Formation Of Tennysons Style:

The Formation of Tennyson's Style James Francis Augustin Pyre, 1921 **The Formation of Tennyson's Style** James Francis Augustin Pyre, 1921 *The Formation of Tennyson's Style* James F. Pyre, 1979 **The Formation of Tennyson's Style** James Francis Augustin Pyre, 1979 **Tennyson's Philological Medievalism** Sarah Weaver, 2024-12-17

Considers Tennyson's poems from the elegiac In Memoriam to the Arthurian Idylls of the King in the context of Victorian interest in philology How do words come to mean what they mean and how can we hope to use them precisely when they are constantly changing The urge to find a word's meaning through its etymology is an old and enduring one gaining new momentum in the nineteenth century as advocates of the so called new philology argued that major revelations were to be found within the biographies of everyday expressions Developing hand in hand with a growing national interest in all things Anglo Saxon language study simultaneously seemed to offer a pathway to the roots of English culture and to illuminate human history on a grand scale Alfred Tennyson 1809 1892 came of age in the midst of this exploding popularity of both Anglo Saxonism and philology and he did so among men who were to be responsible for advancing both fields This study places this preeminent Victorian poet in the context of the period's preoccupation with the history of language It shows that the intellectual milieu that surrounded him encouraged him to revive archaic words and to reveal the literal metaphors lurking within his words Moreover his familiarity with past forms of English enabled him to arrange the connotations of his vocabulary for precise effect Surveying his techniques at every scale from individual vowels to narratives this book argues that Tennyson held a more optimistic view of language than scholars have generally supposed and shows the sophistication of his philological techniques

Chapters on Tennyson's Art, with Special Reference to the Epithet Phillip Rittenhouse Clugston, 1927 **The formation of Tennyson's style. A study, primarily, of the versification of the early poems of** James Francis Augustine Pyre, 1921 **Theme and Symbol in Tennyson's Poems to 1850** Clyde de L. Ryals, 2016-11-11

One of Keats' finest sonnets begins Much have I traveled yet Keats traveled very little only to Italy where he died Shelley also an introspective and intellectual dabbled in politics often with a comic effect and although he could not swim he was devoted to sailing Wordsworth marched to France praising the Revolution which he later regretted Coleridge wandered to Germany and German metaphysics Later he created the Ancient Mariner which is the mythic centerpiece of the Romantic period Each of these poets feels that the occupation of a poet demand a dedication to a life of action as well as inward discovery Consequently the image of the journey with its double reference to natural and psychic realities is one of the unifying motifs of nineteenth century poetry Alfred Tennyson the author claims was one of the last poets able to make both voyages but he could only do so with great effort and at great expense By nature introspective he found the life of the mind far more appealing than the life of action yet he knew like Milton and Keats before him that great poetry demands the voyage without as well as the voyage within His early poetry then is concerned with the pull of the two voyages and thus it

becomes in Arnold's worlds the dialogue of the mind with itself. There is for modern readers something intensely interesting about such a divided personality for we see in Tennyson almost the same dilemma that faces contemporary artists. Often when we read his poems we feel that Tennyson is of our age. But then at times he seems as remote from us as Bishop Wilberforce and his anti-Darwin fulminations. What then is there about Tennyson that makes him appear so modern and yet so dated? The answer is not easily given although this has been one of the primary concerns of Tennyson's critics. In this book the author shows how Tennyson became the mental voyager exploring both the inner and outer worlds and further how in making the two voyages he followed the pattern of development of other Romantic artists of the nineteenth century. He examines certain themes and images in Tennyson's early verse which in their frequent recurrence attain symbolic status and by doing so he shows that there is a very clear cut pattern in Tennyson's poetry one which is repeated time and again throughout the poet's work to 1850.

Tennyson and Tradition Robert Pattison, 1979. Here is an analysis of Tennyson's major poetry that clarifies the poet's relationship to the artistic traditions he so extensively exploited and so radically modified. It is a portrait of Tennyson as manipulator not mere borrower of forms. Tennyson and Tradition traces the threads that at the same time unite Tennyson's work and tie it to the traditions the poet believed he had inherited. Pattison shows why Tennyson considered the venerable idyll form a fitting vehicle for his modern portraits above all the Idylls of the King. Analysis of In Memoriam brings further understanding of Tennyson's poetic credo.

A Literary History of England Vol. 4 A

Baugh, 2004-06-02. First published in 1959. The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time. This is the fourth volume and includes the Nineteenth Century and after 1789-1939.

The Burden of Rhyme Naomi Levine, 2024-09-13. A major new account of Victorian poetry and its place in the field of literary studies. The Burden of Rhyme shows how the nineteenth century search for the origin of rhyme shaped the theory and practice of poetry. For Victorians rhyme was not as it was for the New Critics and as it still is for us a mere technique or ahistorical form. Instead it carried vivid historical fantasies derived from early studies of world literature. Naomi Levine argues that rhyme's association with the advent of literary modernity and with a repertoire of medievalist Italophilic and orientalist myths about love, loss and poetic longing made it a sensitive historiographic instrument. Victorian poets used rhyme to theorize both literary history and the most elusive effects of aesthetic form. This Victorian formalism which insisted on the significance of origins was a precursor to and a challenge for twentieth century methods. In uncovering the rich relationship between Victorian poetic forms and a forgotten style of literary historical thought The Burden of Rhyme

reveals the unacknowledged influence of Victorian poetics and its repudiation on the development of modern literary criticism Scanty plot of ground William T. Going,2019-01-14 No detailed description available for Scanty plot of ground

Moving Words: Forms of English Poetry Derek Attridge,2013-08-15 This book investigates the ways in which poets have exploited the resources of the language as a spoken medium its characteristic rhythms its phonetic qualities its deployment of syntax to write verse that continues to move and delight *B.H.
