stanford,2011-05-01 The story of John O Connor Power is the story of Ireland s struggle for nationhood itself Born into poverty in Ballinasloe in 1846 O Connor Power spent much of his childhood in the workhouse From here he rose rapidly through the ranks of the Fenian Movement to become a leading member of the Supreme Council of the Irish Republican Brotherhood In 1874 he was elected Member for Mayo to the British House of Commons where he was widely acknowledged to be one of the outstanding orators of his day His speeches both in Parliament and to the US House of Representatives secured crucial concessions and support for the Irish cause O Connor Power campaigned tirelessly for the rights of tenant farmers and pioneered the policy of obstructionism to this end Following his address to a tenants rights meeting in Mayo a protest was launched which would quickly become the powerful political force that was the Land League He was in short one of a distinguished company that indomitable Irishry of Charles Stewart Parnell Michael Davitt and Isaac Butt who made the dream of an independent Ireland a reality

Revolutionary and Anti-Imperialist Writings of James Connolly 1893-1916 Conor McCarthy,2016-05-10 James Connolly the greatest Marxist and socialist thinker organiser and leader Ireland ever produced was also a great internationalist and anti imperialist writer and campaigner This wide ranging anthology features a scholarly introduction which provides background to Connolly s life career and influences and which contextualizes his work both in Ireland and internationally The collection of texts presented here demonstrates that Connolly s writings are as pertinent in Ireland and the postcolonial world a century after his execution for leadership of the 1916 Easter Rising in Ireland as it was in his own lifetime The Revolutionary and Anti Imperialist Writings of James Connolly 1893 1916 will be a vital and inspiring resource for students scholars and activists seeking to understand the tumultuous history of early twentieth century Ireland in both its local and imperial contexts and looking for the tools to understand the inequities of our globalised world today **The Hibernian Magazine, Or, Compendium of Entertaining Knowledge** ,1774 AF Press Clips ,1969-07 *The Crimean*

War and Irish society Paul Huddie, 2015-12-17 This book is a home front study of Ireland during the Crimean War which analyses how the various strands of Irish society responded to the conflict's events, issues and impacts and how they memorialised it as part of the British Empire

The Political Thought of the Irish Revolution Richard Bourke, Niamh Gallagher, 2022-05-05 The Irish Revolution was a pivotal moment of transition for Ireland, the United Kingdom and British Empire. A constitutional crisis that crystallised in 1912 electrified opinion in Ireland whilst dividing politics at Westminster. Instead of settling these differences, the advent of the First World War led to the emergence of new antagonisms. Republican insurrection was followed by a struggle for independence along with the partition of the island. This volume assembles some of the key contributions to the intellectual debates that took place in the midst of these changes and displays the vital ideas developed by the men and women who made the Irish Revolution as well as those who opposed it. Through these fundamental texts we see Irish experiences in comparative European and international contexts and how the revolution challenged the durability of Britain as a global power

Words, Music and Propaganda Tjaša Mohar, Victor Kennedy, 2023-12-20 Music is used to sell everything from cars to political candidates. How can words and melody so successfully manipulate us? This volume provides answers by examining the ways in which music of various genres including folk, popular music, rock and rap is used to protest and to promote structures of political, commercial and religious authority. Students, teachers, musicians, historians, policy makers and fans of music and popular culture will find answers to questions such as: How does music help to build national identity, foster a sense of patriotism and reflect changes in society? What role did music play in building socialism in Czechoslovakia and in Belarus? 2020 democratic movement: What are the most important features of Ukrainian songs of resistance? The book highlights the role of music in the feminist movement by analysing the Riot Grrrl movement and the history of Olivia Records as well as the use of music as propaganda in the education system and as purity propaganda in religion. Two chapters focus on famous American protest singers Woody Guthrie and Phil Ochs and one highlights an ex-socialist society's response to David Bowie's music

The Irish amateur military tradition in the British Army, 1854-1992 William Butler, 2016-10-30 Covering the period from the re-establishment of the Irish militia during the Crimean War until the disbandment of the Ulster Defence Regiment in 1992 this book examines the Irish amateur military tradition within the British Army distinctive from a British amateur military tradition Irish men and women of both religions and political persuasions made a significant contribution to these forces and in so doing played an important role within the British Empire whilst also providing a crucial link between the army and Irish society Utilising new source material this book demonstrates the complex nature of Irish involvement with British institutions and its Empire It argues that within this unique tradition two divergent Protestant and Catholic traditions emerged and membership of these organisations was used as a means of social mobility for political patronage and crucially to demonstrate loyalty to Britain and its Empire
