Recent Studies in Early Christianity Everett Ferguson,[Anonymus AC02639811],1999      *Forms of Devotion* Everett Ferguson,1999 First published in 1999 Routledge is an imprint of Taylor Francis an informa company      Desert Christians William Harmless,2004-06-17 In the fourth century the deserts of Egypt became the nerve center of a radical new movement what we now call monasticism Groups of Christians from illiterate peasants to learned intellectuals moved out to the wastelands beyond the Nile Valley and in the famous words of Saint Athanasius made the desert a city In so doing they captured the imagination of the ancient world They forged techniques of prayer and asceticism of discipleship and spiritual direction that have remained central to Christianity ever since Seeking to map the soul s long journey to God and plot out the subtle vagaries of the human heart they created and inspired texts that became classics of Western spirituality These Desert Christians were also brilliant storytellers some of Christianity s finest This book introduces the literature of early monasticism It examines all the best known works including Athanasius Life of Antony the Lives of Pachomius and the so called Sayings of the Desert Fathers Later chapters focus on two pioneers of monastic theology Evagrius Ponticus the first great theoretician of Christian mysticism and John Cassian who brought Egyptian monasticism to the Latin West Along the way readers are introduced to path breaking discoveries to new texts and recent archeological finds that have revolutionized contemporary scholarship on monastic origins Included are fascinating snippets from papyri and from little known Coptic Syriac and Ethiopic texts Interspersed in each chapter are illustrations maps and diagrams that help readers sort through the key texts and the richly textured world of early monasticism Geared to a wide audience and written in clear jargon free prose *Desert Christians* offers the most comprehensive and accessible introduction to early monasticism      **The Body in St Maximus the Confessor** Adam G. Cooper,2005-02-03 Contemporary scholarship recognises in Maximus the Confessor a theologian of towering intellectual importance In this book Adam Cooper puts to him the question of what is the place of the material order and specifically of the human body in God s creative redemptive and perfective economies      Christianity, Tolerance, and Pluralism Michael Jenkins,2004 This book explores the social political and religious differences among Christians and asks the question can Christians be pluralists      Evagrius and His Legacy Joel Kalvesmaki,Robin Darling Young,2016-02-15 Evagrius of Pontus ca 345 399 was a Greek speaking monastic thinker and Christian theologian whose works formed the basis for much later reflection on monastic practice and thought in the Christian Near East in Byzantium and in the Latin West His innovative collections of short chapters meant for meditation scriptural commentaries in the form of scholia extended discourses and letters were widely translated and copied Condemned posthumously by two ecumenical councils as a heretic along with Origen and Didymus of Alexandria he was revered among Christians to the east of the Byzantine Empire in Syria and Armenia while only some of his writings endured in the Latin and Greek churches A student of the famed bishop theologians Gregory of Nazianzus and Basil of Caesarea Evagrius left the service of the urban church and

settled in an Egyptian monastic compound His teachers were veteran monks schooled in the tradition of Clement of Alexandria Origen and Anthony and he enriched their legacy with the experience of the desert and with insight drawn from the entire Greek philosophical tradition from Plato and Aristotle through Iamblichus Evagrius and His Legacy brings together essays by eminent scholars who explore selected aspects of Evagrius s life and times and address his far flung and controversial but long lasting influence on Latin Byzantine and Syriac cultures in antiquity and the Middle Ages Touching on points relevant to theology philosophy history patristics literary studies and manuscript studies Evagrius and His Legacy is also intended to catalyze further study of Evagrius within as large a context as possible

**The Past is Prologue** Thomas C. Ferguson, 2005-08-01 While there has been substantial scholarly work done on the development of Christian doctrine in the fourth and fifth centuries very little corresponding attention has been paid to the writing of church history during this critical period This work examines how authors began to construct the historical narrative of the Arian controversy and focuses on the interplay between theology and worshipping communities Major figures such as Eusebius and Athanasius are examined and important but overlooked figures such as an anonymous non Nicene chronicler and Philostorgius are also included In the introduction the book surveys recent developments in the study of Arianism and discusses the usefulness of the very category of an Arian controversy Subsequent chapters set forth the thesis that church histories are important sources for understanding the development of doctrine A chapter is devoted to Eusebius Ecclesiastical History especially the oft overlooked Book X Further chapters explore the role of Rufinus as the first extant author to write a continuation of Eusebius The work also consciously includes marginalized non Nicene sources and there are chapters which examine an anonymous non Nicene chronicler and the Ecclesiastical History of the Eunomian Philostorgius of Borissus The book is particularly useful for persons interested in examining the development of doctrine in the fourth century from fresh perspectives The work approaches church histories as narrative myths of community origins produced by worshipping communities standing in continuity to local schools of thought

