## **Forgotten Trails Historical Sources Of The Columbias Big Bend Country:**

*Forgotten Trails* Ron Anglin, 2021-10-13 Indian inhabitants laid out the basic travel routes in central Washington's Grand Coulee country probably 10 000 to 12 000 years ago In the early 1800s horse oriented Native Americans continued to use these routes a host of white frontiersmen followed in their footsteps Though their passage is now largely forgotten many individuals prominent in Western history traveled this way and kept excellent records In *Forgotten Trails* the most noteworthy and exciting of these accounts have been edited into a single volume Included are the adventures of Lewis and Clark and the Canadian explorer David Thompson early missionaries such as the Reverend Samuel Parker railroad surveyors and scientists Paul Kane and other artists as well as fur traders miners stockmen military roadbuilders and homesteaders The book ends with the celebrated Grand Horse Roundup of 1906 and an enthralling Native American perspective These firsthand accounts together with a chapter on traditional Plateau Indian culture and an oral history describing 19th century Indian life render a portrait of the region's trails and travelers during its flamboyant and exciting frontier era *Forgotten Trails* is an essential contribution to the literature of the Columbia Basin

**Trail North** Ken Mather, 2018-06-12 Winner second prize 2019 British Columbia Lieutenant Governor's Medal for Historical Writing A revealing history of the ancient trail that served as a major transportation route between Washington and British Columbia and shaped the cultural and economic ties between the two jurisdictions Trails are the most enduring memorials of human occupation Long before stone monuments were created pathways throughout the world were being worn into hardness by human feet Travellers along the stretch of Highway 97 from Brewster Washington to Kamloops BC may not know that they are travelling a route as old as humankind's presence in the region In fact this north south valley a natural corridor linking the two major river systems that drain the Interior Plateau has served as transportation route for tens of thousands of years Trail North traces the origins of this iconic trail among the Indigenous people of the Interior Plateau and its uses by the three different fur trading companies before turning its focus on the period of 1858 to 1868 when the trail was used by miners packers and cattlemen as the major entry point into British Columbia from Washington Territory The historical use of the trail in both jurisdictions is a fascinating episode in the history of the Pacific Northwest

**Hiking Washington's History** Judy Bentley, Craig Romano, 2021-05-31 A trail guide for history buffs and a history book for hikers For thousands of years people have traveled across Washington's spectacular terrain establishing footpaths and roads to reach hunting grounds and coal mines high in the mountains fishing sites and trade emporiums on the rivers forests of old growth and homesteads and towns on prairies These traditional routes have been preserved in national parks restored by cities and towns salvaged from old railroad tracks and opened to hikers by Indigenous communities In this new full color edition of the first ever hiking guide to the state's historic trails historian and hiker Judy Bentley teams up with veteran guidebook author Craig Romano to lead adventurers of all abilities along trails on the coast over mountains through national forests across plateaus and on the banks of the

Columbia River Features include 44 hikes including 12 new additions Full color trail maps A trails timeline that connects hikes to key events Updated trail descriptions Accounts from diaries journals and archives Historical overviews of 8 regions of the state Contemporary and historical photographs Bentley and Romano offer an essential boots on the ground history of some of the state s most fascinating places

**Domesticating the West** Brenda K. Jackson,2005-01-01 In 1881 Thomas and Elizabeth Tannatt said a final good bye to Massachusetts and the eastern seaboard and set out in search not of land but of opportunities for social and political advancement Facing severe limitations to their goals in the depressed and disheveled postwar East the Tannatts went west to Walla Walla Washington Territory to pursue their dreams of influence and status Domesticating the West examines the motivations of late nineteenth century middle class migrants who moved west to build communities and establish themselves as leaders The West offered new opportunities for solidly middle class eastern families who endured hardship uncertainty and displacement during the Civil War and who struggled to carve out meaningful social space in the war s aftermath Brenda K Jackson places the Tannatts at the center of this movement and demonstrates how gender class and place affected the new migrants abilities to integrate into their new communities She also shows how easterners redefined themselves as leaders of a new moral western environment through volunteerism and political participation While many studies of westward expansion focus exclusively on the earliest pioneers Jackson adroitly shows how later arrivals shaped the social economic and cultural growth of the nation

*The Mystery of John Colter* Ronald M. Anglin,Larry E. Morris,2016-04-29 From the first account of Colter s Run published in 1810 fascination with John Colter one of America s most famous and yet least known frontiersmen and discoverer of Yellowstone Park has never waned Unlike other legends of the era like Daniel Boone Davy Crockett and Kit Carson Colter has remained elusive because he left not a single letter diary or reminiscence Gathering the available evidence and guiding readers through a labyrinth of hearsay rumor and myth two Colter experts for the first time tell the whole story of Colter and his legend

*Gloomy Terrors and Hidden Fires* Ronald M. Anglin,Larry E. Morris,2014-10-10 From 1810 when a newspaper published the first account of Colter s Run to 2012 when one hundred and fourscore participants in Montana s annual John Colter Run charged up and down rugged trails even across the waist deep Gallatin River interest in Colter the alleged discoverer of Yellowstone Park has never waned Drawing on this endless fascination with an individual often called the first American mountain man this book offers an innovative comprehensive study of a unique figure in American history Despite his prominent role in the Lewis and Clark Expedition and the early exploration of the West Colter is distinctly different from Daniel Boone Davy Crockett Kit Carson and the other legends of the era because they all left documents behind that allow access to the men themselves Colter by contrast left nothing not a single letter diary or reminiscence so that second third or fourth hand accounts of his adventures are all we have Guiding readers through this labyrinth of hearsay rumor and myth this is the first book to tell the whole story of Colter and his legend examining everything that is known or supposedly known about Colter and showing how

historians and history buffs alike have tried in vain to get back to Colter the man know what he said and feel what he felt but have ended up never seeing him clearly finding instead an enigma they cannot unravel

Harrison, 1999      **Unsettled Boundaries** Robert E. Ficken, 2003 Gold fever reached the Pacific Northwest in 1858 as thousands of optimistic prospectors crossed the 49th parallel into British territory passing through where no man should venture and hoping to strike it rich Faced with brutal weather and a lack of supplies most returned later that same year Even so mining continued until simple fur trading posts were transformed into settlements and finally into civilization making the Fraser River experience one of the major developments in Pacific Northwest history      **Fraser Gold 1858!** Netta Sterne, 1998 The year 1858 proved to be the most eventful in western Canada as waves of American miners made their way to the Fraser River country joining hundreds of Indians Vancouver Island colonists and former fur trade employees in the gold fields The newcomers were some of the earliest pioneers of British Columbia      **Very Close to Trouble** Johnny Grant, 1996 Grant was 76 when he dictated his memoirs to Clothild Bruneau Grant the last in his fairly long line of wives Meikle has ably edited the manuscript down to focus on his life in the 1850s and 60s when Grant galloped across the western Montana frontier making a name for himself as an early pioneer and trader Grant s eyewitness accounts of frontier life from a stage overturning to the hanging of
