Forgotten Battles Italys War Of Liberation 1943 1945:

Forgotten Battles Charles T. O'Reilly,2001-01-01 Italy s War of Liberation takes issue with the apparently prevalent attitude among Allied commanders during World War II that the Italian military was ineffective O Reilly recounts the little known story of the significant contribution made by the Italian military during the Italian Campaign including the contribution of relatively unacknowledged Italian Partisan formations that fought in Italy France Yugoslavia and Greece Despite the fact that Italians fought on the front lines with the British and American soldiers and despite the service of the Italian Navy and Air Force the Allies refused repeated Italian pleas for more involvement in combat This book not only attempts to correct the record of military history by illustrating the ways in which the Italians were underutilized by the Allies but it also serves to paint a fair portrait of the Italian military s substantial efforts to defeat Hitler and eradicate Fascism

Italy and the Second World War ,2018-06-05 Italy in the Second World War Alternative Perspectives stems from the necessity to write an important page of Second World War history by focusing on the Italian war experience which has been overshadowed in international research by the attention given to its senior Axis partner Drawing extensively on material from Italian and international archives a team of Italian and international historians led by Emanuele Sica and Richard Carrier offers a broad ranging volume on the war seen through the lens of Italian soldiers and civilians and populations occupied by the Italian army Contributors are Luca Baldissara Cindy Brown Federico Ciavattone Nicol Da Lio Paolo Fonzi Francesco Fusi Eric Gobetti Federico Goddi Andrea Martini Niall MacGalloway Amedeo Osti Guerrazzi Paolo Pezzino Matteo Pretelli Nicholas Virtue

Gunners from the Sky Paul Chrystal,David Chrystal,2023-10-12 This is the story of the 1st Air Landing Light Regiment RA and its role in the Italian campaign and at the Battle of Arnhem It is also the story of one of its soldiers 14283058 Gunner Eric Wright Chrystal father of the authors Eric joined the army in September 1942 and after training joined the newly formed glider borne regiment the following year He first saw action in Italy in 1943 where he was seriously wounded On 17 September 1944 two years to the day since he enlisted he and the regiment were landed by glider near to Arnhem in the Netherlands The authors recount set their father s experiences in context by describing the formation of the unit and the many months of training in England Their involvement in the Italian campaign where Eric served with E Troop 3 Battery is then recounted detailing their actions at Rionero Foggia and Campobasso where Eric was wounded It then moves on to describe 1st Air Landing Light Regiment s preparation for and involvement in Operation Market the Airborne half of Market Garden This very detailed account of the fighting highlights the regiment s pivotal but often neglected role near Arnhem bridge Here after nine days of intense combat Eric was among the many captured and held until the end of the war The inclusion of Eric s own eyewitness testimony lends a very personal touch to this excellent account of the regiment s experience of combat and life in the PoW camps

[Hitler's Island War](#) Julie Peakman,2017-12-05 Highly Commended by the British Records Association for the 2019 Janette Harley Prize In September

1943 at the height of World War II the Aegean island of Leros became the site of the most pivotal battle of the Dodecanese campaign as the British tried in vain to retain control of the island Over the course of two short months from 15 September 1943 to 17 November 1943 almost 1500 men lost their lives and hundreds more ended up in Prisoner of War camps In this book Julie Peakman a modern day resident of Leros brings to life the story of the men caught up in the battle based on first hand interviews and written accounts including diaries letters and journals She tells of the preparations of the soldiers leading up to the battle the desperate hand to hand fighting and the suffering endured from continual bombings She also shows the extent of the men s despair at the allied surrender the many subsequent daring escapes as well as the terrible years of incarceration for those who were captured and imprisoned Many of the heart rending accounts of the battle are told here for the first time providing a unique eyewitness take on this forgotten corner of World War II