**Dictionary of Theologians** Jonathan Hill, 2010-03-25 An exhaustive guide to every significant Christian theologian who lived from the first century to 1308 the year in which John Duns Scotus died The dictionary encompasses the Catholic Orthodox Nestorian and Monophysite traditions including information not previously available in English Thoroughly indexed the dictionary incorporates common variants of names and concepts which will help and direct the reader The main criterion for inclusion has been contribution to the development of Christian theology Sub criteria by which that is measured include above all originality and influence on later figures With over 290 entries the dictionary provides a handy summary of theologians lives and writings together with recent scholarship as well as an up to date definitive bibliography listing primary texts translations and secondary literature in the major western European languages Useful for all levels of academia no other text matches the depth of the dictionaryis bibliographies The unprecedented thoroughness of Hill s compilation provides an essential resource for studies at all levels on such a large and

varied range of Church thinkers      *Visions of God and Ideas on Deification in Patristic Thought* Mark Edwards, Elena Ene D-Vasilescu, 2016-10-26 This volume illustrates the complexity and variety of early Christian thought on the subject of the image of God as a theological concept and the difficulties that arise even in the interpretation of particular authors who gave a cardinal place to the image of God in their expositions of Christian doctrine The first part illustrates both the presence and the absence of the image of God in the earliest Christian literature the second examines various studies in deification both implicit and explicit the third explores the relation between iconography and the theological notion of the image

**Iconoclasm and Iconoclasm** Willem J. van Asselt, Paul Van Geest, Daniela Muller, 2007 In the history of Jewish Christian and Muslim culture religious identity was not only formed by historical claims but also by the usage of certain images images of God images of the others images of the self This book includes a discussion of the role of these images in society and politics in theology and liturgy yesterday and today      **Psychology, Religion, and Spirituality** James M.

Nelson, 2009-02-17 Over a century ago psychologists who were fascinated with religion began to study and write about it Theologians and religious practitioners have responded to this literature producing a fascinating dialogue that deals with our fundamental understandings about the human person and our place in the world This book provides an introduction to the important conversations that have developed out of these interchanges The dialogue between psychology and religion is difficult to study for a number of reasons First it requires knowledge of both psychology and religion People with a background in psychology often lack a solid understanding of the religious traditions they wish to study and theologians may not be up to date on the latest developments in psychology Second it requires conceptual tools to organize the material and understand the basic problems involved in any attempt to connect the science of psychology with religion These concepts can be found in many places for instance in the writings of philosophers of science but they are complex and often hard to follow for those without a proper theological and philosophical background Finally authors who write on the topic come to the study of psychology and religion from a variety of academic and personal backgrounds This makes for wonderful diversity in conversations but it makes understanding and mastery of the material quite difficult      *Faith, Reason, and Theosis* Aristotle

Papanikolaou, George E. Demacopoulos, 2023-10-03 Theosis shapes contemporary Orthodox theology in two ways positively and negatively In the positive sense contemporary Orthodox theologians made theosis the thread that bound together the various aspects of theology in a coherent whole and also interpreted patristic texts which experienced a renaissance in the twentieth century even in Orthodox theology In the negative sense contemporary theologians used theosis as a triumphalistic club to beat down Catholic and Protestant Christians claiming that they rejected theosis in favor of either a rationalistic or fideistic approach to Christian life The essays collected in this volume move beyond this East West divide by examining the relation between faith reason and theosis from Orthodox Catholic and Protestant perspectives A variety of themes are addressed such as the nature grace debate and the relation of philosophy to theology through engagement with such diverse

thinkers as Thomas Aquinas John Wesley Meister Eckhart Dionysius the Areopagite Symeon the New Theologian Panayiotis Nellas Vladimir Lossky Martin Luther Martin Heidegger Sergius Bulgakov John of the Cross Delores Williams Evagrius of Pontus and Hans Urs von Balthasar The essays in this book are situated within a current thinking on theosis that consists of a common albeit minimalist affirmation amidst the flow of differences The authors in this volume contribute to the historical theological task of complicating the contemporary Orthodox narrative but they also continue the theological achievement of thinking about theosis so that all Christian traditions may be challenged to stretch and shift their understanding of theosis even amidst an ecumenical celebration of the gift of participation in the life of God

