

REGIONAL RAILWAY HISTORY SERIES

This is undoubtedly the most important railway history series ever published, all but one of the fifteen volumes covering mainland Britain now being completed. As well as telling the full story of railway history in their regions, usually based on substantial original research and filling many gaps in previous coverage, the books relate the railways to their geographical, social and economic background. They are generously illustrated, including folding maps, and great care has been paid to details such as bibliography and index. As with the 'Forgotten Railways' series, it is not possible to keep all volumes in print together, but new and thoroughly revised editions appear from time to time. Ask your bookseller, or send to David & Charles at Newton Abbot, for an up-to-date list of railway titles available.

Coming and probably beyond But in Charles Loft's careful examination of the Beeching Report we have as fine a study as we are going to possess in the meantime Peter Hennessy Loft's great strength is his judiciousness He understands the political processes and assesses them fair mindedly And his verdict will I suspect hold up better than any of Beeching's judgements Matthew Engel Financial Times Prepare to be impressed shocked and saddened This is undoubtedly one of the best books of the year a riveting read Railways Illustrated Lucid to the point thought provoking at every turn Last Trains is a volume that everyone should read before making judgements about the rail closures of the Sixties Heritage Railway Thoughtful and well researched analysis Edinburgh Evening News During the course of the 1950s England lost confidence in its rulers and convinced itself it must modernise The failing steam powered local railways run by Colonel Blimp symbolised everything that was wrong with the country surely the future lay in motorways and high speed express trains Along came Dr Beeching with his diagnosis and suddenly branch line Britain was gone for ever The debate about the Beeching cuts has raged ever since In this superbly researched examination Charles Loft exposes the political failures that bankrupted the railways and lays bare the increasing alienation of bureaucrats from the public they were trying to serve The result is a fascinating study of a nation grappling to come to terms with modernity **The Railway Magazine** ,1903 *The Victorian Railways Magazine* ,1926