The Office of Strategic Services and Italian Americans Salvatore J. LaGumina,2016-10-05 This book explores the contributions of Italian Americans employed by the Office of Strategic Services OSS during World War II Italian Americans fluent in Italian language and customs became integral parts of intelligence operations working behind enemy lines These units obtained priceless military information that significantly helped defeat the Axis They parachuted into frozen mountains tops to link up with Italian guerilla units in northern Italy or hovered in small patrol torpedo boats and row boats across the Mediterranean Sea in pitch black darkness to destroy railroad junctions

War Through Italian Eyes Alexander Henry,2021-07-18 There is a popular notion that the Italian armed forces of the Second World War were an inferior fighting force Despite the vast numbers taken prisoner detailed studies of the experiences of these soldiers remain relatively uncommon and the value of this group to furthering our understanding of the Italian experience of war under Fascism is also rarely acknowledged The existence in the National Archives of hundreds of pages of transcripts of covert British surveillance of Italian POWs has made it possible to engage with their experiences and opinions in much greater depth The euphemistically termed Special Reports present historians with a unique insight into how all levels of Italian soldiery viewed Fascist Italy s experience of war 1940 1943 This book

examines reactions to Italian political leadership the progress of the war as well as Italian soldiers everyday views on sex war the enemy death food their allies bravery race and killing These fascinating documents reveal the complexity of the outlook of these men which persistent and influential national stereotypes and historiographical trends fail to acknowledge *The American Deep State* Peter Dale Scott,2017-05-02 Now in a new edition updated through the unprecedented 2016 presidential election this provocative book makes a compelling case for a hidden deep state that influences and often opposes official U S policies Prominent political analyst Peter Dale Scott begins by tracing America s increasing militarization restrictions on constitutional rights and income disparity since World War II With the start of the Cold War he argues the U S government changed immensely in both function and scope from protecting and nurturing a relatively isolated country to assuming ever greater responsibility for controlling world politics in the name of freedom and democracy This has resulted in both secretive new institutions and a slow but radical change in the American state itself He argues that central to this historic reversal were seismic national events ranging from the assassination of President Kennedy to 9 11 Scott marshals compelling evidence that the deep state is now partly institutionalized in non accountable intelligence agencies like the CIA and NSA but it also extends its reach to private corporations like Booz Allen Hamilton and SAIC to which 70 percent of intelligence budgets are outsourced Behind these public and private institutions is the influence of Wall Street bankers and lawyers allied with international oil companies beyond the reach of domestic law Undoubtedly the political consensus about America s global role has evolved but if we want to restore the country s traditional constitutional framework it is important to see the role of particular cabals such as the Project for the New American Century and how they have repeatedly used the secret powers and network of Continuity of Government COG planning to implement change Yet the author sees the deep state polarized between an establishment and a counter establishment in a chaotic situation that may actually prove more hopeful for U S democracy

Diversion and Deception Whitney T. Bendeck,2021-03-04 Among the operations known as Plan Bodyguard the deception devised to cover the Allies Normandy landing was the little known but critical Plan Zeppelin the largest and most complex of the Bodyguard plans Zeppelin in conjunction with the Mediterranean Strategy succeeded in pinning down sixty German divisions from southern France to the Balkans in time for D Day This was the work of A Force Britain s only military organization tasked with carrying out both strategic and tactical deception in World War II Whitney T Bendeck s *Diversion and Deception* finds A Force at its finest hour as the war shifted from North Africa to Europe Focusing on the years 1943 to 1945 Bendeck describes how A Force under the leadership of Dudley Clarke orchestrated both strategic and tactical deception plans to create notional threats across the southern perimeter of Europe with the chief objective of keeping the Germans pinned down across the Mediterranean Her work offers a close and clarifying look at A Force s structure and command operations and methods and successes and failures and consequently its undeniable contribution to the Allies victory in World War II By shining a light on the often overlooked Mediterranean theater and its direct connection

to European plans and operations Diversion and Deception also provides a deeper understanding of Allied grand strategy in the war Combining military and deception histories so often viewed in isolation this book provides context for the deceptions and adds a layer of knowledge regarding the planning of military operations The result is a more complete and nuanced view of Allied operations than is to be found in most histories of World War II **Mission Accomplished** David

