Being Fat Jenny Ellison, 2020-04-02 It is okay to be fat. This is the basic premise of fat activism, a social movement that has existed in Canada since the 1970s. *Being Fat* focuses on the earliest strands of the movement, covering the last decades of the twentieth century. The book explores how fat activists wrestled with feminist issues of the era, including femininity, sexuality, and health. Showcasing the earliest efforts of fat activists in Canada, such as the growth of social initiatives for fat women only, *Being Fat* helps us recognize the long reach of second-wave

feminism and how it shaped activists approaches to everyday experiences like shopping exercise and going to the doctor