**The Care of the Self in Early Christian Texts** Deborah Niederer Saxon, 2017-10-05 This book presents the first three Christian centuries through the lens of what Foucault called the care of the self This lens reveals a rich variation among early Christ movements by illuminating their practices instead of focusing on what we anachronistically assume to have been their beliefs A deep analysis of the discourse of martyrdom demonstrates how writers like Clement Ignatius and Polycarp represented self care Deborah Niederer Saxon brings to light an entire spectrum of alternative views represented in newly discovered texts from Nag Hammadi and elsewhere This insightful analysis has implications for feminist scholarship and exposes the false binary of thinking in terms of orthodoxy versus heresy Gnosticism

**The Gnostic Chapters** Stephen J. Davis, 2023-07-10 In the late fourth century the early Christian monk and author Evagrius Ponticus wrote his magnum opus in Greek entitled Kephalaia Gnostika Gnostic Chapters a spiritual treatise on ascetic contemplation and unity with God After Evagrius death however his theology attracted controversy and many of his writings were suppressed or destroyed As a result complete copies of this important work principally survived only in Syriac translations and an Armenian adaptation until the recent discovery of two Arabic copies at the so called Monastery of the Syrians in Egypt The present volume represents the first ever critical edition and translation of the Kephalaia Gnostika in that language

**Spiritual Direction as a Medical Art in Early Christian Monasticism** Jonathan L. Zecher, 2023 What conceptual frameworks did the inhabitants of early monastic communities carry into relationships of spiritual direction What did they hope to achieve through confession and discipline This study shows how early Christian writers applied the logic and pretensions of Galenic medicine to develop practices and concepts of spiritual direction

**Melania** Catherine Michael Chin, Caroline T. Schroeder, 2020-10-27 Melania the Elder and her granddaughter Melania the Younger were major figures in early Christian history using their wealth status and forceful personalities to shape the development of nearly every aspect of the religion we now know as Christianity This volume examines their influence on late antique Christianity and provides an insightful portrait of their legacies in the modern world Departing from the traditionally patriarchal view Melania gives a poignant and sometimes surprising account of how the rise of Christian institutions in the Roman Empire shaped our understanding of women's roles in the larger world

**Philo of Alexandria** D.T. Runia, 2011-10-28 This volume prepared with the collaboration of the International Philo Bibliography

Project is the third in a series of annotated bibliographies on the Jewish exegete and philosopher Philo of Alexandria. It contains a listing of all scholarly writings on Philo for the period 1997 to 2006. The Greek Historia Monachorum in Aegypto Andrew Cain, 2016-05-12. The Greek *Historia Monachorum in Aegypto* was one of the most widely read and disseminated Greek hagiographic texts during Late Antiquity and the Middle Ages. To this day it remains alongside Athanasius' *Life of Antony*, one of the core primary sources for fourth-century Egyptian monasticism as well as one of the most fascinating yet perplexing pieces of monastic hagiography to survive from the entire patristic period. However, until now it has not received the intensive and sustained scholarly analysis that a monograph affords. In this study, Andrew Cain incorporates insights from source criticism, stylistic and rhetorical analysis, literary criticism, and historical, geographical, and theological studies in an attempt to break new ground and revise current scholarly orthodoxy about a broad range of interpretive issues and problems.

*Mystics* William Harmless, 2008. In *Mystics*, William Harmless S.J. introduces readers to the scholarly study of mysticism. He explores both mystics' extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics: Thomas Merton, Bernard of Clairvaux, Hildegard of Bingen, Bonaventure, Meister Eckhart, and Evagrius Ponticus. Rather than presenting mysticism as a subtle web of psychological or theological abstractions, Harmless's case study approach brings things down to earth, restoring mystics to their historical context.

**Evagrius of Pontus** Evagrius (Ponticus), 2024. The *Gnostic Trilogy* is the best known and most important work by the ascetic philosopher and teacher Evagrius of Pontus. For the first time since antiquity, this volume presents the work in its entirety, providing a fresh and comprehensive English translation of all three parts in all their known ancient versions, both Greek and Syriac. Detailed explanatory notes, cross-references to Scripture, to ancient literature, and to Evagrius's other writings, as well as commentary on the translation techniques of the Syriac translators, provide the necessary resources for understanding this ancient and puzzling text.