Cushing's Coup Dirk Jan Barreveld, 2015-07-19 The little known story of one of the most important intelligence triumphs of World War II and a record of the heroism of a forgotten man Naval Historical Foundation This is the story of the capture of Japan s Plan Z the Empire s fully detailed strategy for prosecuting the last stages of the Pacific War It s a story of happenstance mayhem and intrigue that resulted directly in the spectacular US victory in the Philippine Sea and MacArthur s early return to Manila doubtless shortening WWII by months One night in April 1944 Adm Koga commander in chief of Japanese forces in the Pacific took off in a seaplane to establish new headquarters For security reasons he had his chief of staff Rear Adm Fukudome fly separately But both aircraft ran into a typhoon and were knocked out of the skies Koga did not

survive Fukudome's plane crash landed into the sea off Cebu the Philippines and both the admiral and the precious war plans floated ashore Lt Col James M Cushing was an American mining engineer who happened to be in Cebu when war broke out in the Pacific He soon took charge of the local guerrillas and became a legendary leader But his most spectacular exploit came when he captured Fukudome and Plan Z The result was a ferocious cat and mouse game between Cushing's guerrillas and the Japanese occupation forces While Cushing desperately sent messages to MacArthur to say what he'd found the Japanese scoured the countryside killing hundreds of civilians in an attempt to retrieve it Cushing finally traded the admiral for a cessation of civilian deaths but secretly retained the Japanese war plans Naturally both Tokyo and Washington tried to cover up what was happening neither wanted the other to know what they'd lost or what they'd found Now in this book we finally learn of the intelligence coup by Lt Col Cushing that helped shorten the war Every once in a while there is a book about a forgotten or neglected aspect of World War II history that makes a reader wonder why this story has not been turned into a movie Cushing's Coup is one of those books Naval Historical Foundation [The International Migration Review](#) ,2001

The Second World War Chris Bambery,2014-05-08 The Second World War casts a long shadow portrayed as a necessary and paradigmatic war that defeated fascism During recent wars in Iraq Afghanistan and elsewhere US presidents and British prime ministers have tried to claim they were following in the footsteps of Winston Churchill by standing up to dictators In *The Second World War* Chris Bambery tests this position in a thorough account of the war and demonstrates why it continues to dominate TV history channels and school history books Arguing that the conflict was as much about a division of the world between the great powers as it was as a rising of ordinary people against fascism he offers a nuanced and radical analysis that sets the book apart from conventional histories of the war [Choice](#) ,2001 *Unter alliierter Besatzung* Stefan Laffin,2024-06-04 Mit der Invasion Siziliens durch britische und US Einheiten im Juli 1943 begann auch die Militärverwaltung durch die Alliierten in Italien Der Zusammenbruch des faschistischen Regimes der Waffenstillstand zwischen den Alliierten und Italien und der italienische Frontenwechsel änderten deren Bedingungen und Kontexte massiv Ohnehin verlor die weitreichende Vorbereitung auf die Besatzung bei der Konfrontation mit süditalienischen Dorfstrukturen und Stadtgesellschaften rasch an Wert An diesem Punkt setzt die Studie ein die mit einem praxistheoretisch informierten transnationalen Ansatz einen Beitrag zur Geschichte des Zweiten Weltkriegs im Mittelmeerraum leistet Sie untersucht die zahlreichen Interaktionsroutinen zwischen alliierter Militärpersonal und der Zivilbevölkerung den Aufbau einer auch institutionell schlagkräftigen Militäradministration und die Ausformung der Beziehungen zwischen Militärs italienischen Verwaltungsvertretern Großbauern aber auch lokalen Mafiosi Mit Sizilien Kalabrien und Kampanien geraten drei Regionen in den Fokus in denen die Besatzungspraxis systematisch vermessen wird über mitlaufende Vergleiche indes auch Spuren bergreifender und allgemeinerer Muster herauspariert werden
